> Where are the patrols, outreach programs, and clean ups for our area?

On Tue, Jul 2, 2019 at 12:41 PM Amalisha <love4allsouls@gmail.com> wrote:

> This is such a disrespect to all of the residents here. We have to step on the street to walk through. How can somebody be so ignorant, selfish and rude? I can not imagine doing this to anyone.

I understand their situation, but in all of that being inconsiderable towards anyone. More trash they spread around, more they are at home and those streets belong to them - ONLY.

Why the TRAGEDY of some sort has to STOP this? And it will happen...sooner or later...

My friend that I walked with the other day, asked them to let him pass (I would not go through it) and they refused to move. He is a stubborn man sometimes and it bothers him people's selfishness and disrespect towards another human being.
I manage to make him go around them and walk on the street with me.

> I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:
>
> Greg, I agree on all counts!
>
> First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!
>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

>
> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".
>
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
>

> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.
>
>
> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.
>
>
> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?
>
>
> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.
>
>
> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?
>
>
> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?
>
>
> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.
>
>

> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

>
>
> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>
>
>
> 2. Encampment on Carlos Avenue
>

>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?
>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Subject: Re: "Hollywood's largest and most entrenched encampment"

Where are the patrols, outreach programs, and clean ups for our area?

On Tue, Jul 2, 2019 at 12:41 PM Amalisha <love4allsouls@gmail.com> wrote:

If you google Los Angeles homeless, in most areas of LA they have announced clean up efforts. Why they are avoiding our area is a mystery.

On Mon, Jul 1, 2019 at 6:15 PM Laura Ruiz <xlauraruiz@live.com> wrote:

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:
>
> Greg, I agree on all counts!
>
> First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!
>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

>
> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".
>
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
>
> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some

images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

>

>

> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

>

>

> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

>

>

> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that “another city worker” has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

>

>

> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don’t and don’t want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where’s the incentive in paying taxes? What’s the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

>

>

> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

>

>

> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?

>

>

> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you’ve shown us legal, legitimate and taxpaying Angelinos. You could do more but you don’t. They don’t respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?

>

>

> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don’t register or renew or their tags? They don’t smog check. They don’t get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don’t police them. You make it easy for them to stay put, and invite more to join them in the area.

>

>

> Don’t blame the lawmakers (though they surely deserve their share) when you don’t even enforce the laws that are, have been and remain on the books. Own your “as long as it’s not happening in front of my home” attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>
>
>
> 2. Encampment on Carlos Avenue
>
>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of

Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

> Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!
>

> To this new tent’s right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the “Carlos’ Tent City”. Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Subject: Re: "Hollywood's largest and most entrenched encampment"

This is such a disrespect to all of the residents here. We have to step on the street to walk through. How can somebody be so ignorant, selfish and rude? I can not imagine doing this to anyone.

I understand their situation, but in all of that being inconsiderable towards anyone. More trash they spread around, more they are at home and those streets belong to them - ONLY.

Why the TRAGEDY of some sort has to STOP this? And it will happen...sooner or later...

My friend that I walked with the other day, asked them to let him pass (I would not go through it) and they refused to move. He is a stubborn man sometimes and it bothers him people's selfishness and disrespect towards another human being.
I manage to make him go around them and walk on the street with me.

On Mon, Jul 1, 2019 at 6:15 PM Laura Ruiz <xlauraruiz@live.com> wrote:

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:
>
> Greg, I agree on all counts!
>
> First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!
>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

>
> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".
>
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
>
> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged,

muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.
>
>
> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.
>
>
> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?
>
>
> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.
>
>
> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?
>
>
> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?
>
>
> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.
>
>
> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

>
>
> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>
>
>
> 2. Encampment on Carlos Avenue
>
>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the

middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

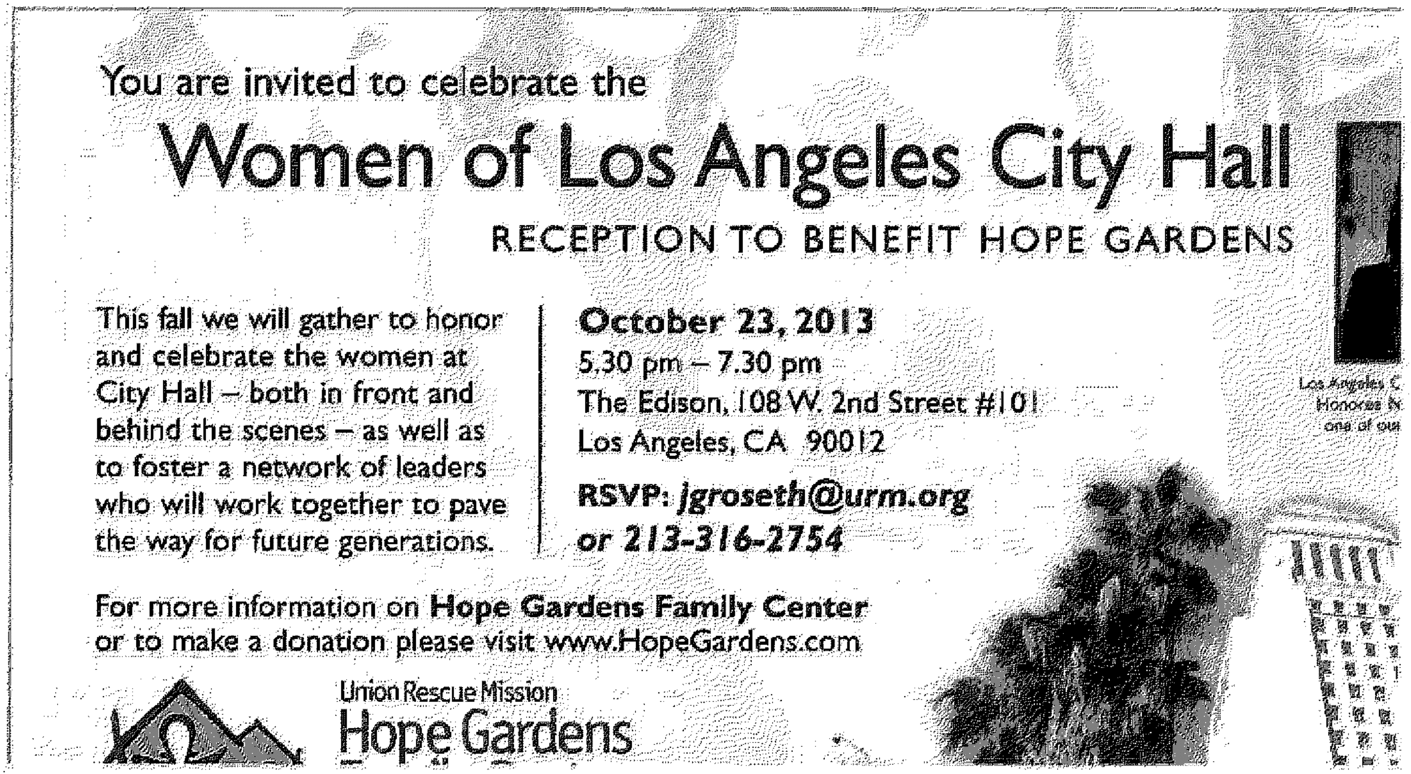
Subject: INVITE: Women of Los Angeles City Hall Event

On behalf of Union Rescue Mission Hope Gardens Family Center, we'd like to invite you to a reception to honor and celebrate all of the incredible women at Los Angeles City Hall. There is thanks to our sponsors. All proceeds will benefit Union Rescue Mission Hope Gardens Family Center, a 501(c)(3) nonprofit.

Please RSVP to Jacqui Groseth at jgroseth@urm.org or 213-316-2754 by October 21.



You are invited to celebrate the

Women of Los Angeles City Hall

RECEPTION TO BENEFIT HOPE GARDENS

This fall we will gather to honor and celebrate the women at City Hall – both in front and behind the scenes – as well as to foster a network of leaders who will work together to pave the way for future generations.

October 23, 2013
5.30 pm – 7.30 pm
The Edison, 108 W. 2nd Street #101
Los Angeles, CA 90012

RSVP: *jgroseth@urm.org*
or 213-316-2754

Hi Star! Any word on whether the e-cigarette item will be at Committee this Monday? We represent RAI Services Company, who manufactures VUSE e-cigarettes. They are completely supportive of banning e-cigarettes at schools and daycares and we have some model language we'd like to share with you.

Are you available to meet with us this Friday at 10 am? Thank you!

Dear Veronica,

It is still in works. The agenda will be out by Friday. We will be happy to meet with you on Friday at 9AM. We can't do 10am because we have Council session starting at 10am. Please bring anything you would like to share with us. Thank you for contacting us. Please confirm if that time will work with your schedule before I put it on mine. Thank you and looking forward to meeting you in person.

Studies on e-cigarettes

4 messages

Veronica Perez <vp@veronicaperez.com> Thu, Jan 23, 2014 at 11:38 AM
To: star.parsamyan@lacity.org, david.giron@lacity.org
Cc: Anh Ngyuen <an@veronicaperez.com>, vp@veronicaperez.com

Star and David, as we discussed, attached please find several studies regarding e-cigarettes. A summary below:

Burnstyn 2014

- The most current study, released January 9, 2014
- This study compares the level of potentially harmful contaminants in e-cigarettes and analyzes where they fall in comparison to occupational safety standards (which are considered very conservative and protective of workers)
- Conclusion: No evidence that the vapor emitted from e-cigarettes warrant any health concerns by the standards used to ensure safety of workplaces.
    - Levels of toxicity fall well below the threshold of concern

Quote from this study: "The cautions about propylene glycol and glycerin apply only to the exposure experienced by the vapers themselves. Exposure of bystanders to the listed ingredients, let alone the contaminants, does not warrant a concern as the exposure is likely to be orders of magnitude lower than exposure experienced by vapers. Further research employing realistic conditions could help quantify the quantity of exhaled aerosol and its behavior in the environment under realistic worst-case scenarios (i.e., not small sealed chambers), but this is not a priority since the exposure experienced by bystanders is clearly very low compared to the exposure of vapers, and thus there is no reason to expect it would have any health effects." [Burstyn 2014; p. 17]

2. **Romagna 2012**

- This experiment involved the use of a closed room with 2 sessions. In the first session, 5 smokers were allowed to smoke, and in the second session, 5 e-cigarette smokers were allowed to smoke.
- Evaluated the effects of e-cigarettes on human health using a group of research protocols called "ClearStream." Following a 5 hour smoking session in a closed room, TOC [total organic compounds], toluene, xylene, carbon monoxide, nitrogen oxides, nicotine, acrolein, and PAHs were detected for conventional cigarettes. Only TOC and glycerin were detected for e-cigarettes.
- Conclusion: The quality and quantity of chemicals released in the vapor of e-cigarettes are 1) far less than that of traditional cigarettes; 2) e-smoking does not produce detectable amounts of toxic and carcinogenic substances in the air of an enclosed space.

3. **McAuley 2012**

- This study analyzed pollutant concentration in the e-cigarette vapor.
- Conclusion: No apparent risk to human health from e-cigarette emissions

I've attached all the studies for you. Please let me know if you have questions.

Yes, filling out the speaker cards ahead of time would be extremely helpful. You could just use blank speaker cards. Thanks so much for asking. Please let me know if you have any other questions/concerns. Take care.

I would remind everyone that filling out a speaker card is voluntary. It is not a condition of nor is it a prerequisite to speak. While it does help the City have a more complete record of events. It is not a requirement. Anyone wishing to address the Committee may do so. They are not required to complete a speaker card.

Hi David and Star!

My client RAI Services has an employee dedicated to tobacco youth prevention policy. She is working with various jurisdictions throughout the country to advise them in how to beef up protections for youth. Laura Leigh Oyler from Reynolds will be in town May 19, 20, 22 and 23. Would you be available to meet with us during that time?

Please let me know if you think the Councilman would be interested in meeting with her.

Many thanks!

Hello Mark,

Hope all is well! I haven't talked to you for a while but I would like to introduce Laura Leigh Oyler from RAI Services Company who is delivering Youth Tobacco Prevention Program to our students. I did mention your new school under LAUSD and she wanted to see if you would like to meet with her and discuss further. Let me know if there is anything I can help with.

Thank you,

Star
:)

Star and David,

It was a pleasure seeing you a couple of weeks ago with Laura Leigh Oyler from Reynolds. As we discussed, a disparity exists between the penalties for providing youth with alcohol ($1,000 plus community service) and tobacco ($200 and no community service).

We believe Los Angeles could be a leader in addressing this disparity and making real progress in youth tobacco prevention. I've attached some suggested language/information for a possible motion. We look forward to discussing this with you.

In addition, we are looking forward to those introductions you were going to make to the LGBT Center in Hollywood, the LAUSD high school for homeless students and LA Youth Network. We would like to provide them with materials on youth tobacco prevention.

Thanks and talk to you soon!

GOVERNMENT RELATIONS | PUBLIC AFFAIRS | COMMUNITY OUTREACH | LOBBYING

Whereas, an adult who provides minors with access to alcohol is guilty of a misdemeanor under state law, resulting in a fine of $1000 and 24 hours of community service,

Whereas, an adult who provides minors with access to tobacco is guilty of a misdemeanor or civil violation at the city attorney's discretion, with a graduated penalty beginning at $200 and no community service requirement,

Whereas, the Youth Risk Behavior Survey (YRBS) conducted by the Center for Disease Control (CDC) indicates that Los Angeles youth who smoke cigarettes obtain their cigarettes from directly from retail only 10.3% of the time,

Whereas, the primary source of access to tobacco by minors is through social sources and complicit adults,

Whereas, adults who provide minors with access to tobacco should be held to the same criminal liability as adults who provide minors with access to alcohol,

If any person shall send a person under 18 years of age to purchase, acquire, receive, or attempt to purchase, acquire, or receive tobacco products, tobacco-derived products, vapor products or cigarette wrapping papers, or if any person shall aid or abet a person who is under 18 years of age in purchasing, acquiring, or receiving or attempting to purchase, acquire, or receive tobacco products, tobacco-derived products, vapor products or cigarette wrapping papers, the person shall be guilty of a misdemeanor with a fine of $1000 and 24 hours of community service; provided, however, persons under 18 years of age may be enlisted by police or local sheriffs' departments to test compliance if the testing is under the direct supervision of that law enforcement department and written parental consent is provided; provided further, that the [ENFORCEMENT AGENCY] shall have the authority, pursuant to a written plan prepared by the [HEAD OF THE ENFORCEMENT AGENCY], to use persons under 18 years of age in annual, random, unannounced inspections, provided that prior written parental consent is given for the involvement of these persons and that the inspections are conducted for the sole purpose of preparing a scientifically and methodologically valid statistical study of the extent of success the State has achieved in reducing the availability of tobacco products to persons under 18 years of age, and preparing any report to the extent required by section 1926 of the federal Public Health Service Act (42 USC § 300x-26).

Hey guys! Check out the attached report. It seems the LA City Attorney has received a grant for Youth Tobacco Prevention. It seems like there could be an opportunity here to incorporate the increase in penalties for those who provide tobacco to youth into the City Attorney's program. Check it out:

Hi guys! Hope you're having a great summer. I wanted to let you know that we (Laura Leigh Oyler from RAI Services and I) had a great call today with Brian Coughlin from Los Angeles Youth Network about Youth Tobacco Prevention educational programs/materials. Thank you again for the introduction!

Brian asked Laura Leigh to send over the free materials, which they will incorporate into their educational program. In addition, RAI Services is going to make a $5,000 donation to LAYN.

We wanted to give the Councilman the opportunity to present LAYN with the donation, whether at a private meeting or Council Presentation for Los Angeles Youth Network. Thoughts?

Veronica

Hello Veronica,

Always nice to hear from you! I am glad that the introduction worked out and it will benefit the students in getting Tobacco Prevention Education program. It is very nice of Laura Leigh to send free materials and in addition, donate $5000. That's beyond what I expected when I made the connection. Thank you for the thought of giving the Councilmember the opportunity to present LAYN with the donation but we think it should be done by Laura because this is something valuable that they are doing for the students. If you let me know when that will take place I will be more than happy to attend.

Thank you,

Star
:)

Subject: Youth Tobacco Prevention

Star and David,

It was a pleasure seeing you a couple of weeks ago with Laura Leigh Oyler from Reynolds. As we discussed, a disparity exists between the penalties for providing youth with alcohol ($1,000 plus community service) and tobacco ($200 and no community service).

We believe Los Angeles could be a leader in addressing this disparity and making real progress in youth tobacco prevention. I've attached some suggested language/information for a possible motion. We look forward to discussing this with you.

In addition, we are looking forward to those introductions you were going to make to the LGBT Center in Hollywood, the LAUSD high school for homeless students and LA Youth Network. We would like to provide them with materials on youth tobacco prevention.

Thanks and talk to you soon!

Hello Veronica,

Hope all is well! Thank you for following up. Please see the link to the motion that we have introduced and we had a press conference on it along with CA's office. This is basically asking for a report from City Attorney's office and recommendations. Please see the link below to the motion. Let me know if you have any questions.

Articles on Short Term Rentals

1 message

Veronica Perez <vp@veronicaperez.com> Tue, Oct 13, 2015 at 3:02 PM
To: Veronica Perez <vp@veronicaperez.com>

Greetings!

I wanted to point out two recent news articles regarding the Short Term Rental Issue in LA. Please let me know if you have any questions or would like to discuss!

1) LA Times (Michael Hiltzik's) strong critique of Airbnb's recent study about its impact on the quality of life in Los Angeles: http://www.latimes.com/business/hiltzik/la-fi-mh-airbnb-study-of-rentals-20150930-column.html

- a. His key quote: "Should you accept the study as the last word on the subject? Plainly not. Indeed, Airbnb may have misrepresented the study, which is obviously a major problem."

2) LA Opinion article regarding one tenant's experience with short term rentals: http://www.laopinion.com/2015/10/05/denuncian-que-unidades-vacacionales-desplazan-a-inquilinos-en-los-angeles-airbnb/

- a. *Basic translation of the article*: In the last two and a half years, Carlos Camara started seeing how half of the apartments in the building where he lives in Venice turned into hotel rooms. From 32 apartments, between 15 – 18 have been remodeled to be rented out by tourists that in town for a few days.

  The transformation of apartments/rooms for short term rentals has not only proliferated in Venice but throughout the City of Los Angeles. Rentals are made through companies like Airbnb operating an internet platform where people can choose vacation homes for a short period of time.

  Those who are against the this claim that the problem is that 7000 of homes and apartments have been taken off the market for them to be able to rent / live. Already, nearly 30% of Angelenos spends more than half his salary in rent payment.

  "One no longer has neighbors and do not know who lives next door. There is no community or ability to organize. " says Camara. And that's not all, he says, the noise has increased and some have already experienced theft. And if that was not enough, the landlords have asked me to give up my parking space, to which I have hired a lawyer to help me fight this matter.

  Councilman Gil Cedillo who serves on the housing committee of the Council of Los Angeles in search of a new law to regulate short term rentals, however, He said short-term rents are a global phenomenon and the City needs to find a balance. "We have a crisis in our hands, and we are not about to lose one single unit to turn it into a short term rental."

Chris Nulty, Airbnb spokesman said most of the people who rent rooms are middle class, which makes it to supplement their income. Estimated that 82% of 4,500 units are residents living at home and use the proceeds to pay their mortgage.

Protect RSO units from Short Term Rental abuse

2 messages

Veronica Perez <vp@veronicaperez.com> Tue, Oct 20, 2015 at 8:25 AM
To: Veronica Perez <vp@veronicaperez.com>
Cc: Anh Nguyen <an@veronicaperez.com>

Greetings,

As you know, the City of Los Angeles is currently considering regulating the short term rental industry. We ask that you consider the following information regarding the short term rental of rent stabilized (RSO) housing.

City of Los Angeles Tenants and RSO Units Should Be Protected

Some have argued that tenants of RSO (rent stabilized) buildings should be able to sublease their units as Short Term Rentals (STRs). This is misguided and problematic for a number of reasons.

1. ***Ease of Enforcement:*** First, some of the most important housing units to protect are RSO (rent stabilized) units. Whole RSO units are being taken off the market because it is far more lucrative to rent an RSO unit as a de facto hotel room than as long-term housing for an Angeleno (in some cases, 5 times more lucrative).

Every other jurisdiction that has enacted STR regulations is finding them almost impossible to enforce. If Los Angeles should enact regulations that prohibit whole RSO units to be rented as STRs (i.e. limit STRs to primary residences), these regulations must be enforceable. If RSO tenants are subleasing their units as STRs, it will muddy the water and become much more difficult to enforce a ban on whole RSO unit rentals.

If all RSO units are banned as STRs, the enforcement agency could easily verify whether a short term rental is an illegal RSO rental: if the address is in an RSO building, it will not be allowed. Period.

2. ***Illegal Subletting Should Not be Incentivized:*** We cannot think of a scenario in which a scrupulous Landlord of an RSO building would permit a tenant to sublet their unit as an STR (charging 3-5 more times per night than they are paying for rent) -- why would any landlord allow a for-profit sublease of a unit the Landlord is mandated to rent at below market rates? Indeed, there is a standard provision in California rental leases that prohibits such a use, and at least one local Apartment Association is against this type of illegal subletting.

When an RSO tenant moves out, the Landlord has an opportunity to raise the rent to market rates. Landlords should not be given any more opportunities to evict RSO tenants and the City should not incentivize the illegal subletting of rent stabilized housing by permitting the short term rentals of RSO units.

In addition, as stated in point 1 above, allowing some RSO rentals muddies the waters and makes it much more difficult for the City to protect some of its most vulnerable housing and tenants.

3. ***Illicit Kick-backs Should Not be Incentivized:*** Some STR proponents have advocated for RSO units to be rented as short term rentals "if the person receiving the benefit of that transaction is the legal tenant of the unit and/or if the legal tenant has a specified agreement with the landlord (owner) of that property."

However, this type of scenario is inviting abuse. "Specified agreement with the landlord (owner) " could mean just about anything - including an illicit kick-back to the landlord which is currently occurring and should be halted. This incentivizes commercial double dealing and use of RSO units.

Most importantly, this scenario would present yet another enforcement quandary: The City would have to review every written agreement between a lessor and the lessee to determine if STR subletting is expressly permitted.

Also, for an article that discusses how Short Term Rentals are impacting rents in NYC, please see the following link: http://therealdeal.com/blog/2015/10/14/how-much-does-airbnb-impact-nyc-rents/

Finally, please see Senator Feinstein's Op-Ed in the San Francisco Chronical supporting SF's ballot measure to curb STR abuse:

http://www.sfchronicle.com/opinion/article/Vote-Yes-on-Prop-F-Fix-the-Airbnb-mess-6574928.php?t=7d65957d5c&cmpid=twitter-premium

November 24, 2015

Michael LoGrande, Director
Los Angeles Department of City Planning
200 North Spring Street
Los Angeles, CA 90012

RE: Proposed Short-Term Rental Ordinance – Protect L.A.'s Tenants and RSO Units

Dear Mr. LoGrande:

We deeply appreciate the Planning Department's thorough efforts to solicit and incorporate stakeholder input regarding the proposed short-term rental ordinance. I am writing to you with concern because some have argued that tenants of rent-stabilized (RSO) buildings should have the ability to sublease their units as short-term rentals (STRs). This is a dangerous path to take that will have disastrous consequences on the city's already limited affordable housing stock. Declaring open season on these units and allowing mercenary profiteers to take hold will only force more and more vulnerable families out. For the reasons below, I urge you to prohibit the short-term rental of RSO units in Los Angeles.

Allowing STR of RSO Units Invites More Enforcement Problems

First of all, more than 85% of our city's total rental housing stock is composed of RSO units – arguably the most important housing units that we must protect. As a result of the tidal wave of short-term rentals in Los Angeles, whole RSO units and even entire RSO apartment buildings are being taken off the market because landlords and investors can make far more money renting out an RSO unit as a de facto hotel room than as long-term housing for Angelenos. As you have seen in San Francisco and other jurisdictions, STR regulations – if improperly drafted – are almost impossible to enforce. Whatever rules Los Angeles chooses to adopt must be enforceable. Allowing RSO tenants to sublease their units as STRs will make an already challenging enforcement problem even more difficult.

This Encourages More Unjust Evictions by Incentivizing Lease-Prohibited Activities

Furthermore, allowing the short-term rental of RSO units effectively incentivizes illegal subletting, illegal kick-backs, and unjust evictions. It difficult to imagine that a landlord of a RSO building would permit a tenant to sublet their unit as an STR (probably earn 3-5 times more per night than rent), when the landlord cannot do the same. If the landlord is mandated to rent at below market rates and must abide by the RSO's stringent regulations, why would he/she allow a for-profit sublease of a unit? A major concern is that tenants led to believe they can short-term the RSO unit, and then the landlord subsequently evicts for illegal subletting since most standard California rental leases prohibit this type of activity. Such an eviction would allow the landlord the opportunity to raise the unit's rent to market rates. Landlords should not be given any more opportunities to evict RSO tenants, and the City should not incentivize the illegal subletting of rent stabilized housing by permitting the short term rentals of RSO units.

Affordable Housing Crisis – Permitting RSO Units to STR Will Exacerbate the Crisis

According to the City's own Housing Element, Los Angeles needs an additional 5,300 units of affordable housing each year to keep up with demand. However, we have only managed to produce 1,100 units per year since 2006 – far short of our target numbers. The challenges of building more affordable housing are well-documented and new threats to the maintenance and preservation of existing affordable housing crop up every day. I urge you to protect the thousands of RSO units in Los Angeles from speculators and put our city's most needy and vulnerable families at the forefront of this issue.

Thank you for your consideration and I look forward to continuing this discussion with you.

Sincerely,

Larry Gross

[Quoted text hidden]

PUBLIC WORKS & GANG REDUCT

MOTION

Recently a private entity conducted tree pruning activities on nine City street trees in the Silver Lake neighborhood of the 13th District.

Upon further investigation, it was found that the pruning was performed without a permit, and the poor quality of the pruning resulted in three of the trees requiring replacement, and three others requiring careful monitoring to ensure the canopy returns properly.

The urban forest is an essential component for healthy living in a densely populated environment. Trees help purify the air we breathe, help manage our City's water by intercepting pollutants from water that penetrates into the ground and helps reduce run off and flooding. Additionally, trees provide shade to homes, businesses and public rights of way thereby reducing the heat island effect.

It is imperative that the City take every effort to ensure the protection and preservation of our urban forest in order to reap all the environmental and aesthetic benefits that trees provide.

The City has some inspection and enforcement protocols as it relates to street trees, however incidents like the one noted here continue to occur and lead to further deterioration of the City's urban forest.

Action is needed to assess all current protocols and fiscal needs necessary to have a robust set of modern guidelines and appropriate enforcement mechanisms.

I THEREFORE MOVE that the Bureau of Street Services, with the assistance of the City Administrative Officer, and any other relevant departments to report back on the current protocols for inspection and enforcement of both permitted and unpermitted tree pruning and removal, funding and staffing levels within the Bureau of Street Services needed to effectuate current and any proposed guidelines, as well as general recommendations to improve current practices.

I FURTHER MOVE that the Bureau of Street Services, with the assistance of the City Attorney, and any other relevant departments, report back on recommendations for establishing monetary fines for illegal tree pruning and removals, including its inclusion within the Administrative Citation Enforcement Program.

Meeting Request: Springbok 3 Solar Project

9 messages

Veronica Perez <vp@veronicaperez.com> Wed, Feb 3, 2016 at 12:03 PM
To: Star Parsamyan <star.parsamyan@lacity.org>, Dave Cano <david.cano@lacity.org>
Cc: Veronica Perez <vp@veronicaperez.com>

David and Star,

I am writing to request a meeting with the Councilmember **or appropriate staff member** and my client 8minutenergy Renewables, which is based in Los Angeles and is the nation's leading independent solar PV developer. To date, 8minutenergy has closed over **$3 billion** in solar Power Purchase Agreements in California.

Their 120MWpeak Springbok 3 Solar project has been approved by staff and will be heard by the LADWP Board in the coming weeks. Upon approval, it will be scheduled at the Council's Energy and Environment Committee.

Would the Councilman or appropriate staff member be available to meet so we can brief you on the Springbok 3 project? The earliest we would be available to meet is February 12.

The attendees of the meeting would be myself and Tom Buttgenbach, the President of 8minutenergy. Many thanks!

Background on 8minutenergy:

The company has 3000 megawatts of solar PV farms under development, 1400 MW in Power Purchase Agreements and over 260 MW in operation. In fact, over the last two years, they have been awarded 35% of all the solar projects procured in California. Every project generates local construction, operational, and service jobs, contributing millions of dollars to local and regional economies. They are now also internationally active and are working on their first project in India.

GOVERNMENT RELATIONS | PUBLIC AFFAIRS | COMMUNITY OUTREACH | LOBBYING

Wed, Feb 3, 2016 at 3:16 PM

On Feb 3, 2016, at 12:03 PM, Veronica Perez <vp@veronicaperez.com> wrote:

David and Star,

I am writing to request a meeting with the Councilmember **or appropriate staff member** and my client 8minutenergy Renewables, which is based in Los Angeles and is the nation's leading independent solar PV developer. To date, 8minutenergy has closed over **$3 billion** in solar Power Purchase Agreements in California.

Their 120MWpeak Springbok 3 Solar project has been approved by staff and will be heard by the LADWP Board in the coming weeks. Upon approval, it will be scheduled at the Council's Energy and Environment Committee.

Would the Councilman or appropriate staff member be available to meet so we can brief you on the Springbok 3 project? The earliest we would be available to meet is February 12.

The attendees of the meeting would be myself and Tom Buttgenbach, the President of 8minutenergy. Many thanks!

Background on 8minutenergy:

The company has 3000 megawatts of solar PV farms under development, 1400 MW in Power

Purchase Agreements and over 260 MW in operation. In fact, over the last two years, they have been awarded 35% of all the solar projects procured in California. Every project generates local construction, operational, and service jobs, contributing millions of dollars to local and regional economies. They are now also internationally active and are working on their first project in India.

It all boils down to money businesses and lawyers.

On Mon, Jul 1, 2019, 6:44 PM Rick Biggles <quinine056@gmail.com> wrote:

If you google Los Angeles homeless, in most areas of LA they have announced clean up efforts. Why they are avoiding our area is a mystery.

On Mon, Jul 1, 2019 at 6:15 PM Laura Ruiz <xlauraruiz@live.com> wrote:

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:
>
> Greg, I agree on all counts!
>
> First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!
>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they

read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

>

> Can we do something about the dire situation please?

>

> On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com<mailto:gravydotcom@yahoo.com>> wrote:

>

> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

>

> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

>

>

> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

>

>

> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

>

>

> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

>

>

> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

>

>

> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

>

>

> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

>

>

> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--

they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?
>
>
> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.
>
>
> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?
>
>
> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?
>
>
> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.
>
>
> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

>
>
> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>
>
>
> 2. Encampment on Carlos Avenue
>
>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?
>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be

subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Subject: Re: "Hollywood's largest and most entrenched encampment"

It all boils down to money businesses and lawyers.

On Mon, Jul 1, 2019, 6:44 PM Rick Biggles <quinine056@gmail.com> wrote:

> If you google Los Angeles homeless, in most areas of LA they have announced clean up efforts. Why they are avoiding our area is a mystery.

On Mon, Jul 1, 2019 at 6:15 PM Laura Ruiz <xlauraruiz@live.com> wrote:

> I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:
>
> Greg, I agree on all counts!
>
> First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!
>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.
>
> Can we do something about the dire situation please?

> On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com<mailto:gravydotcom@yahoo.com>> wrote:
>

> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".
>
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
>
> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.
>
>
> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.
>
>
> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?
>
>
> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.
>
>
> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five

feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?

>

>

> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?

>

>

> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

>

>

> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>

>
> 2. Encampment on Carlos Avenue
>
>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?
>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!
>
> To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Although there are only 2-3 people on Silver Lake Blvd under Sunset Blvd currently, they are spreading their stuff over several archways. So it looks like it is growing. I would like Adrian and his team to do maintenance in this area even though it is not a full M&O. Thanks.

Subject: Re: "Hollywood's largest and most entrenched encampment"

If you google Los Angeles homeless, in most areas of LA they have announced clean up efforts. Why they are avoiding our area is a mystery.

On Mon, Jul 1, 2019 at 6:15 PM Laura Ruiz <xlauraruiz@live.com> wrote:

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

> On Jul 1, 2019, at 2:23 PM, Cora Maclang <coramaclang@gmail.com> wrote:

>
> Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.
>
> We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched

encampment".

>

>

> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

>

>

> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

>

>

> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

>

>

> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

>

>

> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

>

>

> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

>

>

> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

>

>

> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

>

>

> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?

>

>

> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?
>
>
> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.
>
>
> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?
>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

> Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!
>
> To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

To: Dan Halden <daniel.halden@lacity.org>

Good evening, Mr. Halden.

I am looking for all emails between anyone on CD13 staff including MOF from any email addresses with which they conduct city business and any account at either sclanduse.com or southerncalifornialanduse.com from July 1, 2013 through May 15, 2019.

Please don't forget the attachments in native attachment format as required by the law!

thanks again, Mr. Halden.

Adrian

I appreciate the update. This will be fine if the response is that I will be receiving records responsive to my request. However, I expect that it will not be difficult to provide an update sooner than that date if the City is withholding documents, rather than producing them.

Additionally, I want to preempt any withholding based on Cal. Gov. Code §6254(f) to clarify that I am *not* seeking internal investigatory records or records of complaints to LAPD, nor of any documents held exclusively *by* LAPD. §6254 does not create any interagency privileges for which the City may withhold communications with the LAPD. Nor am I seeking records of investigation as laid out by the statute. "The records of investigation exempted under section 6254(f) encompas only those investigations undertaken *for the purpose* of determining whether a violation of law may occur or has occurred . . . an inquiry must be somehow targeted at suspected violations of law . . . [t]he mere fact of an inquiry is not enough" *American Civil LIberties Union Foundation v. Superior Court*, (August 31, 2017) 3 Cal.5th 1032, 1040-1041.

Best,
Sherin

Hi Sherin,

I am still working on this request and expect it to be completed by August 2nd.

I will advise you upon completion of your request.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

On Mon, Jun 24, 2019 at 3:28 PM Juan Fregoso <juan.fregoso@lacity.org> wrote:

Hi Sherin,

Sorry again for the delay in the response.

This is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to:

- Email communications emanating from either the Councilman or Aide Juan Fregoso regarding the following statutes: Los Angeles Municipal Code (LAMC) 41.18(d), 56.11, or 85.02

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with members of LAPD, Los Angeles Sanitation, Los Angeles Homeless Services Authority regarding cleanups, service days, or sweeps at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets.

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with members of LAPD, Los Angeles Sanitation, Los Angeles Homeless Services Authority regarding warrant checks at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets.

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with residents, neighborhood council board members, property managers, or property owners at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets, regarding fencing, planters, or other sidewalk projects.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before June 28, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

On Mon, Jun 24, 2019 at 1:52 PM S Varghese <sherin.s.varghese@gmail.com> wrote:

> Mr. Fregoso:
> I am writing to memorialize the contents of our telephone conversation earlier today regarding my outstanding request. I noted that I submitted a request to you on June 5th, to which I received no response. You then claimed that you did not receive that one. You further stated that you found a copy of my follow-up email, dated June 18th in your spam folder, and your belief that "this is the one [you] have on file", and that it has only been six days.

As I'm far more interested in obtaining the underlying information than in filing a complaint at this stage, I am confirming in writing that I am willing to allow the date to toll starting from the June 18th date, despite the egregious statutory error here. I therefore expect an initial response via this email address by June 28th at 5 PM. To the extent you're unable to meet that deadline, I expect compliance with the statute with regard to your office's obligations.

Additionally, as I do computer forensics for a living, I ask that you preserve a copy of the "Marked as Spam" email, and your inbox such that if necessary, we can maintain evidence that you (a) did not receive the original request on June 5th and (b) that your system (despite our previous correspondence) did in fact mark the email as spam. Such data will remain in the electronic record.

Best,
Sherin

I appreciate the update. This will be fine if the response is that I will be receiving records responsive to my request. However, I expect that it will not be difficult to provide an update sooner than that date if the City is withholding documents, rather than producing them.
Additionally, I want to preempt any withholding based on Cal. Gov. Code §6254(f) to clarify that I am *not* seeking internal investigatory records or records of complaints to LAPD, nor of any documents held exclusively *by* LAPD. §6254 does not create any interagency privileges for which the City may withhold communications with the LAPD. Nor am I seeking records of investigation as laid out by the statute. "The records of investigation exempted under section 6254(f) encompas only those investigations undertaken *for the purpose* of determining whether a violation of law may occur or has occurred . . . an inquiry must be somehow targeted at suspected violations of law . . . [t]he mere fact of an inquiry is not enough" *American Civil Liberties Union Foundation v. Superior Court*, (August 31, 2017) 3 Cal.5th 1032, 1040-1041.

Subject: Re: CPRA Request-no response
To: Juan Fregoso <juan.fregoso@lacity.org>, <CityClerk@lacity.org>

Mr. Fregoso:
I am writing to memorialize the contents of our telephone conversation earlier today regarding my outstanding request. I noted that I submitted a request to you on June 5th, to which I received no response. You then claimed that you did not receive that one. You further stated that you found a copy of my follow-up email, dated June 18th in your spam folder, and your belief that "this is the one [you] have on file", and that it has only been six days.

As I'm far more interested in obtaining the underlying information than in filing a complaint at this stage, I am confirming in writing that I am willing to allow the date to toll starting from the June 18th date, despite the egregious statutory error here. I therefore expect an initial response via this email address by June 28th at 5 PM. To the extent you're unable to meet that deadline, I expect compliance with the statute with regard to your office's obligations.

Additionally, as I do computer forensics for a living, I ask that you preserve a copy of the "Marked as Spam" email, and your inbox such that if necessary, we can maintain evidence that you (a) did not receive the original request on June 5th and (b) that your system (despite our previous correspondence) did in fact mark the email as spam. Such data will remain in the electronic record.

Best,
Sherin

Mr. Fregoso:
It's now been over 10 days since I submitted the attached CPRA request. I've provided a copy of the email transmitting my request as well. I have not yet received any communication about any complications or confusions regarding my request, or any limitations on what data you can provide. Likewise, I have not received a request for an extension to determine whether records responsive to my request exist and may be produced

Please contact me via this email address if you'll need either to discuss further regarding this request. Furthermore, please feel free to contact me if you'd like to discuss the nature and timing of the production of any documents that may exist pursuant to my request.

Best,
Sherin Varghese

Date: Thu, Jun 27, 2019 at 11:21 AM
Subject: Dream 2 / Selma Wilcox Hotel Project - Follow-up Request for Emails - Attorney-Client Privileged
To:
CC: Eduardo Vasquez <eduardo.vasquez@lacity.org>

Attorney-Client Privileged

You are receiving this email (via bcc) because we have not received a response from you to an email I sent to you on either May 21st or 22nd, 2019 asking for any of your personal emails related to the Dream 2 / Selma Wilcox Hotel Project (the "Project").

If you did not use a personal email address or personal electronic device to send or receive emails, texts, or other documents related to this Project, please respond to this email by stating that you did not use a personal electronic device or personal email account to send or receive communications or documents related to this Project. Please note that we may ask you to sign a declaration detailing your efforts to search for these communications and attesting to the fact that you have provided all communications, if there were any, that pertain to the Project that you may have had on a private electronic device using a private account.

We are required to make this request because the City is compiling Project-related documents and emails to be included in the administrative record for two pending CEQA lawsuits pertaining to the Project. As part of this process, the City must collect all relevant public records, including electronic communications (such as emails and texts), regarding the Project. A recent Supreme Court decision interpreted the state law definition of "public records" to include texts and emails that relate to public business even if those communications were sent on a private device using a private email account.

Thus, to comply with this decision, you must now search all of your private electronic devices, including but not limited to cell phones and laptop computers, for any communications you may have sent or received that pertain to the Project, even if those communications were sent from or received at a private email account. At a minimum, please conduct a search using these key words/terms: **"Selma Wilcox"; "Dream 2"; "ENV-2016-**

2602"; "CPC-2016-2601"; "18-0873"; and "VTT-74406". Please forward copies of all such communications to Eduardo Vasquez, cc'd here (Eduardo.Vasquez@lacity.org) at your earliest convenience, but by no later than **July 15, 2019**.

If you have any questions regarding this matter, including questions regarding how to search your private accounts for emails and other documents related to this project, please do not hesitate to call me at (213) 978-7121.

Thank you for your anticipated cooperation in this matter.

Sincerely,

Morgan

To: Juan Fregoso <juan.fregoso@lacity.org>, <CityClerk@lacity.org>

Mr. Fregoso:
I am writing to memorialize the contents of our telephone conversation earlier today regarding my outstanding request. I noted that I submitted a request to you on June 5th, to which I received no response. You then claimed that you did not receive that one. You further stated that you found a copy of my follow-up email, dated June 18th in your spam folder, and your belief that "this is the one [you] have on file", and that it has only been six days.

As I'm far more interested in obtaining the underlying information than in filing a complaint at this stage, I am confirming in writing that I am willing to allow the date to toll starting from the June 18th date, despite the egregious statutory error here. I therefore expect an initial response via this email address by June 28th at 5 PM. To the extent you're unable to meet that deadline, I expect compliance with the statute with regard to your office's obligations.

Additionally, as I do computer forensics for a living, I ask that you preserve a copy of the "Marked as Spam" email, and your inbox such that if necessary, we can maintain evidence that you (a) did not receive the original request on June 5th and (b) that your system (despite our previous correspondence) did in fact mark the email as spam. Such data will remain in the electronic record.

Best,
Sherin

New Recording 4.m4a

They continue to leave food and other trash behind, unwanted clothing hanging on our fence, poison and broken glass spread around our home. This will be ground zero for the Angeles Plague (Is that the plan?)

"Law enforcement" rolls by but do not engage the "voluntarily homeless"; police have given them the run of our streets, and local politicians are OK with it.

Please Karma, send them (those—and their families—responsible for creating and sustaining) this nightmare and return the favor!

Please Karma, give them what they deserve ��

> I see I'm not the only one that started their holiday like this. I was taking my baby out for a walk when I see this on our sidewalk. Grill, beers, dog off leash, lawn chair and all. How was I suppose to go pass them? By walking on the street. <image1.jpeg>

On Jul 4, 2019, at 1:48 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

>> My Independence Day began at 1am with fireworks set off on dry grass by the tent dwellers at approximately 1765 Tamarind Avenue (see photo). And continued this morning with shouting and dogs off leashes barking 5-6 feet outside our home (hear attached clips). They're occupying all surrounding sidewalks while their tents remain up; cooking up vittles over raging open fires on the lawn and under the trees (see photos). The earthquake was less troubling than streets around our homes.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them?

>> POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us

who legally live here.

On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one.
Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!

Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

<love4allsouls@gmail.com wrote:

Officer Rubalcava,
We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that something solid would finally be done.
Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse. Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind
<carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don’t deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Gil

Mr Starkey, Officer Rubalcava, Sgt Geaney:

These just in—at the corner of Tamarind and Carlos...

<IMG_4025.jpg>

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Gosh, they cut quite a bit from that one tree.
I'll talk to them about more proper pruning.

Hey Sylvan we were only able to complete the following locations:

1. 5913 Fountain Ave

2. 1222 N Bronson

We ran out of time to start cleaning the alleys so we are going to have to clean them at a later date.

Thursday: field Deputy Dan Halden: Hollywood

1. 5913 Fountain Ave: Please use weed eater machine to cut grass/weeds at parkway in front of this address.
2. 1222 N Bronson: Please trim low hanging tree branches at this location.
3. Allley: between these streets: Romaine St,Vine St, N. Gower St and Barton Ave
4. Alley: between these streets: Barton Ave, Willouhgby St, Vine St, N. Gower St.
In alleys, please remove litter and weeds. Please send me photos of bulky items if any, and I can report to LASAN.
Thank you,

Sylvan De La Cruz

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Strefan and Mike,

See below from Adrian Riskin. As Strefan knows, I recently checked in with Adrian regarding what CD13 considered to be our list of outstanding requests with him. Our intent was to get a list of priorities from him, and proceed through them in order -- similar to what we had attempted before. He neglected to provide that list of priorities but gave me the below list of what he considers to be outstanding requests.

See below; I am including my commentary in **bold highlighted font.**

Please let me know if you have any questions.

Thanks,
Dan

CD13.2019.06.10.a **Initial response due 6/20**

CD13.2019.06.07.a **Initial response due 6/17**

CD13.2019.05.23.c – CD13 response overdue **I coordinated with Strefan on my response; I will follow up today**

CD13.2019.05.23.b – CD13 response overdue **I coordinated with Strefan on my response; I will follow up today**

CD13.2019.05.23.a – CD13 response overdue **I coordinated with Strefan on my response; I will follow up today**

CD13.2019.05.15.c – CD13 response overdue **I coordinated with Strefan on my response; I will follow up 6/17**

CD13.2019.05.15.b -- CD13 response overdue I coordinated with Strefan on my response; I will follow up 6/17.

CD13.2019.05.15.a – CD13 response overdue I coordinated with Strefan on my response; I will follow up 6/17.

CD13.2019.04.23.a – Due Aug 13, 2019

CD13.2019.04.18.a – Due Aug 13, 2019

CD13.2019.04.11.a – Due June 14, 2019 I will provide an update to Adrian today

CD13.2019.04.08.b (mislabeled 2019.04.08.b) -- You're ignoring the fact that Marisol Rodriguez didn't do an adequate search and you also ignored my deadline to stop ignoring this, but I haven't filed a petition yet so if you want to go ahead and do an adequate search before that happens we can avoid the expense and tsuris involved. **I have checked with staff multiple times regarding Adrian's claim of an inadequate search, and each time they have told me they conducted the search as prescribed. I don't know what else to tell him.**

CD13.2019.03.29.a – I narrowed this down per your entirely illegitimate 6255(a) claim and you have failed to respond with an estimated production date and you have ignored your duty to assist me in framing an effective request. Again, I haven't yet filed a petition so if we can get this settled before that happens we can avoid the consequences which, obviously, I prefer to do. **This was an enormous request that was actually three separate and large requests bundled together as one. For context, if I recall correctly just one of the three requests in this "bundle" totaled over 1000 pages, and was extremely broad. I checked with Strefan on this and we worked on a response together. Adrian disagreed with our response, but I checked with Strefan again and he advised we were not obligated to reply.**

CD13.2019.03.12.a **This is due to Adrian on 11/1/19. It is a very large request as the initial search yielded 600 pages. Strefan has informed me that I am under no obligation to periodically provide Adrian batches of documents, as he has asked me to do.**

Subject: CD13 CPRA update report!
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

It's recently come to my attention that CD13 has been having some problems keeping track of my CPRA requests, especially as evinced by the mysterious resurrection of any number of years-old requests that everyone had already agreed were complete. Strefan Fauble stated so under oath, Mike Dundas acknowledged receipt of communications stating this, and even CD13 itself told Shannon Hoppes on a number of occasions that these requests were complete.

And yet, surely not for improper purposes, surely not for that reason, you recently told me that CD13 considered them still open. In the light of this peculiar situation I thought it would be useful if I were to send you regular updates on what I consider the status of my pending requests to be. This is the first such update!

Here are my 14 pending requests with some commentary:

CD13.2019.06.10.a
CD13.2019.06.07.a
CD13.2019.05.23.c -- CD13 response overdue
CD13.2019.05.23.b -- CD13 response overdue
CD13.2019.05.23.a -- CD13 response overdue
CD13.2019.05.15.c -- CD13 response overdue
CD13.2019.05.15.b -- CD13 response overdue
CD13.2019.05.15.a -- CD13 response overdue
CD13.2019.04.23.a -- Due Aug 13, 2019
CD13.2019.04.18.a -- Due Aug 13, 2019
CD13.2019.04.11.a -- Due June 14, 2019
CD13.2019.04.08.b (mislabeled 2019.04.08.b) -- You're ignoring the fact that Marisol Rodriguez didn't do an adequate search and you also ignored my deadline to stop ignoring this, but I haven't filed a petition yet so if you want to go ahead and do an adequate search before that happens we can avoid the expense and tsuris involved.

It is NOT project specific. It is all emails to/from you and anyone at that domain, during the specified time period. You can go ahead and start printing if you want. You will also need to go through each page and redact (white out) any personal information (non-public email addresses, personal pone numbers, etc.).

METROPOLITAN LOS ANGELES BRANCH

2019 AWARDS DINNER

July 3, 2019

Steven Lane
City of Los Angeles Department of Public Works
Bureau of Engineering
1149 S. Broadway, 8th Floor
Los Angeles, CA 90015

RE: Outstanding Community Improvement Project - Winner

Dear Mr. Lane:

On behalf of the Awards Committee of the Metropolitan Los Angeles Branch of the American Society of Civil Engineers, I'm pleased to inform you that the A Bridge Home – Schrader Project has been selected as the Outstanding Community Improvement Project of the Year. This award was established by the Metropolitan Los Angeles Branch to recognize projects that further advance the field of civil engineering and provide an exemplary display of the ASCE values. Award winners are also automatically nominated to the Section Awards, which are conferred to outstanding civil engineering projects in the seven branches that make up the Los Angeles Section.

Your award will be presented at the Branch's 2019 Awards Dinner, which is to be held on the evening of Friday, August 2nd, 2019 at the Dorothy Chandler Pavilion at the Los Angeles Music Center. We encourage you to RSVP for this event by Monday July 22nd, 2019 with Mercedes Passanisi (mpassanisi@dpw.lacounty.gov). As an award recipient, you are entitled to one complimentary ticket, event details are attached.

As an honoree, we would like to invite you or your organization and your consultants to sponsor the event as it helps subsidize student attendance to the awards dinner. Enclosed is a flyer which details the different sponsorship levels and accompanying benefits. This is a great promotional opportunity attended by firms, agencies and people from our industry who have helped shape Los Angeles.

Congratulations again on this great achievement. We look forward to your attendance.

Sincerely,

Francisco Aragon, P.E.
2018-2019 President
Metropolitan Los Angeles Branch
American Society of Civil Engineers

Francisco Aragon, P.E. - President

Julian Garcia, P.E. – Past President

City of Los Angeles Public Records

Hi there

A message was added to record request #19-3096:

Dear Mr Morphy-

This letter is in response to your request received by Council District 13 seeking records pertaining to emails of any field deputy using the phrase "quality of life" between the dates of 1/1/17 and 6/17/19.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We anticipate the records to be ready no later than July 1, should we not encounter any unforeseen delays.

We will be in touch to alert you when these documents will be available.

Tony Arranaga

Communications Director

Office of Councilmember Mitch O'Farrell

Hi team-
Please search your files for the following search terms and respond to me by June 28.

"Between the dates 1/1/18 and 6/17/19 emails in accounts of any field deputy or district director of council district 13 that have the phrase "quality of life" please, with attachments, this is essential. the attachments must come as the format they are. pictures probably jpg, spreadsheets probably xlsx."

Thanks!

Tony

Dear Adrian,

Council District 13 has recently begun using the NextRequest portal to process all California Public Records Act (CPRA) requests.

From now on, please use this portal to input all new CPRA requests to our office. The portal can be found at www.nextrequest.com.

Please let me know if you have any questions or issues with setting up access to the portal.

Thank you,

Dan Halden

Thank you, Claudia, with some minor revisions I believe this will do the job for the Trust—bravo! Before we spend any time polishing it off for our situation, the city should let us know if it's counsel will let the city provide the requested indemnity at all, and we can proceed from there.
Our engineer, Linda Siegel, is extremely knowledgeable about work on and around the Walk of Fame and we hope you will plan on connecting with her at some point. I will send you her contact info separately.

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,
When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?
Thanks.

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Good day, Mr. Halden!

I am looking today to gain access to all emails in the possession of Mr. Bullock which contain the search terms "La Terra" OR "LaTerra" OR "4900" OR "Choi" from January 1, 2016 through May 23, 2019.

thanks, Mr. Halden!

Adrian

Hi Dan,
None on tca.com and about 7 on the other one.

Thank you,

Star

On Fri, Jun 14, 2019 at 5:25 PM Dan Halden <Daniel.Halden@lacity.org> wrote:

All - please search your emails for:

Hi Adrian,

We are still working on this request. The initial search yielded a very large volume (approximately 1400 pages). Given that, and coupled with your multiple other requests we are simultaneously working to complete, I expect this to be completed by 12/31/19.

As always, we will try to complete things sooner. Please let me know if you would like to narrow or focus the search terms in any way.

Good morning, Mr. Halden.

As I previously advised you, the public interest in seeing this material is so high, and provably so, that it's really unlikely that any kind of 6255(a) claim can stand against it. This argument also works to establish that bad faith on CD13's part with respect to production, e.g. claiming that it's going to take a long time and then not working on it, would also be a violation of the CPRA.

I know that CD13 conducts all its business with the utmost sincerity and good faith. This is why, Mr. Halden, I am so sure that in the more than five weeks since you told me that CD13 would begin preparing this material, you all have actually prepared some of it. Therefore can you please let me know how much material has been processed by now and when I can come in and inspect it?

Thanks!

Adrian

Hi Adrian,

We will begin working on this request, but it's likely to be redaction-heavy and will take months to complete.

During the process, depending on the amount of redacting and withholding -- and the necessary staff time required to perform those tasks -- the review may need to be stopped, per Section 6255 (as the public interest would clearly weigh in favor of not expending more staff time to continue reviewing and redacting), and we will produce only the documents reviewed up to that point.

Thank you,

Dan Halden

Good evening, Dan.

I'm just checking on the status of this. In particular, is the City planning to fulfill it at some point or are you all sticking by your 6255(a) claim?

Adrian

> >> Hi Dan,
> >>
> >> Section 6255(a) of the CPRA, which you are invoking here, requires the City of Los Angeles to weigh the public interest in producing the records against the public interest in withholding them. If the City is going to withhold records on this basis, it's not enough that the public interest in doing so outweigh the public interest in releasing, but it must *clearly* outweigh it.
> >>
> >> The only public interest you assert in favor of withholding is the amount of work it will take CD13 to redact "over 600 documents." You do not mention the public interest in redacting and producing against which you weighed the interest in saving City staff the labor involved, but I submit to you that it's actually impossible that it is outweighed, let alone clearly outweighed.
> >>
> >> Just for instance, you released a few emails between you and Officer Guerra recently. These were the subject of an article on L.A. Taco, one of the City's premiere news sites. The emails were also the subject of discussion, both public and private, among a wide range of advocacy groups and their members, many of whom will be pleased to submit declarations under oath stating their conceptions of the public interest involved in reading Guerra's correspondence with you. The public interest in reading the rest of Officer Guerra's emails not only outweighs the labor that would be expended to redact these records, but it *provably* outweighs it.
> >>
> >> Furthermore, even leaving aside the public interest weighing, your claim is pretty dubious given the requests that CD13 fulfills without protest. For instance, you agreed to produce about 340 pages

on the Echo Park BID. Now, I don't know how many pages there are per email since emails don't have an objective pagination but, but it's a lot. Also, you cheerfully "compiled 600+ documents for" various emails about Cherokee and ficus and so on with nary a mention of section 6255(a). You didn't even mention public interest, although the public interest there is high as well.
> >>
> >> Given these considerations, I hope you will reconsider your ultimately indefensible 6255(a) claim. I hope also that, in the interest of avoiding yet another costly, time-consuming, and anxiogenic writ petition, you will make some suggestions for overcoming whatever the remaining practical obstacles in my gaining access to these records so that maybe we can come to some kind of agreement. If I don't hear from you about this by Friday, April 12, I will proceed as if you're not planning to reconsider.

> If anyone in any position of authority has been told the situation has been addressed—it has not. If you don't hear from us/don't receive new pictures/don't receive new recordings, don't assume any "officers of the law" have corrected or improved things. NOTHING has changed. We may not have the bandwidth to complain every day (but don't get your hopes up that we will give up either).

Sure, today they may have set up shop outside our home at noon instead of 10am, but they have been going strong ALL DAY, EVERY DAY with the noise: music, cursing, yelling, dogs barking... Here's a fresh recording taken from INSIDE the apartment building just now:

> <New Recording 4.m4a>

They continue to leave food and other trash behind, unwanted clothing hanging on our fence, poison and broken glass spread around our home. This will be ground zero for the Angeles Plague (Is that the plan?)

"Law enforcement" rolls by but do not engage the "voluntarily homeless"; police have given them the run of our streets, and local politicians are OK with it.

Please Karma, send them (those—and their families—responsible for creating and sustaining) this nightmare and return the favor!

Please Karma, give them what they deserve ��

> I see I'm not the only one that started their holiday like this. I was taking my baby out for a walk when I see this on our sidewalk. Grill, beers, dog off leash, lawn chair and all. How was I suppose to go pass them? By walking on the street. <image1.jpeg>

On Jul 4, 2019, at 1:48 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

> My Independence Day began at 1am with fireworks set off on dry grass by the tent dwellers at approximately 1765 Tamarind Avenue (see photo). And continued this morning with shouting and dogs off leashes barking 5-6 feet outside our home (hear attached clips). They're occupying all surrounding sidewalks while their tents remain up; cooking up vittles over raging open fires on the lawn and under the trees (see photos). The earthquake was less troubling than streets around our homes.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them?

> POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks**. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos.

You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one.
Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

Cora Maclang

We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that something solid would finally be done. Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse. Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since

transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help
you can provide to address the above.

> With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> **Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".**
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
> **Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos**—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.
>
> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads

right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one. Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

CD13.2019.04.23.a – Due Aug 13, 2019

CD13.2019.04.18.a – Due Aug 13, 2019

CD13.2019.04.11.a – Due June 14, 2019 **I will provide an update to Adrian today**

CD13.2019.04.08.b (mislabeled 2019.04.08.b) – You're ignoring the fact that Marisol Rodriguez didn't do an adequate search and you also ignored my deadline to stop ignoring this, but I haven't filed a petition yet so if you want to go ahead and do an adequate search before that happens we can avoid the expense and tsuris involved. **I have checked with staff multiple times regarding Adrian's claim of an inadequate search, and each time they have told me they conducted the search as prescribed. I don't know what else to tell him.**

CD13.2019.03.29.a – I narrowed this down per your entirely illegitimate 6255(a) claim and you have failed to respond with an estimated production date and you have ignored your duty to assist me in framing an effective request. Again, I haven't yet filed a petition so if we can get this settled before that happens we can avoid the consequences which, obviously, I prefer to do. **This was an enormous request that was actually three separate and large requests bundled together as one. For context, if I recall correctly just one of the three requests in this "bundle" totaled over 1000 pages, and was extremely broad. I checked with Strefan on this and we worked on a response together. Adrian disagreed with our response, but I checked with Strefan again and he advised we were not obligated to reply.**

CD13.2019.03.12.a **This is due to Adrian on 11/1/19. It is a very large request as the initial search yielded 600 pages. Strefan has informed me that I am under no obligation to periodically provide Adrian batches of documents, as he has asked me to do.**

Subject: CD13 CPRA update report!
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

It's recently come to my attention that CD13 has been having some problems keeping track of my CPRA requests, especially as evinced by the mysterious resurrection of any number of years-old requests that everyone had already agreed were complete. Strefan Fauble stated so under oath, Mike Dundas acknowledged receipt of communications stating this, and even CD13 itself told Shannon Hoppes on a number of occasions that these requests were complete.

And yet, surely not for improper purposes, surely not for that reason, you recently told me that CD13 considered them still open. In the light of this peculiar situation I thought it would be useful if I were to send you regular updates on what I consider the status of my pending requests to be. This is the first such update!

Here are my 14 pending requests with some commentary:

CD13.2019.06.10.a
CD13.2019.06.07.a
CD13.2019.05.23.c -- CD13 response overdue
CD13.2019.05.23.b -- CD13 response overdue
CD13.2019.05.23.a -- CD13 response overdue
CD13.2019.05.15.c -- CD13 response overdue
CD13.2019.05.15.b -- CD13 response overdue
CD13.2019.05.15.a -- CD13 response overdue
CD13.2019.04.23.a -- Due Aug 13, 2019
CD13.2019.04.18.a -- Due Aug 13, 2019
CD13.2019.04.11.a -- Due June 14, 2019
CD13.2019.04.08.b (mislabeled 2019.04.08.b) -- You're ignoring the fact that Marisol Rodriguez didn't do an adequate search and you also ignored my deadline to stop ignoring this, but I haven't filed a petition yet so if you want to go ahead and do an adequate search before that happens we can avoid the expense and tsuris involved.

CD13.2019.03.29.a -- I narrowed this down per your entirely illegitimate 6255(a) claim and you have failed to respond with an estimated production date and you have ignored your duty to assist me in framing an effective request. Again, I haven't yet filed a petition so if we can get this settled before that happens we can avoid the consequences which, obviously, I prefer to do.

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

City of Los Angeles Public Records

Hi there

A message was added to record request #19-3076:

Dear Ms Lugo-

This letter is in response to your request received by Council District 13 seeking records pertaining to emails and notes related to Crossroads and Crossroads of the World, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before June 28, 2019.

If you have any questions, you may reach me at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Tony Arranaga

Communications Director

Office of Councilmember Mitch O'Farrell

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Gus and Dan,

Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Subject: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Hi Dan and Claudia,

Please read below the response from Mr. Jeff Briggs (Attorney for the Hollywood Historic Trust), regarding getting the Auotcad files from 2012. Please let me know how you want to proceed on this matter.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision

> scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Hi Linda,

Per the below email from Mr Bill Lee, please can you let us know how to get the Autocad files that you have about the Hollywood Walk of Fame. I am the Project Manager and Mr. Lee is my Senior Engineer. I am looking forward to hear from you ASAP.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Dear Messrs. Fregoso and O'Farrell. ,

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following electronic records in electronic format, which I understand to be held by your office:

- Email communications emanating from either the Councilman or Aide Juan Fregoso regarding the following statutes: Los Angeles Municipal Code (LAMC) 41.18(d), 56.11, or 85.02

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with members of LAPD, Los Angeles Sanitation, Los Angeles Homeless Services Authority regarding cleanups, service days, or sweeps at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets.

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with members of LAPD, Los Angeles Sanitation, Los Angeles Homeless Services Authority regarding warrant checks at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets.

- Email communications to, from, cc'ing, or bcc'ing either the Councilman or Aide Juan Fregoso with residents, neighborhood council board members, property managers, or property owners at the location bounded by 4th street, Westmoreland Avenue, and Shatto Avenue, inclusive of those streets, regarding fencing, planters, or other sidewalk projects.

I ask for a determination on this request within 10 days of your receipt of this request.

I am submitting this as a written request, as you declined to speak with me informally due to time constraints and as I no longer reside in the district. If you determine that any or all or the information qualifies for an exemption from disclosure, I ask you to note whether, as is normally the case under the Act, the exemption is discretionary, and if so whether it is necessary in this case to exercise your discretion to withhold the information.

If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you redact it for the time being and make the rest available as requested.

In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all of the information is exempt and will not be disclosed.

If I can provide any clarification that will help expedite your attention to my request, please contact me via this email address. I ask that you notify me of any electronic duplication costs exceeding $50.

Thank you for your time and attention to this matter.

Sincerely,

Sherin Varghese.

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the

Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

On Thu, Jun 13, 2019 at 2:09 PM Jeff Briggs <jbriggs@jbriggslaw.com> wrote:

Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.

I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Subject: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Hi Dan and Claudia,

Please read below the response from Mr. Jeff Briggs (Attorney for the Hollywood Historic Trust), regarding getting the Auotcad files from 2012. Please let me know how you want to proceed on this matter.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Happy to meet with your team at your convenience. Just to be clear, I won't honk to details, just an overview of the projects we did and what we learned about working in the area and with the Walk of Fame materials, etc., might be helpful. A little history of those efforts and the various local constituents. Hope it can be helpful.

> Gus, Claudia, Li, it was great to meet you all at our Tuesday Trust meeting. Thanks for coming, it was very informative.
>
> I just want to reiterate that the Trust has a lot of experience in working on the Walk of Fame and its surrounding area, not just little repairs here and there, but several very large replace/repair projects at Hollywood/Highland and the Metro station there, the Chinese Theater/Madame Tussauds block, at driveway

areas by the El Capitan, at Hollywood and Vine and also its Metro station, at the Pantages theater (including tree removal, not an easy thing in LA), a block at Sunset and Vine, and a number of corner areas (involving ADA ramps) including at Hollywood/Gower (lots of DOT work). I was the lead project director for the Trust on all of these, working closely with Public Works, DOT, BSS, Metro, and our own Engineer. I was very involved in establishing the new specifications for Walk of Fame construction, and in considerations for sidewalk dining as it impacts the WOF. We also have worked a lot on lighting issues and related infrastructure issues along the boulevard.

I know that a lot of the logistical details that were involved in all such efforts are beyond your present creative vision scope, but if an overview of our practical experience would be helpful as your creative juices flow, please give me a call and I would be happy to give you an oral download of the good, the bad, and the worse (and occasionally the great) in terms of the many things that require consideration in working on the WOF. I think you would find it helpful and I would be happy to discuss it all at your convenience if interested.

Meanwhile, we all look forward to hearing more as your plans develop.

Best,

Jeffrey C. Briggs, Esq.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: Request for Autocad Files / Hollywood Walk of Fame

Hi Linda,

Per the below email from Mr Bill Lee, please can you let us know how to get the Autocad files that you have about the Hollywood Walk of Fame. I am the Project Manager and Mr. Lee is my Senior Engineer. I am looking forward to hear from you ASAP.

Many thanks,

Gus Malkoun, P.E.

Hi Jeff,
It was my pleasure meeting you last Tuesday. Since you have lots of experience dealing with the Hollywood area projects, then I recommend that we hold a separate meeting with you and the project team to discuss all these details and get your recommendations how to move forward. It is up to Dan to schedule this meeting. Many thanks for your help.

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,
When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.
When do you think you will be able to get that out?
Thanks.
Claudia

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Claudia,

This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,

When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our

HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.

When do you think you will be able to get that out?

Thanks.

Claudia

Gus and Dan,

Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?

Thanks.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Good morning Colin,

I don't see a problem with the sites in CD13 and there are at least 18 sites in CD 13/Hollywood Division we can go to. I'll ask the HOPE officers to keep the sites between the area of Vine Street and Santa Monica Bl. Also, I am going on my vacation later this week and Sergeant Panameno will be in charge of the HOPE Team until I return. I spoke to Sgt Panameno and it would be best to meet up at the Hollywood police station before the ride-along.

Regards,

Sergeant Adrian Maxwell,

OWB HOPE Team

Subject: Thursday's Councilmember Ride-Along

Hi Sgt Maxwell,

I wanted to check in prior to the ride-along Thursday to ask about the site where the HOPE team and Councilmembers will visit. I just spoke with the CD13 office and they expressed that they'd like to visit a site within CD13 for this ride along as opposed to CD4. Is that possible and do you know more or less the location where they'll be.

Thanks for the update.

Colin

Thank you, Claudia, with some minor revisions I believe this will do the job for the Trust—bravo! Before we spend any time polishing it off for our situation, the city should let us know if it's counsel will let the city provide the requested indemnity at all, and we can proceed from there.

Our engineer, Linda Siegel, is extremely knowledgeable about work on and around the Walk of Fame and we hope you will plan on connecting with her at some point. I will send you her contact info separately.

Subject: RE: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.
Claudia

Hi Dan and Claudia,

Please read below the response from Mr. Jeff Briggs (Attorney for the Hollywood Historic Trust), regarding getting the Auotcad files from 2012. Please let me know how you want to proceed on this matter.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

>
> With any due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?
>
> Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".
>
>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because police only enforce those laws when it serves private interest, like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

>
>
> Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—Completely taking over and blocking all sidewalks. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.
>
>
> Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that “another city worker” has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.
>
>
> Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?
>
>
> I called the non-emergency police—I have incident report #s—all weekend and nothing was done.
>
>
> There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. Do we deserve rats, fleas, typhus?
>
>
> I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. And you enable their behavior and give them a pass why?... Because you hate paperwork?
>
>
> There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.
>
>
> Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your “as long as it's not happening in front of my home” attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

>
>
> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.
>
>
>
> 2. Encampment on Carlos Avenue
>
>
>
> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?
>
>
>
> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are

choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.
>
>
>
> 3. Encampment next to the freeway
>
>
>
> About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

> Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!
>
> To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

City of Los Angeles Public Records

Hi there

A message was added to record request #19-3096:

The specific topic or issue I am researching is precisely the use of the phrase "quality of life" as it's used in the context of discussions between (a) electeds/staff & constituents and (b) electeds/staff and one another. Even more specifically the way in which this phrase functions as an incantation to call down and manifest political and social power as a tool of the ruling classes against those whom they rule. Thus it is not possible for me to narrow it in the ways you have suggested nor is it required under the law.

It seems from your message that you are not denying my request but instead are inviting me to narrow it solely for the purpose of enabling you to provide "an accurate date of when [you] can produce requested documents." If this is correct then there's no need to narrow it. Just produce requested documents as fast as possible and not faster.

City of Los Angeles Public Records

Hi there

A message was added to record request #19-3096:

Dear Mr. Morphy:

This office is in receipt of your public records request #19-3096 dated June 6, 2019.

However, I would like to obtain clarification from you. The term "quality of life" is a common phrase used not only by our office, but also community groups and community serving organizations. Your request is overly voluminous. In order to provide the documents in a timely and efficient manner, please narrow down what information you are requesting. Does your request have to do with a specific neighborhood/community or event? A specific topic or issue? Or specific individuals?

Based on your response, we will be in a better position to provide an accurate date of when we can produce requested documents.

Thank you for your cooperation.

Jeanne Min

Office of Councilmember Mitch O'Farrell

City of Los Angeles Public Records

Hi there

A message was added to record request #19-3088:

Dear Ms. Lugo:

This e-mail is in response to your CPRA request (Request #19-3076) to Council District 13 seeking records pertaining to "Craig Bullock appt calendar 2018" and "Craig Bullock emails...Amoeba 2018" pursuant to the California Public Records Act (CPRA).

Please be advised that we are working diligently to conduct a thorough search of our files for documents responsive to your Request. We expect to make a determination concerning the request on or before June 14, 2019.

We great appreciate your courtesy and cooperation in this matter.

Kindest regards,

Jeanne Min

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.
Claudia

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: Attorney Client Privilege: NextRequest

Hi Strefan,
Our office has set up Next Request. It would be easier for us to have Adrian Riskin begin to use this portal as opposed to emailing me. (For example, he sent me nine emails this morning.)

Can we direct him to start using this portal?

Thanks,

Dan Halden

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: CD13 CPRA update report!
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

It's recently come to my attention that CD13 has been having some problems keeping track of my CPRA requests, especially as evinced by the mysterious resurrection of any number of years-old requests that everyone had already agreed were complete. Strefan Fauble stated so under oath, Mike Dundas acknowledged receipt of communications stating this, and even CD13 itself told Shannon Hoppes on a number of occasions that these requests were complete.

And yet, surely not for improper purposes, surely not for that reason, you recently told me that CD13 considered them still open. In the light of this peculiar situation I thought it would be useful if I were to send you regular updates on what I consider the status of my pending requests to be. This is the first such update!

Here are my 14 pending requests with some commentary:

CD13.2019.06.10.a
CD13.2019.06.07.a
CD13.2019.05.23.c -- CD13 response overdue
CD13.2019.05.23.b -- CD13 response overdue
CD13.2019.05.23.a -- CD13 response overdue
CD13.2019.05.15.c -- CD13 response overdue
CD13.2019.05.15.b -- CD13 response overdue
CD13.2019.05.15.a -- CD13 response overdue
CD13.2019.04.23.a -- Due Aug 13, 2019
CD13.2019.04.18.a -- Due Aug 13, 2019
CD13.2019.04.11.a -- Due June 14, 2019
CD13.2019.04.08.b (mislabeled 2019.04.08.b) -- You're ignoring the fact that Marisol Rodriguez didn't do an adequate search and you also ignored my deadline to stop ignoring this, but I haven't filed a petition yet so if you want to go ahead and do an adequate search before that happens we can avoid the expense and tsuris involved.
CD13.2019.03.29.a -- I narrowed this down per your entirely illegitimate 6255(a) claim and you have failed to respond with an estimated production date and you have ignored your duty to assist me in framing an effective request. Again, I

haven't yet filed a petition so if we can get this settled before that happens we can avoid the consequences which, obviously, I prefer to do.

CD13.2019.03.12.a

Mr. Halden,

I don't have an "updated list of priority requests." In fact, I'm not sure what that means. Why don't you just process my requests in compliance with the law?

Thanks!

Adrian

Mr. Halden,

First, I want to be sure that you have intentionally omitted the following requests, as modified by me, from your list, as I will consider that to be additional evidence that the City of Los Angeles is in fact denying me access to the records requested therein:

(CD13.2019.03.29.a)
(CD13.2019.03.12.a)

Second, I'm not sure why you have all those requests from prior to 2019 on there. None of those are pending as far as I know. Perhaps you can discuss this with Mr. Dundas or Mr. Fauble if you're not sure why that is.

Also, I find it a little strange that Mr. Fauble swore under oath recently that the City of Los Angeles was complying with its unilaterally imposed CPRA policy with respect to these requests and now you're telling me that the City of Los Angeles considers so many of them to continue unfulfilled in violation of that very policy. If you want to explain why this is I'd certainly be interested to know, although at this point it's not really that important.

Third, as always, my only priority is that the City of Los Angeles comply with its statutory obligations. Please proceed as if that was CD13's priority as well.

Finally, if your statement that this is my opportunity to modify my list has any actual substantive content, I'd be grateful if you'd explain further. My feeling is that it does not, and if you don't mention it again I'll take that as confirmation that I'm correct.

Thanks, man!

Adrian

Good morning Adrian,

As part of our ongoing effort to comply with your multitude of CPRA requests as efficiently as possible, I wanted to check in with you regarding our office's accounting of requests that are still, as of this date, outstanding.

Our records show that you have a total of 33 pending requests with our office. I am listing them below in chronological order.

We'd like to come to an agreement with you on an updated list of priorities. From that updated list, we will work on closing out each request, one by one, and will then move on to the next request on the list. Upon completion of a request, we will notify you that it is complete. We will not be processing new requests from you until we have completed the 33 outstanding requests from this list. So this is your opportunity, if you wish, to remove any requests from the queue, replace any requests with new ones, or change the order of requests already there.

Please provide us your ordered priorities at your earliest convenience.

Subject: Re: Status Check of Pending CPRA Requests

Mr. Halden,

First, I want to be sure that you have intentionally omitted the following requests, as modified by me, from your list, as I will consider that to be additional evidence that the City of Los Angeles is in fact denying me access to the records requested therein:

(CD13.2019.03.29.a)
(CD13.2019.03.12.a)

Second, I'm not sure why you have all those requests from prior to 2019 on there. None of those are pending as far as I know. Perhaps you can discuss this with Mr. Dundas or Mr. Fauble if you're not sure why that is.

Also, I find it a little strange that Mr. Fauble swore under oath recently that the City of Los Angeles was complying with its unilaterally imposed CPRA policy with respect to these requests and now you're telling me that the City of Los Angeles considers so many of them to continue unfulfilled in violation of that very policy. If you want to explain why this is I'd certainly be interested to know, although at this point it's not really that important.

Third, as always, my only priority is that the City of Los Angeles comply with its statutory obligations. Please proceed as if that was CD13's priority as well.

Finally, if your statement that this is my opportunity to modify my list has any actual substantive content, I'd be grateful if you'd explain further. My feeling is that it does not, and if you don't mention it again I'll take that as confirmation that I'm correct.

Thanks, man!

Adrian

Good morning Adrian,

As part of our ongoing effort to comply with your multitude of CPRA requests as efficiently as possible, I wanted to check in with you regarding our office's accounting of requests that are still, as of this date, outstanding.

Our records show that you have a total of 33 pending requests with our office. I am listing them below in chronological order.

We'd like to come to an agreement with you on an updated list of priorities. From that updated list, we will work on closing out each request, one by one, and will then move on to the next request on the list. Upon completion of a request, we will notify you that it is complete. We will not be processing new requests from you until we have completed the 33 outstanding requests from this list. So this is your opportunity, if you wish, to remove any requests from the queue, replace any requests with new ones, or change the order of requests already there.

Please provide us your ordered priorities at your earliest convenience.

Thanks for your accomodation. I cannot make either of those times, and no time next week works for me. How about the morning of Thursday, May 16, beginning no later than 11 am?

If that doesn't suit I can make it any time at all on May 20 or 21 but I'd prefer not to hold my time indefinitely, so if you could tell me by COB on Monday, May 6 that would be really helpful. I will need one hour for 100 pages. If more pages are likely to be ready by then maybe you could take that into account.

Thanks,

Adrian

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to all emails between CD13 staff, including Councilmember O'Farrell, and anyone at the domains hqdevelopment.net or hqcreativeoffice.com from 1/1/15 through 2/28/19, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before April 2, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dan Halden

On Wed, Mar 13, 2019 at 4:43 PM <adrian@123mail.org> wrote:

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

For what it's worth, I'd make this his omnibus moment--let him delete, add, replace, reorder as he sees fit now, and then lock things in. That limits his ability to argue that we're acting unreasonably. So I'd probably say this:

Dear Adrian,

As part of our ongoing effort to comply with your multitude of CPRA requests as efficiently as possible, I wanted to check in with you regarding our office's accounting of requests that are still, as of this date, outstanding.

Our records show that you have a total of 33 pending requests with our office. I am listing them below in chronological order.

Subject: Attorney-Client Privilege (CD13.2019.04.23.a)

Hi Strefan, can you take a look at the below? I do not want to engage in a back-and-forth with Adrian on this issue.

Essentially, he asked for a CPRA request related to every single CD13 email that contains the word "planter" in 2018 and 2019. This is voluminous, and we pushed back the date. Adrian asked how many emails turned up. An initial search (myself plus one other colleague) turned up 300+ emails. Adrian is asking for greater specifics (if it's under 650 emails).

In my view, I feel that we have provided the necessary information, but please let me know if we need to get more specific.

Thank you,

To: Dan Halden <Daniel.Halden@lacity.org>

Thanks, Mr. Halden!

I'm sorry you don't have time to tell the first digit. If I knew that I would have asked if there were more or less than 500. But since I missed that, maybe you could let me know whether or not there are fewer than 650?

Thanks again!

Adrian

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to all CD13 staff 2018 and 2019 emails containing the word "planter."

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before May 17, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Good afternoon, Mr. Halden.

I am seeking 2018 and 2019 emails in the possession of anyone at CD13 including your boss which reside in any accounts via which they conduct public business including but certainly not limited to their accounts @lacity.org which are from 2018 or 2019 and which contain the word "planter". I don't know much about the Gmail client that the City uses, so if its default behavior doesn't include superstring search can you either set it so that it does or else also search for the word "planters". If the initial search yields more than 600+ documents please give me just the most recent 600+.

Thanks for your help, Mr. Halden.

Subject: Attorney-Client Privilege: PLEASE APPROVE - Adrian Riskin CPRA Status Check

Strefan - Per our conversations, I'd like to reach out to Adrian regarding his, by my count, **33 outstanding CPRA requests.** Some of them go back to 2016; a high volume of them are from 2019 and are quite voluminous. Please see below for my DRAFT of an email to Adrian:

Dear Adrian,

As part of our ongoing effort to comply with your multitude of CPRA requests as efficiently as possible, I wanted to check in with you regarding our office's accounting of requests that are still, as of this date, outstanding.

Our records show that you have a total of 33 pending requests with our office. I am listing them below in chronological order.

We'd like to come to an agreement with you on an updated list of priorities. From that updated list, we will work on closing out each request, one by one, and will then move on to the next request on the list. Upon completion of a request, we will notify you that it is complete. We will not be processing new requests from you until we have completed the 33 outstanding requests from this list.

Please provide us your ordered priorities from the list below. Please let me know if you have any questions.

Thank you,
Dan Halden

Good afternoon, Dan.

I was hoping you might be able to tell me any CF numbers associated with that LaTerra project at 4900 Hollywood. I can't find anything via the built-in search but as I'm sure you know that's not necessarily very reliable.

Thanks!

Adrian

Subject: Re: Homeless encampment along Cole Ave

Hi Eduardo,
Thank you for reaching out. In response to your last request, the City was able to send out rapid response teams to ensure that the sidewalks at this location are passable, and our inter-departmental HOPE Teams continue to visit this location frequently. I am adding Sgt. Adrian Maxwell to this team, who has been helping to ensure that this location is visited regularly.

The City does not have the legal authority to remove individuals from public space. Our goal is to connect people to services to solve their crisis of homelessness. My colleagues from the LA Homeless Services Authority, will continue to ensure that this location is visited regularly by homeless outreach teams. LASHA colleagues, can you please ask a homeless outreach team to visit this site this week to have a concrete conversation with individuals at this site about keeping the sidewalks clear?

Given that you are still experiencing egress issues, I am asking our rapid response teams on this chain to make sure that this location is visited regularly moving forward to ensure that individuals at this location comply with LAMC 56.11, which requires that sidewalks are passable during daytime hours. If you continue to find that sidewalks, please feel free to reach out to myself and my colleagues from Council District 13 on this chain, and we can work to have additional comprehensive cleanings performed at this site.

Thanks,
Jamie

> I am once more reaching out to you regarding the transients along the sidewalks of Cole Avenue. To date, it is still an unpleasant sight and trash is still strewn along the curb. Is there a way to have them out between 7 am and 6 pm while the DMV is open for business? Can we invoke LAMC 41.18 (d) to have them off the sidewalk to make that path passable for the public and DMV customers alike? Please advise.

Hi everyone,

Thank you for flagging this location for the UHRC. This area was included inside our enhanced outreach zone for the new A Bridge Home program located on Schrader Blvd. I am requesting that our teams include this location as a priority for trash collection and enforcement of passable sidewalks as well.

Thanks so much, and please feel free to reach out again if you need additional help.

Best,

Jamie

Hi Eduardo,

I left the Hwd area about 4yrs ago to a City wide community relations position. I am sorry to hear of the influx of homeless in that area. Unfortunately this has been happening all over the City and our hands have been a bit tied with how much enforcement we can provide these days. I am cc'ing the Senior Lead Officer that replaced me in your area (Eddwin Guerra) and the Senior Lead Officer that works our City wide HOPE team (Monique Contreras), which conducts homeless outreach and clean-up's. I have also included the Council District field deputy that can assist with City resources and provide some history / insight to our homeless issue. I hope this email finds you well and thank you for reaching out �.

Best regards,

Julie

Subject: Homeless encampment along Cole Ave

Hello Julie,

Greetings to you and your staff. Are you still with the Hollywood Police department? I am getting in touch with you regarding an ongoing problem of a homeless encampment along the sidewalk of Cole Avenue that is by the perimeter fence of the Hollywood-Cole DMV Field Office. Their continued presence at that location is a safety concern for DMV customers coming in and out of our gate. It too becomes a health issue as their trash is all over the street. Are you able to help us with this concern?

Attached are two pictures taken on different days for your reference.

Thank you.

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to all CD13 staff 2018 and 2019 emails containing the word "planter."

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before May 17, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dan Halden

Subject: Re: CPRA request (CD13.2019.03.27.a)
To: Dan Halden <Daniel.Halden@lacity.org>

Thank you, Dan!

In the interim, the City of Los Angeles has waived all exemptions with respect to Mr. Kim's email address as CD10 produced a bunch of emails between their staff and Kim intentionally leaving Kim's email address unredacted. Per section 6254.5 of the CPRA this amounts to a waiver of all possible exemption claims on the part of the City.

Since the City of Los Angeles has waived whatever exemption claims CD13 is relying on to justify redaction, it's now required to produce copies of all these Kim emails with Kim's email address unredacted. I hope you will be able to do this in a timely manner!

Just to head off a wrong argument that I can imagine the CA putting forth in response to this demand, let me mention that the section in question refers to "a state or local agency" doing the waiving. CD10 and CD13 are different departments of the same local agency, i.e. the City of Los Angeles. A waiver by one department is, clearly, a waiver by all.

Thanks again for your prompt and relatively compliant assistance!

Adrian

On Mon, Apr 29, 2019, at 11:47 AM, adrian@123mail.org wrote:

Thanks Dan,

If you remember, part of the reason that CD13 gave me for, in my opinion illegally, refusing to provide emails in any kind of electronic format, was that "forwarding creates a new record." And yet here Ms. Min forwarded an email to you, which you then printed out, redacted, scanned, and emailed to me.

Now, none of what CD13 produces is an exact copy of anything, but this instance is even worse than usual and is also precisely what the CA's office has told you all not to provide. As long as CD13 is going to continue to refuse to export emails directly to PDF, refuse to redact them directly in PDF format despite the fact that the City has this capability, all on the advice of the CA, the least you all can do is not produce copies by forwarding.

Thus can you please ask Ms. Min to provide what passes for an exact copy around CD13 rather than this "new record" produced by forwarding?

Thanks!

Adrian

On Mon, Apr 29, 2019, at 11:28 AM, Dan Halden wrote:

> Please see attached. Please note that portions of the responsive information have been redacted from the requested materials pursuant to Government Code Sections 6254(c) and 6255, which permits redaction of the personal contact information belonging to private citizens because the public interest served by not disclosing the record and protecting individuals' privacy interest in their personal information clearly outweighs the public interest served by disclosure of the record.

On Wed, Mar 27, 2019 at 8:07 PM <adrian@123mail.org> wrote:

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Good evening, Mr. Halden.

I am looking for all your work-related text messages from January 1, 2019 through May 15, 2019. These are stored in phones as plain text, so please find a way to export them in that format or some structured version of it like html or xml. I don't know what format MMS messages are stored in so I suppose you can use any format in which you're able to extract them.

Please do NOT copy these via screenshot as (a) it doesn't create an exact copy and (b) it's not the format in which they're stored.

thanks again, Mr. Halden.

Hi everyone,

Now that the 1533 Schrader Blvd bridge housing project is under construction and we are in the "90 day/30 day" period, I am setting up a weekly "check-in" conference call to discuss outreach strategies, and to allow all agencies an opportunity to share information and coordinate.

This will be an opportunity for everyone to get on the same page and everyone is swimming in the same direction. The goal, of course, is to identify 70 individuals currently experiencing homelessness who will be able to move in to Schrader when it opens, ETA mid-January. I also want to make sure that our office is staying in touch with all of you, and monitoring the pulse of the area, throughout this period.

I am asking for the following agencies and entities represented on this call:

Mayor's Office
CD13
LAPD
LASAN
Park Rangers
LAHSA
PATH
The Center
Hollywood BID

Dial-In #: (605) 475-3235 Access Code: 341454

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to all 2019 emails between CD13 staff and Bladimir Campos, and all emails/attachments like the one you provided in your initial email on April 18, 2019.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before May 10, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dan Halden

Hi Jesus,

Hope this message finds you well.

I am reaching out because this afternoon, I spoke to , who is a veteran inching dangerously close to becoming homeless.

He is on a fixed income and does not have a Section 8 voucher. He is leaving his current place because he can no longer afford to live there; he found a place in East Hollywood with a roommate, but the management company has rejected his application to move in. While I reach out to the building owner and try to advocate on his behalf, I also don't want to risk not having contacted you proactively and have him be out on the street.

Would you be able to reach out and see how you can assist him?

His name is and he can be reached at

Thanks in advance.

Best,
George

Hi Jesus,

Hope this message finds you well.

I am reaching out because we have a senior citizen who is on the verge of becoming homeless. She lives on , and her name is . She can be reached at

I have tried to provide her with some lists for affordable units, but she refuses to take them and insists that somebody help her find some sort of housing.

Would you please reach out to her and assist, and let me know where we can help?

Thanks in advance for all you do.

Best,
George

Hi Jesus,

She mentioned that she had received an eviction notice, but did not provide a copy of it, unfortunately.

She called again today as well, and we also connected her with the Department on Aging as well, just to conduct a wellness check. If you'd like, I can connect you with our contact there as well, so the assistance effort is a collaborative one.

Best,
George

Hi Jesus:

I'm connecting you with our partners at the Department of Aging.

Daniel and Helen, Jesus is with PATH and we initially reached out to him last week when called.

I thought it might be of interest to connect everyone to see how best we can assist each other here.

Thank you George for the email intro!

Hi everyone I have included Liliana our case manager who will follow up.

If you have any additional information that you can provide that'll be helpful in seeing where we can set in.

Thank you

Hi!

I looped in Charisse from LAHSA as she was also informed about this in a separate email. Liliana was able to complete the intake and gather the necessary documents, she will be enrolled in our prevention program. Upon our review it seemed best that we help her look for a new unit. Currently the adult son is incarcerated and will be there for a few more months.

We will begin to look for other affordable housing for her, if there are any leads for senior units we would greatly appreciate it.

Thank you everyone for your advocacy and support.

Good morning Marisol,

For situations like this, we would refer them to the following:

- **Adult Protective Services (APS)**
  - Phone: 877-477-3646
- **Welfare Check**
  - Go to http://neighborhoodinfo.lacity.org/ and enter the client's address. Locate the nearest police station to the client's residence
  - Contact the police station to request the Welfare Check

For more long-term mental health care, we refer them to:

- **Genesis:** Offered through LA County's Department of Mental Health that offer services to meet the mental health needs of older adults (60+) and can be provided in home or the community
  - Phone: 213-351-7284

Sincerely,
Daniel Kim

Hi everyone!

We have been giving her leads to apartments that are affordable and are within her price range. However she insists that we look for two bedroom apartments in little Armenia so her son can move in after he is released from jail. Unfortunately we have not been able to look for units that are two bedroom and in the area she desires. We provided leads to areas outside of little Armenia but she has declined those. At the moment she is not responding to our calls. I know time is of the essence and we will look for units until her son is released we can only provide listings based on her current household.

Let us know if you have any suggestions, thank you everyone for your advocacy.

Hi Jesus,

Hope this message finds you well.

I am reaching out because we have a senior citizen who is on the verge of becoming homeless. She lives on [redacted], and her name is [redacted] She can be reached at [redacted]

I have tried to provide her with some lists for affordable units, but she refuses to take them and insists that somebody help her find some sort of housing.

Would you please reach out to her and assist, and let me know where we can help?

Thanks in advance for all you do.

Best,

George

Hi Jesus,

Hope this message finds you well. I left you a voicemail earlier today.

I am reaching out with a bit of an emergency situation.

Some of our constituents who live at are experiencing an eviction by their landlords. Two people are being evicted from a unit at this property: one of the people being evicted is an elderly woman while the other is a trans-woman.

Would you be able to assist us in helping them get re-housed elsewhere? They are both disabled as well.

Their neighbor is assisting them with communication for the time being. The neighbor's name is , and she can be reached at

Please let us know what happens here as this is an urgent matter.

Best,
George

Hi Jesus,

It was nice meeting you last night at the opening of the bridge housing site in Hollywood!

Thank you for any help you are able to offer the evicted tenants at , they are living with their neighbor, Linda. I am not certain they will be able to stay there, however.

Please contact myself or George with any questions.

Thanks!

Craig

Hi

It was great to meet you last night! Our team is reaching out this morning to gather more information. We also informed our legal partner Inner City Law Center to advise them of the situation. We will keep you informed as we get updates.

Thank you for reaching out

If you would like to submit an outreach request please visit the Los Angeles Homeless Outreach Portal at www.la-hop.org

Cc: Jesus Torres <jesust@epath.org>
Bcc: Cairo Rodriguez <cairo.rodriguez@lacity.org>

Hi Kimberly and Jesus:

I just got off the phone with a homeless individual who is looking to be connected to services.

He is also interested in getting some sort of housing. He is currently on disability and is receiving SSI. He says he is at the intersection of 6th and Serrano, in Council District 10, but given the sensitivity of this issue, I thought we should save time and send the e-mail directly.

He has given me permission to share his contact information with you, in hopes that somebody would be able to reach out to him.

Please let me know how this one goes.

Thanks!

Best,
George

Homelessness Session Panelists,

Thank you again for taking time to join us for our panel this morning. We've already received one follow-up email from a constituent who found the homelessness panel "inspirational."

I share that sentiment. Thanks for your time today, and the great work and partnership you provide me/us on an ongoing basis.

Enjoy the rest of your weekend.

Warmly,

George Hakopiants <george.hakopiants@lacity.org> Thu, Nov 15, 2018 at 5:44 PM
To: Bladimir Campos <bladimir.campos@lacity.org>, "Martinez, Thomas" <ThomasJ.Martinez@ladwp.com>, "Tsang, Jenny" <jenny.tsang@ladwp.com>, [redacted]>, Xanat Rosas <xanat.rosas@lacity.org>, maria.sanchez@ladottransit.com, Jeffrey Hsu <Jeffrey.Hsu@lacity.org>, Linda Lou <linda.lou@lacity.org>, blair.smith@lacity.org, Tommy Newman <tnewman@unitedwayla.org>, tesciau@epath.org, Dominic Choi <32350@lapd.online>, Gabriel Miranda <gabriel.miranda@lacity.org>, Meg Barclay <meg.barclay@lacity.org>, scottsale@safeparkingla.org
Cc: Dan Halden <daniel.halden@lacity.org>, Marisol Rodriguez <marisol.rodriguez@lacity.org>

Dear Guests:

Thanks again for being a part of our final Community Conference! We so appreciate you taking time out of your Saturday morning to join us.

I wanted to touch base with you before this Saturday with some additional information, to help make this process as seamless as possible.

Please see all of the points below:

- **STAFF CONTACTS:** I will be on-site early, at 8:00 AM to help set up and make sure everything is running smoothly. I will be your primary staff contact for the morning of the event, should you have any questions. My colleague Dan will be the other point of contact, in the event that you are unable to reach me.
    - **PRIMARY CONTACT - GEORGE HAKOPIANTS: 213-261-1467**
    - **SECONDARY CONTACT - DANIEL HALDEN: (213) 254-7214**
- **RESOURCE TABLE CALL TIME: Please arrive by 8:45 AM.** We will have pastries and coffee available for you in the morning! Guests are expected to begin trickling in by 9:30 AM. Your tables will be set up for you outside, so all you need to bring is your materials. Please check in with me when you arrive so that I can show you to your table.
- **PANELIST CALL TIME:** Unless you are also staffing a resource table outside in addition to being a panelist, **please arrive by 9:15 AM.** The panels will be taking place on the 3rd floor of the Student Union building. Please check in with me when you arrive so that I can guide you to where you need to be.
- **PARKING:** Free parking is available at **Lot 4**, located on **770 N. Heliotrope Drive**. Once you park in the structure, the Student Union is a short trek away.
- **TECH SPECS:** If you are a panelist, please be sure to have a **VGA Adapter.** An A/V Technician will be on-site throughout the day to assist with all tech matters. His name is [redacted] and he can be reached at [redacted] **or** [redacted] if you have additional questions related to tech.

Please let me know if you have any questions.

Thanks again, looking forward to meeting and seeing you all again this Saturday!

Best,
George

Hi all:

Here is some additional tech information for tomorrow's event:

Below please find the school's WiFi configuration:

-
-

Also, to clarify, we will only need 1 VGA adapter per session room. To make things as convenient as possible, I will have one on-hand and provide them to each session, so that you can connect your computer to the projector for your presentation.

Thanks in advance, and I look forward to seeing and meeting you tomorrow!

Best,
George

RE: Potential Issue in Los Feliz

10 messages

George Hakopiants <george.hakopiants@lacity.org> Mon, Oct 1, 2018 at 3:41 PM
To: Jesus Torres <jesust@epath.org>

Hi Jesus,

Hope all is well.

I wanted to reach out to you because there's a bit of a potential issue that could end up being problematic in a few months if we don't act.

I have an elderly couple in Los Feliz, in my portion of the district. They are frail and sick, and currently on Section 8. They have been living in their unit for the past 30 years, but don't speak much English.

Last month, they got a notice from their landlord that their Section 8 contract would be terminated in December. They have begun the process for starting to transfer out to a different unit, but they've been having a lot of trouble finding anything nearby.

I am reaching out because we need your assistance. Would you be able to help them find housing in either East Hollywood or Los Feliz through a Section 8 voucher? Their children are both out of state, so if they don't have anywhere to go before December, they are going to end up on the streets.

They are already extremely stressed out and it's definitely not helping their health conditions.

Please let me know if I can be helpful in this process.

Best,
George

Jesus Torres <JesusT@epath.org> Mon, Oct 1, 2018 at 8:50 PM
To: George Hakopiants <george.hakopiants@lacity.org>

Hi George

Thank you for reaching out. Would you be able to share that notice with me? I am curious that the landlord is going to terminate their Section 8, that is usually done by the housing authority.

With the information provided, I can see that they may be a potential for our prevention & diversion program.

As far as locating a unit that would accept section 8 in Los Feliz those come very rarely, in East Hollywood there may be more options.

Thank you so much, I look forward to hear from you.

If you would like to submit an outreach request please visit the Los Angeles Homeless Outreach Portal at www.la-hop.org

Thanks for your reply, Jesus.

I apologize if my wording was not clear -- their landlord is terminating the Section 8 contract with the City; in other words, he's not kicking them out, he's just making them pay full price, which they cannot afford.

They are not technically in the heart of Los Feliz, they're just north of on - which is basically East Hollywood.

I've attached the letter they received. Luckily they have Section 8 so there is a bit of a safety net for them, but the hardest part is finding a new place nearby. They don't drive and mostly walk to local places. They also only speak Armenian, so East Hollywood is a preferred location.

Please let me know how else I can help.

Best,
George

Hi George,

Would you be able to share the tenant's information? We would like to screen them over the phone and see if we can refer them to our legal partner (Inner City Law Center).

I have cc'd my managers for the program so they are aware of this incoming referral.

Thank you!

Hi Jesus,

I'm not sure if they want to go the legal route, as they are already extremely stressed out and I am concerned about what the pressure of going through the legal process would mean for them.

I can reach out and confirm with them if they want their information shared.

It would be helpful if you would be able to assist with finding something/someone that accepts Section 8 in East Hollywood, though.

Subject: Re: "Hollywood's largest and most entrenched encampment"

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!

Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com> wrote:

> Officer Rubalcava,
>
> Following are the updates on the subject:
>
> 1. Tents on Tamarind Avenue
>
> During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be

seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos

Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Gil

Mr Starkey, Officer Rubalcava, Sgt Geaney:

These just in—at the corner of Tamarind and Carlos...

<IMG_4025.jpg>

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

1-1.1	Gus Malkoun introduced team and scope per RFP	Information only		
1-1.2	Dan Halden reviewed CD/Heart of Hollywood goals Goals for CD-13 perspective include creating improvements that will: * attract higher quality uses; * support a stronger and on-brand sense of place in addition to the “idea”; * provide a cohesive and thoughtful look and feel for the boulevard; and * engage with retailers, owners, and community * provide a cohesive and pleasurable experience There are a number of existing initiatives or projects that are planned or underway, including the development of a façade improvement grant, lighting upgrades, wayfinding signage, street tree	Coordinate meeting between Gensler and BID	Dan Halden	6/8/19

inventory, and others.CD-13 will coordinate interface of these planned or existing efforts with the Gensler-led effort **1-1.3** Future of Study Per Christine Peter: * The district will need to be brought into the 21st Century * The study will be the impetus for future funding for larger/ongoing improvements			
1-2.0 **What Does Success Look Like?** Participants filled out a postcard with their individual thoughts on what project success would be. Key themes included: * Protect and preserve historic and cultural character per Secretary of Interior's standards (US Dept. of Interior) * Promote adaptive re-use of historic buildings * Balance transit options * Protect historical resources * Create more people space and less cars * Remember the glamour * Make it the best boulevard in the world	Information only		
1-3.0 **Workshop Activities** Attendees participated in a series of activities to ascertain further information on the project.			
1-3.1 **What is best about Hollywood Blvd today?** Participants commented on the successes and assets of the Boulevard: * Not so much about the physical space, more about the "aura" * Solution probably not a "shiny new" intervention, but about reinforcing character * Idea of Hollywood Walk of Fame might be bigger/better than the actual place. Challenge is having the place live up closer to the idea. * Gritty nature. Like patina, but not neglect	Information only		
1-3.2 **What is worst about Hollywood Blvd** Participants commented on the least successful aspects of the boulevard:	Information only		

* Cars, parking, and overall mobility * Smell * Ad hoc elements * Visual clutter * No sense of place / feels like a pass-through space * Slipping/falling (due to terrazzo material) * Lack of cohesion			
1-3.2 Where are the Areas of Greatest Need Participants placed dots on a physical map of the boulevard to identify areas in greatest need of attention. Participants then provided additional verbal commentary in a group discussion, summarized below and organized according to theme: * Overall Strategy o Whole boulevard is ad hoc, need an "A through Z formula" o Landscaping feels hodge-podge o Intersection at Capitol Records Building feels like a missed opportunity – the view down Hollywood Blvd and Vine Street is not emphasized o Consider some sort of gateway a look and feel rather than a installing a literal gateway o There should be a real visible connection to the historic points along the Walk of Fame such as the plaque at Selma and Vine noting that it was the location of the first feature film shoot is an example o The key question should be what can we take away? Perhaps aim for a 50% reduction in "stuff," and maintain/add back 25% o There could be a stronger connection to Hollywood Bowl o AR/VR is great; not intrusive on the physical streetscape but adds an interesting layer to the experience o Needs to be cohesively organized for the various functions a healthy street should have. Right now, it is more a time capsule of all the various short-lived attempts to improve it over the last 30 years. * Existing Streetscape Elements o Existing conditions need to be looked at	Information only		

  closely
  - Bump-outs are not serving intended purpose and have functional issues

- Pedestrian Experience
  - In many sections, the sidewalk becomes too narrow and is exhausting to move through as a pedestrian, due to crowds and noise

- Traffic/Parking Issues
  - Too many cars are speeding
  - Uber and Lyfts could only drop-off at places off the boulevard
  - Parking garages in the district are underutilized
  - Better parking signage is needed to direct drivers to parking garages
  - The traffic situation must be solved; A Bump-outs have created snarls due to removal of right-turn lanes.
  - We need to “wean” drivers off Hollywood Blvd. so it’s no longer a pass-through arterial.
  - Too much cut-through traffic
  - Hollywood Boulevard should not be just a route to the Walk of Fame; it should be the destination and feel as such.

- Retail
  - Property owner engagement is needed to fix tenanting
  - How can the boulevard gain traction to overcome bad retail?
  - The boulevard needs more retail focused on residents (Musso’s and Mama Shelter are good examples of neighborhood places that also attract tourists and users outside the neighborhood)
  - Sidewalk dining is desired, but it needs to be done in a way that “takes the pressure off the stars” (i.e., not having activities occur directly on top of the stars)

- Visitor Demographics
  - Hollywood Boulevard is safer than ever, but nobody knows
  - Need more welcoming street furniture
  - Need to design something to help balance the demographics

	o There aren't many places where residents and tourists are co-mingling			
1-4.0	**Process/Schedule**			
1-4.1	The schedule is for approximately 12 weeks.	Send schedule to BOE	Gensler	6/3
1-4.2	Contract must be awarded by September 30. Construction contract will first be awarded to GSD to protect the funding Environmental CEQA clearance will take a minimum of 4 months to process assuming project qualifies as a Class 31 Notice of Exemption with technical studies . Class 31 is available if historic resources are protected to Secretary of Interior's standards. It was discussed that if BOE Hollywood Walk of Fame specs. were followed this would likely happen. If there are impacts to mitigate that cannot be handled by redesign (e.g., traffic), then an Initial Study/Mitigated Negative Declaration would be necessary and take 6 to 9 mos. to complete. If impacts cannot be mitigated, then a Focused EIR would be necessary taking 12 to 18 mos. The Federal NEPA environmental clearance would take longer under each scenario. NEPA would be necessary if project is federally funded. Technical studies would likely include: air quality, greenhouse gases, cultural resources, biological, traffic/circulation, hazardous materials, aesthetics/visual effects, and construction noise.	Award contract to GSD	BOE	9/30
1-4.3	Environmental assessment can begin after project is defined, but must be completed prior to final project approval. Final project approval is normally determined by approval of project construction funding/issuance of construction contracts. This was identified as a timing issue in that the conceptual design would not be completed for 12 weeks, leaving little time to perform CEQA prior to 9/30/19.	Discuss internally	BOE	ASAP
1-4.4	The focus group will be identified by CD 13. The meeting is scheduled for 6.19	Determine focus group participants and send meeting notice	City/CD-13	ASAP
1-5.0	**Wrap Up** Participants discussed miscellaneous items, including:	Information only		

* Achieving buy-in of DSS, LADOT, and others over the long-term will be critical to the success of this project * CAO/CLA will need to be involved in order to make the case for additional funding * Pricing and other design information will need to be readily available to be presented for funding opportunities * What was done in front of the W Hotel and other newer projects may offer insight on how the stars need to be/can be treated/restored/relocated * As it seemed to be a related project, BOE/EMG asked CD-13 how the CEQA for the Hollywood BID lighting project would be handled. (CD-13) * BOE/EMG asked CD-13 for the results of the tree inventory when finished. (CD-13) * BOE/EMG asked Gensler subconsultant for the traffic data when collected, estimated time was 3 weeks. (Gensler)

Claudia,
This is the agreement we use when we provide our drawings to a third party who is requesting it. You would have to switch reference to the parties, but it includes the terms and a release of liability that HHT.

Do you think this would work?

Hi Lauren,
When you are able, would you please draft a letter for us regarding the use of CAD base drawings for our HWOF project that will relieve the liability for HHT? These are for design only, not for constructions documents.
When do you think you will be able to get that out?
Thanks.
Claudia

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make*PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Data Transfer Agreement

Gensler

Entity Requesting Data ("Transferee")	**Transferee Contact Name**
Project	**Project Number**
Client	**Date**
	File 1DTA **This is page 1 of**

Transferee has asked Gensler to provide electronic copies of, or access to, certain drawings, specifications, or other documents, CAD data files, and/or building information models (collectively, "Data") prepared by Gensler and/or its consultants (collectively "Gensler") for the Project. Gensler agrees to provide Transferee with the requested Data, under the terms of this Data Transfer Agreement ("Agreement").

1. The transfer of the Data is not and shall not be deemed a sale. The Data are instruments of service. Gensler shall be deemed the Data's author and shall retain all proprietary rights, including any copyrights, embodied therein.

2. Transferee may transfer the Data to its contractors, subcontractors, suppliers, and consultants (collectively "Others"), provided Transferee requires the Others to be bound by this Agreement as if they were the Transferee in this Agreement. Transferee and Others may use the Data only for purposes related to the Projects.

3. Transferee acknowledges that anomalies and errors may occur when the Data is transferred electronically or used in an incompatible computer environment. Transferee solely accepts the risks associated with, and the responsibility for, any damages to hardware, software, computer systems, or networks related to the Data's transfer or use. Gensler shall have no responsibility to provide software or training to allow Transferee to use the Data.

4. Gensler shall have no duty to modify or update the Data. Gensler may retain an archival copy of the Data, which shall be conclusive proof and govern in any dispute over the Data's form or content.

5. Transferee agrees to indemnify, defend and hold Gensler, its officers, directors, shareholders, employees, agents, and consultants harmless from and against any and all claims, liabilities, suits, demands, losses, damages, costs, and expenses, including, but not limited to, reasonable attorneys' fees and all legal expenses and fees incurred through appeal, and all interest thereon, accruing to or resulting from any and all persons, firms or any other legal entities on account of any damages or losses to property or persons, including, but not limited to, injuries, death or economic losses, arising out of Transferee's or Others' use, reuse, transfer, or modification of the Data, except where a court or forum of competent jurisdiction determines that Gensler is solely liable for such damages or losses.

6. If Transferee fails to perform or observe any of the terms of this Agreement, Gensler may demand, and Transferee immediately shall return, the Data and any copies thereof.

7. To the extent the Data include building information models ("Models"), the parties agree to the following additional terms: (i) The Models are intended for the purpose of communicating design intent. While they may be helpful to illustrate conflicts or inconsistencies in the design, the Models may not detect all conflicts or inconsistencies. (ii) Any use of the Models for the purpose of generating quantity take-offs or cost estimates, or for fabrication, will be at the Transferee's sole risk. (iii) As with Gensler's other services and deliverables, the Models will be prepared using that degree of skill and care exercised by licensed professionals practicing in the same community, under the same or similar circumstances. The Models may contain, or be based upon, data or information provided by others. Gensler has relied upon such data or information as it consistent with this standard of care. (iv) Information contained in the Models will not be construed to dictate construction means or methods, which will remain the contractor's responsibility. (v) To the extent of any conflict between information contained in, or generated by, the Models and Gensler's drawings and specifications, the latter documents will prevail.

8. This Agreement shall be governed by the law of the location of Gensler's office, Insert city, state of Gensler's office.

9. In any legal proceeding to enforce this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees and costs of defense.

10. Unless otherwise explicitly agreed to in writing by the parties, this Agreement shall govern any and all data transfers to Transferee by Gensler.

Subject: Re: "Hollywood's largest and most entrenched encampment"

I see I'm not the only one that started their holiday like this. I was taking my baby out for a walk when I see this on our sidewalk. Grill, beers, dog off leash, lawn chair and all. How was I suppose to go pass them? By walking on the street.

On Jul 4, 2019, at 1:48 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

My Independence Day began at 1am with fireworks set off on dry grass by the tent dwellers at approximately 1765 Tamarind Avenue (see photo). And continued this morning with shouting and dogs off leashes barking 5-6 feet outside our home (hear attached clips). They're occupying all surrounding sidewalks while their tents remain up; cooking up vittles over raging open fires on the lawn and under the trees (see photos). The earthquake was less troubling than streets around our homes.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them?
POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

> With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks**. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are

finally getting clean and the tents are slowly disappearing one by one. Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

I would also like to add that more and more of the big garbage cans are appearing every day and have been put on all the corners of Carlos and Tamarind streets; clearly saying: "Welcome home - feel comfortable, here are the

garbage cans if you possibly ever decide to throw a trash in the garbage instead of on the street."
Do we really have to go through this summer smelling human waste all around us... And be at peace with it?

On Fri, Apr 26, 2019, 9:30 PM Amalisha <love4allsouls@gmail.com> wrote:

Officer Rubalcava,
We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that something solid would finally be done.
Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse.
Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com> wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Gil

Mr

Starkey, Officer Rubalcava, Sgt Geaney:

These just in—at the corner of Tamarind and Carlos...

<IMG_4025.jpg>

Just one of the many that have “sprouted” over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by any more, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent’s right side, are at least four more older tents.

Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the “Car los' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them

!

Cora

Photos of Activities

ITEM		ACTION	BY	DATE
1-1.0	**Introduction**			
1-1.1	Gus Malkoun introduced team and scope per RFP	Information only		
1-1.2	Dan Halden reviewed CD/Heart of Hollywood goals Goals for CD-13 perspective include creating improvements that will: • attract higher quality uses; • support a stronger and on-brand sense of place in addition to the "idea"; • provide a cohesive and thoughtful look and feel for the boulevard; and • engage with retailers, owners, and community • provide a cohesive and pleasurable experience			
	There are a number of existing initiatives or projects that are planned or underway, including the development of a façade improvement grant, lighting upgrades, wayfinding signage, street tree inventory, and others.CD-13 will coordinate interface of these planned or existing efforts with the Gensler-led effort	Coordinate meeting between Gensler and BID	Dan Halden	6/8/19
1-1.3	Future of Study Per Christine Peter:			

	- The district will need to be brought into the 21st Century - The study will be the impetus for future funding for larger/ongoing improvements			
1-2.0	**What Does Success Look Like?** Participants filled out a postcard with their individual thoughts on what project success would be. Key themes included: - Protect and preserve historic and cultural character - Promote adaptive re-use of historic buildings - Balance transit options - Protect historical resources - Create more people space and less cars - Remember the glamour - Make it the best boulevard in the world	Information only		
1-3.0	**Workshop Activities** Attendees participated in a series of activities to ascertain further information on the project.			
1-3.1	**What is best about Hollywood Blvd today?** Participants commented on the successes and assets of the Boulevard: - Not so much about the physical space, more about the "aura" - Solution probably not a "shiny new" intervention, but about reinforcing character - Idea of Hollywood Walk of Fame might be bigger/better than the actual place. Challenge is having the place live up closer to the idea. - Gritty nature. Like patina, but not neglect	Information only		
1-3.2	**What is worst about Hollywood Blvd** Participants commented on the least successful aspects of the boulevard: - Cars, parking, and overall mobility - Smell - Ad hoc elements - Visual clutter - No sense of place / feels like a pass-through space - Slipping/falling (due to terrazzo material) - Lack of cohesion	Information only		

1-3.2 Where are the Areas of Greatest Need

Participants placed dots on a physical map of the boulevard to identify areas in greatest need of attention. Participants then provided additional verbal commentary in a group discussion, summarized below and organized according to theme:

Information only

- Overall Strategy
    - Whole boulevard is ad hoc, need an "A through Z formula"
    - Landscaping feels hodge-podge
    - Intersection at Capitol Records Building feels like a missed opportunity – the view down Hollywood Blvd and Vine Street is not emphasized
    - Consider some sort of gateway a look and feel rather than a installing a literal gateway
    - There should be a real visible connection to the historic points along the Walk of Fame such as the plaque at Selma and Vine noting that it was the location of the first feature film shoot is an example
    - The key question should be what can we take away? Perhaps aim for a 50% reduction in "stuff," and maintain/add back 25%
    - There could be a stronger connection to Hollywood Bowl
    - AR/VR is great; not intrusive on the physical streetscape but adds an interesting layer to the experience
    - Needs to be cohesively organized for the various functions a healthy street should have. Right now, it is more a time capsule of all the various short-lived attempts to improve it over the last 30 years.

- Existing Streetscape Elements
    - Existing conditions need to be looked at closely
    - Bump-outs are not serving intended purpose and have functional issues

- Pedestrian Experience
    - In many sections, the sidewalk becomes too narrow and is exhausting to move through as a pedestrian, due to crowds and noise

- Traffic/Parking Issues
    - Too many cars are speeding
    - Uber and Lyfts could only drop-off at places off the boulevard
    - Parking garages in the district are underutilized

	o Better parking signage is needed to direct drivers to parking garages o The traffic situation must be solved; A Bump-outs have created snarls due to removal of right-turn lanes. o We need to "wean" drivers off Hollywood Blvd. so it's no longer a pass-through arterial. o Too much cut-through traffic o Hollywood Boulevard should not be just a route to the Walk of Fame; it should be the destination and feel as such. • Retail o Property owner engagement is needed to fix tenanting o How can the boulevard gain traction to overcome bad retail? o The boulevard needs more retail focused on residents (Musso's and Mama Shelter are good examples of neighborhood places that also attract tourists and users outside the neighborhood) o Sidewalk dining is desired, but it needs to be done in a way that "takes the pressure off the stars" (i.e., not having activities occur directly on top of the stars) • Visitor Demographics o Hollywood Boulevard is safer than ever, but nobody knows o Need more welcoming street furniture o Need to design something to help balance the demographics o There aren't many places where residents and tourists are co-mingling			
1-4.0	**Process/Schedule**			
1-4.1	The schedule is for approximately 12 weeks.	Send schedule to BOE	Gensler	6/3
1-4.2	Contract must be awarded by September 30. Construction contract will first be awarded to GSD to protect the funding Environmental clearance will take a minimum of 4 months to process via Class 31 Notice of Exemption. Pursuing a mitigated negative declaration would take much longer.	Award contract to GSD	BOE	9/30

1-4.3	Environmental assessment must be completed prior to the construction contract being awarded.	Information only		
1-4.4	The focus group will be identified by CD 13. The meeting is scheduled for 6.19	Determine focus group participants and send meeting notice	City/CD-13	ASAP
1-5.0	**Wrap Up** Participants discussed miscellaneous items, including: • Achieving buy-in of DSS, LADOT, and others over the long-term will be critical to the success of this project • CAO/CLA will need to be involved in order to make the case for additional funding • Pricing and other design information will need to be readily available to be presented for funding opportunities • What was done in front of the W Hotel and other newer projects may offer insight on how the stars need to be/can be treated/restored/relocated	Information only

Gus and Dan,
Having background files would be incredibly helpful. How about if our attorney drafts a release of liability to the Hollywood Historic Trust – would that enable them to provide us with the CAD files?
Thanks.
Claudia

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to all 2019 emails between CD13 staff and Bladimir Campos, and all emails/attachments like the one you provided in your initial email on April 18, 2019.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before May 10, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Good afternoon, Mr. Halden.

I am hoping to gain access to:

a) all emails from 2019 between CD13 staff and/or Mr. O'Farrell and Bladimir Campos

AND

b) all emails in possession of CD13 containing HE schedules from LA San like in attached example with attachments in whatever format the attachments are in per the CPRA's requirement to provide electronic records in native format. Here it is the schedules I'm looking for so I only need one copy of each such email, in case they're sent to multiple staff.

Thanks!

A.

I will be at the Trust meeting tomorrow and we can discuss then; if release includes indemnity and all the other things in my list re copyright and confidentiality, there is no problem, I just want to be sure the city and the Trust are protected from reliance/use by others, but certainly as background it would be helpful for you to have.

We are in this with you!

Thanks.

Subject: Request for Autocad Files / Hollywood Walk of Fame

Hi Linda,

Per the below email from Mr Bill Lee, please can you let us know how to get the Autocad files that you have about the Hollywood Walk of Fame. I am the Project Manager and Mr. Lee is my Senior Engineer. I am looking forward to hear from you ASAP.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Subject: Re: "Hollywood's largest and most entrenched encampment"

Greg, I agree on all counts!
First and foremost, on our streets—Carlos and Tamarind—being the most entrenched homeless encampment in Hollywood!

Even the app MyLA311 acknowledges and tags the address 1756 and 1762 Tamarind as well as 5919 Carlos as a homeless encampment area. As managers for the two properties around here, we've always encountered the "horrible tag" every time requests for Sanitation and clean up are placed. It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.

We want the police to enforce the law. There are a lot to consider in the long list you mentioned, Greg. We hope they read into these and act on them immediately. We want them to patrol the area to enforce the law and not to give thumbs up to the transgressing transients. I personally witnessed the "thumbs up" of a patrolling cop to some transient / homeless persons just the past week.

Can we do something about the dire situation please?

On Jul 1, 2019, at 12:13 PM, Greg Bass <gravydotcom@yahoo.com> wrote:

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,

In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

Cora Maclang

On May 10, 2019, at 10:26 AM, Carlos Tamarind <carlostamarind@gmail.com> wrote:

<image1.png>

Some of the tents have moved to the Cul de sac and destroyed the planters where there's a sign "No Loitering, Police Enforced".

We beg you to spare at least 2 to 3 housing units in the "Bridge" for these guys or else relocate them somewhere please?

I would also like to add that more and more of the big garbage cans are appearing every day and have been put on all the corners of Carlos and Tamarind streets; clearly saying: "Welcome home - feel comf ortable, here are the garbage cans if you possibly ever decide to throw a trash in the garbage instead of on the street." Do we really have to go through this summer smelling human waste all around us... And be at peace with it?

On Fri, Apr 26, 2019, 9:30 PM Amalisha <love4allsouls@gmail.com> wrote:

> Officer Rubalcava, We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that something solid would finally be done.

Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse.

Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com> wrote:

> Officer Rubalcava,
>
> Following are the updates on the subject:
>
> 1. Tents on Tamarind Avenue
>
> During our meeti

ng, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not tak en down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It

has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great ris

k. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue?

We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been he aring about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don’t deserve to be on the street especially in our neighborhood. Is there really a gang-like opera tion going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ag

o, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giv ing them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we

greatly appreciate any help you can provide to address the above.

Gil

Mr Starkey, Officer Rubalcava, Sgt Geaney:

These just in—at the corner of Tamarind and Carlos...

<IMG_4025.jpg>

Just one of the many that have “sprouted” over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

Cora Maclang

<image1.png>

Some of the tents have moved to the Cul de sac and destroyed the planters where there's a sign "No Loitering, Police Enforced".

We beg you to spare at least 2 to 3 housing units in the "Bridge" for these guys or else relocate them somewhere please?

also like to add that more and more of the big garbage cans are appearing every day and have been put on all the corners of Carlos and Tamarind streets; clearly saying: "Welcome home - feel comfortable, here are the garbage cans if you possibly ever decide to throw a trash in the garbage instead of on the street.” Do we really have to go through this summer smelling human waste all around us... And be at peace with it?

wrote:

Officer Rubalcava, We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that somethi ng solid would finally be done.

Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse.

Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarin

d@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the

tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind

Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two

years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, va ndalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen spe eding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Av enue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I ha d to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run wit hout a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywo od Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent

next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and pry ing open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our par king garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate an

y help you can provide to address the above.

Gil

Mr Starkey, Officer Rubalcava, Sgt Geaney:

These just in—at the corner of Tamarind and Carlos...

<IMG_4025.jpg>

Just one of the many that have “sprouted” over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They’re the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Public Records Act request 5/18/19

8 messages

Alpert, Emily <Emily.Alpert@latimes.com> Sat, May 18, 2019 at 1:31 PM
To: Tony Arranaga <tony.arranaga@lacity.org>

Dear Tony Arranaga,

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy the following, which I understand to be held by your office:

- Emails, memos and all other written communication sent or received by Councilman Mitch O'Farrell and/or staffers Craig Bullock, Amy Ablakat, Christine Peters, Jeanne Min or David Giron from 9/1/17 to the present regarding Ordinance 184873, council file 14-0268-S5 or CF 14-0268-S5, RSO Affordable Housing Exemption, RSO Amendment, RSO Replacement Unit, 14-0268-S15, and/or a hardship exemption process under the RSO

I ask for a determination on this request within 10 days of your receipt of it, and an even prompter reply if you can make that determination without having to review the records in question.

If you determine that any or all or the information qualifies for an exemption from disclosure, I ask you to note whether, as is normally the case under the Act, the exemption is discretionary, and if so whether it is necessary in this case to exercise your discretion to withhold the information.

If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you redact it for the time being and make the rest available as requested.

In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all of the information is exempt and will not be disclosed.

If I can provide any clarification that will help expedite your attention to my request, please contact me at 213-785-4286. I ask that you notify me of any duplication costs exceeding $200 before you duplicate the records so that I may decide which records I want copied.

Thank you for your time and attention to this matter.

Sincerely,

Emily Alpert Reyes

Hi Tony -- If there's anyone who could speak to me about it ahead of the meeting, that would be great. I'd like to find out if any builders in particular asked for the exemption, what prompted the motion, and how many projects might be eligible, if there's any sense of that. I'm at 213-785-4286 today. Many thanks for any help you can offer!

RSO Ellis Replacement Unit Exemption Motion

4 messages

Anna Ortega <anna.ortega@lacity.org> Thu, Apr 25, 2019 at 3:32 PM
To: Matthew Glesne <matthew.glesne@lacity.org>
Cc: Craig Bullock <craig.bullock@lacity.org>

Hi Matt,

I need to speak with you about the attached motion related to 4900 Hollywood Project.

The developer contends that this property is the only RSO property that this would apply to. So, those would be projects that have affordability restrictions for very low income for at least 15% of the units, approved by June 3, 2017. How can we confirm this?

Craig Bullock thought you would be the person to speak to. Can you help me or refer me to someone?

Thanks much.

Anna Ortega | Director - Rent Stabilization Division
Housing + Community Investment Department (HCIDLA)

Hi Matthew,

Circling back, can you assist in determining projects that had Planning approval for 15% very low income units by June 4, 2017. Or refer us to staff person in your shop?

I believe this item will go back to Housing Committee May 22, so want to be able to respond to developer's assertion that this is the only RSO project with this situation.

Thanks.

Anna Ortega | Director - Rent Stabilization Division
Housing + Community Investment Department (HCIDLA)

My apologies on the delay... we just got the information back from our systems staff.

It does appear this is the only CUP for Density Greater than 35% (which have higher affordability requirements than normal Density Bonus) that also involved demolition of rental units. There was one other case where 2 single-family homes on 2 lots were demolished (255 and 257 Mariposa) - but they do not appear to be RSO.

However, I don't think we can say with 100% certainty that this is the only project in the City where they had higher affordability levels and demolished RSO units. It is likely there are some 100% affordable projects (that did not go through the CUP) that demolished rental units.

To: Matthew Glesne <matthew.glesne@lacity.org>

Hi Matt,

As always, great speaking with you.

Councilmember O'Farrell introduced a motion (http://clkrep.lacity.org/onlinedocs/2014/14-0268-S15_mot_12-12-2018.pdf) on December 12th to remedy a situation that was created by an amendment to the RSO in 2017. As you may recall, the RSO was amended by the City Council to change the replacement provision of rent stabilized units (20% greater / less). This change, unfortunately, makes the proposed development at 4900 Hollywood Blvd no longer viable, which prevents the construction of 150 housing units, including 24 very low income units. Apparently the amended ordinance did not include a hardship exemption provision which is what we are now seeking to do to allow this proposed project to submit one to HCIDLA. HCIDLA has concurred with the applicant that there is a hardship created by this provision, though they differ on the degree of the hardship. We believed that HCIDLA has the authority to remedy this, we have been advised that it does not which is why we are pursuing this action.

Housing production is very important to the councilmember, especially affordable housing and housing near transit (Sunset-Vermont Station). The RSO is also very important to him as well, however. The motion includes stringent filters to prevent a flood of hardship exemption filings. In fact, it is our belief that the project would be the only one to qualify. Would it be possible for you to confirm that?

The attached memo was written as a justification for why HCIDLA has the authority to administratively approve this. While that portion of the memo isn't relevant, it does have other useful information about the time frame and the project. Please let me know if you have any questions.

Thank you!

Craig

To: Anna Ortega <anna.ortega@lacity.org>, Craig Bullock <craig.bullock@lacity.org>

Hello Craig, Anna:

FYI the Housing Committee next meets on May 8th and May 22nd. While May 8th will be focused on the Con Plan, it's possible we can schedule the Motion as long as HCID has already met with selected tenant advocates in advance of the Committee meeting and the Council Member is able to say that step was taken to educate them that the exemption does not reflect a sweeping policy change but is narrow; also hopefully there would not be extended public comment because they understand that. Alternatively May 22nd is also available.

Just wanted to tag base

yes I believe she is one person who has weighed in on the narrow proposal. Anna of HCIDLA is taking the lead in inviting key tenant advocates and will be inviting the Council Offices to sit in- I believe she is targeting this Friday. I will be out of the office on Friday so if you are able to participate, much appreciated.

No, while Susan did speak against this proposed amendment re: amendment of the Ellis hardship exemption on replacement units, the real issue Susan is interested in something a little different> She is really interested in removing previously granted exemptions from the RSO for units approved for exemptions for Substantial Renovation or Luxury exemptions. We will report back on that.

Unfortunately we did not have time to run it and I had to do another story instead about Governor Newsom's child allowance proposal.

Thank you for sending the information though.

> Hi Nancy-
>
> Councilmember O'Farrell introduced a motion to address an oversight created by changes made to the last Rent Stabilization Ordinance (RSO) in 2017. In approving revisions to the RSO, the City Council unknowingly moved the goal post that negatively impacted already approved projects with affordable housing units in excess of those required at the time of approval. The correction is only applicable to projects that received discretionary approval before June 4, 2017 (the effective date of the ordinance), and for projects that had a minimum of 15 % of the total units restricted to Very Low Income households.
>
> For example, one project in Council District 13 ensnared by the City's actions would allow for the construction of a 150 unit mixed-use development with 24 Very Low Income units (representing 28 percent of the base density units or 16 percent of the total units) where no housing currently exists. The project was approved by the City prior to the changes to the RSO.

The RSO motion that you might want to focus on addresses RSO citywide. See this council file link:

https://cityclerk.lacity.org/m.clerkconnect/#CFIResult&ui-state=dialog

We are working with staff on the next steps to examine all available options to adjust the Rent Stabilization Ordinance as well as how best to offset this reduction in rent stabilized housing.

Tony

Hello,

We need fewer loopholes (not more) and more restrictions (not less) on developers in Los Angeles. The real housing crisis is about lack of truly AFFORDABLE housing. We need to keep what little affordable housing that's left by instituting FULL, strict rent control with no loopholes. That means NO more Ellis Act, NO more Costa Hawkins. Rent control for ALL units regardless of age of building or number of units, etc. The gap between rich and poor is increasing, people are having to pay a higher and higher percentage of their income (which hardly ever increases) for rent (which is increasing exponentially), homelessness is at crisis levels, and this city is turning into a playground for the rich. Boring. Gross. Developers are knocking down what character is left here while our officials are in their pockets.
We also need rent control for small businesses. And we wonder why there is gentrification? And we blame individuals instead of the developers and lack of laws restricting corporate real estate greed.
Do you want LA to lose all of its character and characters, working class, artists, everyone who makes this city vibrant and interesting?
Please start sticking up for the real people here, who I guess voted you in.

Thank you!

Council Motions

Introduced in the Council meeting of December 12, 2018

The following Council Motions were introduced during today's City Council meeting. Council file numbers have not been assigned at this time and are currently being processed. To obtain the Council file numbers, please refer to the Council and Committee Referral "Hot Sheet" for the date listed above.

[illegible]

MOTION

On April 6, 2017, a grant deed was recorded with the Los Angeles County Recorder documenting the sale of the properties located at 1745 and 1749 West Vernon Avenue. On June 15, 2018, the Bureau of Street Services (BSS) issued a 30-Day Notice of Street Work for Vernon Avenue, from Western Avenue to Arlington Avenue. Work was performed on Vernon Avenue, from Western Avenue to Arlington Avenue between Saturday, August 11, 2018 and Sunday, August 12, 2018.

The 30-Day Notice of Street Work was sent to the incorrect business address of the current property owner. As a result, the current owner did not receive notice of the planned street work. The new owner wishes to obtain a permit to install eight water meters and a new gas line for the properties and did not have an opportunity to coordinate with the planned street work.

An exception to the City's one-year street cut moratorium is necessary to allow the current owner of the properties located at 1745 and 1749 West Vernon Avenue to install the water meters and gas line. Los Angeles Municipal Code Section 62.06(D) provides that exceptions to the City's one-year street cut moratorium may be granted when it can be demonstrated that the City's 30-day notice of a scheduled resurfacing project was not mailed to the correct property owner of record at the time of the notification.

I THEREFORE MOVE that pursuant to Los Angeles Municipal Code Section 62.06(D), the City Council approve an exception to the City's one-year street cut moratorium on Vernon Avenue, from Western Avenue to Arlington Avenue, to allow the installation of eight water meters and a new gas line for the properties located at 1745 and 1749 West Vernon Avenue.

I FURTHER MOVE that the applicant be required to properly repair and resurface the street cut area, in accordance with the Bureau of Engineering requirements and standards, and upon completion of the work, the repaired street cut be inspected by the Bureau of Contract Administration to maximize the longevity of the street.

DEC 1 2 2018

MOTION

On November 21, 2018 (C.F. 18-1097), the City Council approved the sale of the Casa De Rosas Campus located at 2600 Hoover Street and 954 West Adams Boulevard (APN 5123-001-900) at a Purchase Price of a Fair Market Value appraisal, less the amount of the outstanding State Housing and Community Development (HCD) lien (which will be assumed by the Buyer as a condition of sale). The City Council also requested the City Attorney to prepare and present an ordinance for sale of the property at Fair Market Value, less the amount of the outstanding HCD lien. Subsequent to the actions of the City Council, the City Attorney has transmitted a sales ordinance for the sale of the property at Fair Market Value, less the amount of the outstanding HCD lien.

Council action is now needed to authorize the Housing and Community Investment Department (HCIDLA) to negotiate and execute a loan agreement(s) to finance the sale of the Project site.

I THEREFORE MOVE that the City Council request the City Attorney to prepare, and authorize the General Manager of the Housing and Community Investment Department (HCIDLA) to negotiate and execute, all loan related and other ancillary documents required for the sale of 2600 Hoover Street and 954 West Adams Boulevard (APN 5123-001-900) to Casa de Rosas Campus, L.P. (Buyer); and

I FURTHER MOVE that the HCIDLA be authorized to prepare Controller Instructions and/or make any technical adjustments that may be required and are consistent with this action subject to the approval of the CAO and instruct the Controller to implement these instructions.

[illegible]

MOTION

Geographic information system (GIS) software supports primary operations in 20 City departments, bureaus and elected offices by providing a variety of software and cloud based solutions through the City-wide contract (C-59756), or Enterprise Agreement (EA). The GIS information utilized by the 20 departments and bureaus identified below include location and geographic data that the various agencies utilize on a real-time basis to perform geographic analysis and to provide special reimbursable services, to the public and other governmental agencies, such as preparing/producing maps for constituents visiting public counters, the issuance of building and public works permits, zoning and land use decisions, dispatching for fire and police services, crime analysis, management of water and power assets, asset management at the Harbor, emergency management, truck routing for trash collection and many other critical services.

In prior fiscal years, City departments and bureaus purchased GIS software licenses individually and also paid their software maintenance fees separately. The City had executed an EA with the vendor ESRI for the last contract. In Fiscal Year 2016-17, a new City-wide contract (C-59756), or EA was approved, requiring sufficient funding so that the City could remit its annual payment of $1.8 Million to the vendor, ESRI. Under this existing EA with ESRI, the GIS software licensing and annual maintenance fees, including periodic software upgrades, is coordinated by one City Department or Bureau, on behalf of the City. Continuing as the Contract Administrator for the final year of this EA, the Bureau of Engineering will coordinate the annual $1.8 Million payment to ESRI for the continuation of GIS software licenses and maintenance services, for the last fiscal year of the EA (FY 18-19).

To ensure the payment of the $1.8 Million to ESRI for FY 2018-19 GIS software and maintenance services, the Bureau of Engineering requires all 20 departments and bureaus to provide funding for their portion of the $1.8 Million payment to ESRI. In prior fiscal years, some City departments transferred funds using interdepartmental orders to pay for their share of the licensing cost. Other departments received direct billing from the City Administrative Office (CAO) requesting that payments be remitted directly to the Special Services fund used to pay the vendor. These methods are no longer efficient, since departments procedures in processing interdepartmental orders and payment processes vary significantly and have caused exceedingly long delays in paying the vendor in a timely manner. The City can only submit one annual payment and thus has had to wait for all the departments and bureaus to transfer their payments into the special services fund before the vendor can be paid.

To ensure that there is no lapse in services provided by ESRI during FY 2018-19, approval of the recommendations below would streamline the payment process for both the City and the vendor. Requesting all the participating departments and bureaus coordinate with the Controller's Office and provide the funding and account information in advance by date certain, allows the Controller's Office to make technical accounting corrections as necessary to ensure accurate funding transfers are done in a timely manner and thus avoid the City have any lapse in services. City Council and Mayoral approval is required to authorize the transfer of funds by various City departments and bureaus to the Bureau of Engineering prior to the end of the current FY. The Bureau of Engineering would then be able to remit payment to ESRI prior to the end of the current FY to ensure there is no lapse in service for FY 2018-19.

The EA with ESRI is for the term of July 1, 2016 through June 30, 2019. This is the final year of the current EA with ESRI.

I THEREFORE MOVE, to ensure the continued benefits of the GIS software and maintenance support services during FY 2018-19, and that the City Council and Mayor:

1. REQUEST the Controller to transfer as soon as possible, the following amounts from the City Departments and Bureaus identified below, totaling $1,800,000 to the Engineering Special Services Fund, Fund No. 682, Department No. 50, Appropriation Unit No. 50NVAN-Citywide Enterprise License Agreement-ESRI, Inc., so that the Bureau of Engineering can make full payment on the annual payment to ESRI for its special GIS related services.

From:

Department / Bureau Name	Fund No.	Dept. No.	Appropriation Unit No.	Amount

MOTION

There is a homelessness crisis in the City of Los Angeles. According to the 2018 Point-in-time Homeless Count, there are approximately 22,887 unsheltered homeless individuals in the City of Los Angeles of which 2,169 (494 living in vehicles) are unsheltered people experiencing homelessness in Council District 1.

The City owns the sites at 503 N. San Fernando Rd that has approximately 20,000 square-feet of vacant land and 499 N. San Fernando Rd that has approximately 21,000 square-feet of vacant land. Both vacant parcels are controlled by the General Services Department.

In order to best address the problem of homelessness in the City, and help unsheltered homeless enter interim temporary shelter we need to increase our bed capacity Citywide including Council District 1 beyond what is currently available. Therefore, staff should be instructed to evaluate the properties and report on its availability and feasibility to be utilized as temporary crisis bridge housing.

I THEREFORE MOVE that the City Council instruct the City Administrative Officer, with the assistance of the Chief Legislative Analyst, the Bureau of Engineering, the General Services Department, the Department of Building and Safety, the Los Angeles Homeless Services Authority, and any other affected City department, to evaluate the availability and feasibility of the property at 503 N. San Fernando Rd an 499 N. San Fernando Rd to determine if the property is suitable and could be available for use as emergency shelter as part of the "A Bridge Home" program; and

I FURTHER MOVE that if any of the properties are determined to be available and suitable for A Bridge Home, the City Council instruct the City Administrative Officer to coordinate with the appropriate City departments to coordinate with Council District 1 to ensure community outreach and identifying the funding sources such as but not limited to HEAP, Measure H, and Prop HHH, and partners needed to proceed with site development and operations.

DEC 12 2018

In February 2018, the California Department of Housing and Community Development (HCD) released its Statewide Housing Assessment 2025 (Assessment). The Assessment indicated that while California continues to have a strong housing demand, housing construction is constrained by regulatory barriers, high costs, and reduced public resources. These factors have led to an environment where housing demand continues to outpace housing supply.

State housing element law requires the City to show that it has adequate land zoned to accommodate expected population growth. The figure is called the Regional Housing Needs Assessment (RHNA). For the 8-year RHNA period (2014-2021), the number of housing units estimated to be needed in Los Angeles is 82,002 as denoted in the City's 2013-2021 Update to the Housing Element of the General Plan, and adopted by the Council on October 7, 2014 (Council File No. 13-1389).

There is a growing consensus that in California, the process by which new housing is approved can be cumbersome, time consuming, and expensive. In response to growing concern over the state's housing shortage, efforts are being made at the state and local level to streamline the process for constructing new housing projects and reduce costs associated with the approval and construction of new housing. Recently, the City of Sacramento adopted a proposal reducing certain development impact fees for affordable dwelling units to a zero dollar rate in an attempt to remove some of the barriers to new housing development. The City of Los Angeles should explore all possible avenues for reducing the timeline, process, and costs related to the construction of new affordable housing. The reductions should remain in place until a permanent solution can be found, or until the City determines that reduced revenues are detrimentally impacting the ability to fund necessary infrastructure.

I THEREFORE MOVE that the City Administrative Officer, with the assistance of the Planning Department, Department of Building and Safety, Housing & Community Investment Department, Department of Transportation, Bureau of Engineering, Bureau of Sanitation, Los Angeles Fire Department, and Department of Water & Power, in consultation with the City Attorney, be directed to convene a working group with the goal of preparing a report and new departmental procedures relative to alleviating any barriers to expediting housing production, including but not limited to the following:

1. a housing development fee assessment, evaluating all fees associated with the approval and construction of new housing projects including development impact, permit, processing fees and any other fees associated with housing development and report on the feasibility of reducing those fees to or near zero for priority projects;

2. a review of the current process for approving new housing projects and identify opportunities to streamline and expedite the process; and

3. the feasibility of creating an '*Affordable Housing Development Fast Track Program*' which would allow affordable housing projects to benefit from an expedited approval process.

DEC 1 2 2018

MOTION

On Wednesday, August 1, 2018, at approximately 7:45pm, 20-year old Karrion Doss and his friend, 20-year old Assante Clark, were walking east on 80th Street near Hoover Street in the Vermont Knolls neighborhood of Los Angeles when they were approached by two unknown persons. The unknown persons then opened fire on Mr. Doss and Mr. Clark. Mr. Doss was struck by the gunfire, and collapsed in the street. Mr. Clark was able to flee the scene, and escaped injury. Mr. Doss was transported to the hospital by Fire Department paramedics, but succumbed to his injuries shortly after arriving. To date, the detectives investigating this crime have not been able to identify the suspects in this crime, and believe that a monetary reward may compel members of the public to provide information related to his death.

The persons responsible for this crime represent an ongoing threat to the safety of the people of Los Angeles; therefore, it is appropriate for the City of Los Angeles to offer a reward for information leading to the identification, apprehension and conviction of the persons responsible for the death of Karrion Doss.

I THEREFORE MOVE that by adoption of this Motion, the City Council provide an offer of reward for information leading to the identification, apprehension, and conviction of the persons responsible for the death of Karrion Doss on August 1, 2018, and in support thereof, make the following findings pursuant to Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code:

1. That the death of Karrion Doss was caused by the willful misconduct of one or more persons.
2. That this offer of reward is consistent with and taken for the immediate protection of the public peace, health and safety of local residents, as well as visitors to the City, and is consistent with the need to arrest and convict the persons who, because of not being apprehended, could by their actions further terrorize and present a continuing and immediate menace to the rights of persons in the City.
3. That what happened to the victim is an especially disturbing crime and therefore, as a matter of public policy, the City hereby offers a reward as an added inducement for persons to come forward with information leading to the identification, apprehension and conviction of the persons responsible for the death of Karrion Doss.
4. That the sum of $50,000 shall be the aggregate maximum sum of any payment or payments of a City reward in this instance.
5. That the offer of reward shall be in effect for six months from the date of the advertisement of the reward by the City Clerk.

I FURTHER MOVE that the City Clerk be directed to cause notices and/or advertisements to be duly published according to the requirements of Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code, and to thereby cause the offer of reward to become effective.

I FURTHER MOVE that the City Clerk be directed to publish the reward notice in the "Our Weekly," "Los Angeles Sentinel" and "LA Watts Times," in addition to the regular publications used by the City Clerk for reward notices, to ensure adequate community notice.

DEC 19 2018

MOTION

On November 8, 2016, voters approved Proposition HHH (Prop HHH) on the State's General Election ballot which authorized the City to issue up to $1.2 billion General Obligation bonds (GO bonds) to finance the development of permanent supportive housing (PSH), affordable housing, and facilities. The proposition was designed to provide permanent housing for chronically homeless households and individuals. It has been two years since the passage of this proposition and we currently have no completed HHH projects.

With over 35,000 people experiencing homelessness throughout the City of Los Angeles it is imperative that we adamantly look for more ways to expedite the development of housing. Currently, the Housing Community Investment Department (HCID) has committed $556,753,423 towards HHH projects throughout the City and 1,581 units will be built for the chronically homeless and 2,810 units will be built for supportive housing once these developments have been completed.

HCID has recently implemented the Prop HHH Supplemental Funding program that provides a "boost" to developments that are within "Opportunity Areas" in an effort to incentivize more equitable development for projects that are developed in higher resourced census tracts. This model was adopted using the California Tax Credit Allocation Committee's (TCAC) Opportunity Mapping Tool, which identifies opportunity areas by Highest, High, Moderate, Low and High Segregation & Poverty Resource Areas. Although this is a practical effort in the right direction to address the equitability of allocating HHH funds, it does not adequately address the market and economic conditions in a City as diverse as Los Angeles.

Los Angeles is unique in that market values vary dramatically throughout the City. The current Prop HHH Supplement does not account for these extreme differences in market values and economic conditions, which is evident in the historical allocation distributions. Of the 55 projects that the City has committed funding towards, there have been no supplemental allocations for High and Highest Resource Areas.

Furthermore, HCID in collaboration with the Housing Authority of the City of Los Angeles recently completed an Assessment of Fair Housing Plan 2018-2023 where they clearly defined factors that contribute to income inequality. The report noted that the high placement of homeless individuals in South and East LA will continue to perpetuate existing segregation patterns by race and income.

I THEREFORE MOVE that the Housing Community Investment Department, with the assistance of the Chief Legislative Analyst be instructed to report within 120 days with an analysis assessing the feasibility of providing additional subsidies or more favorable allocation terms to High and Highest Opportunity Areas to ensure that we address the equitable distribution of funding for HHH projects throughout the City.

MOTION

Improving the daily safety of pedestrians, bicyclists and drivers is a top priority throughout the City of Los Angeles. The commuter experience along Vermont Avenue has worsened as the street and sidewalk infrastructure has aged and fallen into disrepair. Various improvements necessary to enhance safety along Vermont Avenue, between Hollywood Boulevard and Franklin Avenue, have recently been identified, including sidewalk repair, curb cuts, pedestrian ramps, tree planting, and the installation of a traffic light.

Funds are available to Council District 4 through taxable CRA/LA Excess Bond Proceeds from the East Hollywood/Beverly Normandie Redevelopment Project Area that can help fund the Vermont Avenue Public Improvements project. In accordance with policies adopted by Council (C.F. 14-1174) related to the CRA/LA Bond Expenditure Agreement and Bond Spending Plan, any proposal to expend CRA/LA Excess Bond Proceeds shall be initiated by Council Motion. Proposals will be reviewed by the CRA/LA Bond Oversight Committee, Economic Development Committee, and any other applicable committee with final recommendations presented to the Council and Mayor for final consideration and approval. The use of taxable CRA/LA Excess Bond Proceeds towards projects that benefit a Promise Zone in the East Hollywood/Beverly Normandie Redevelopment Project Area is identified as an eligible expense in the Bond Expenditure Agreement and Bond Spending Plan.

I THEREFORE MOVE that the Council authorize the expenditure of all remaining taxable CRA/LA Excess Bond Proceeds available to Council District 4, including any earned interest, from the East Hollywood/Beverly Normandie Redevelopment Project Area, to be utilized by the Department of Transportation, Bureau of Street Services, and Bureau of Street Lighting to install and repair public improvements along Vermont Avenue; and

I FURTHER MOVE that the Economic and Workforce Development Department, with the assistance of the City Administrative Officer, Chief Legislative Analyst, Department of Transportation, Bureau of Sanitation, and any other applicable City department, provide a report with recommendations to the CRA/LA Bond Oversight Committee to allocate all remaining taxable CRA/LA Excess Bond Proceeds available to Council District 4, including any interest, for a public improvement project benefitting a Promise Zone as identified in the Bond Expenditure Agreement and Bond Spending Plan for the East Hollywood/Beverly Normandie Redevelopment Project Area.

MOTION

The population of the City of Los Angeles continues to grow, and with that growth comes the need for more housing. The challenge is to accommodate residential development in a sustainable way that respects the collection of the unique neighborhoods that characterizes Los Angeles, while at the same time ensuring residents a high quality of life, a vibrant economy, and accessibility to jobs, open space, and urban amenities.

The City's General Plan lays out the strategy to meet this challenge by directing new homes to centers that are rich in transit, amenities, and jobs in order to support this growth through planned, sustainable infill development. To implement this vision and devise local strategies for development, the City is working with neighborhoods to implement 35 Community Plan updates and a number of Transit Neighborhood Plans. These planning efforts, along with other citywide policies, determine the mix, location, and intensities of land uses and provide opportunities for housing, jobs, transit, and basic amenities for all segments of the population.

The City has been making significant strides to meet its demand for more housing. In Fiscal Year 2017-18, the City permitted more than 24,000 housing units — a number which exceeded previous estimates over the course of the last thirty years. The City's recently established Transit Oriented Communities (TOC) Program is continuing to assist in the production of additional housing units. In its first year, the TOC Program has seen more than 10,000 units proposed near transit stops with nearly 2,000 of those units restricted as affordable.

On December 3, 2018, Senator Scott Wiener introduced Senate Bill 50 (Weiner) — a state bill that proposes to upzone large cross-sections of the City. If adopted, this bill would grant projects exemptions and modifications from local zoning regulations if they are located within ½ mile of a major transit stop or within a job-rich area, and include affordable housing. Given the possible problematic implications, detailed analysis is needed to fully evaluate the potential impacts to the City.

I THEREFORE MOVE that the Council instruct the Department of City Planning, with the assistance of the City Attorney, to prepare a report-back with analysis on Senate Bill 50 detailing its potential impacts to the City's land use regulatory process and zoning including but not limited to potential impacts to Historic Preservation Overlay Zones, affordable housing incentive programs such as Transit Oriented Communities (TOC), and Community Plan Updates. The report should also include background information on SB 50's proposed concepts of major transit stops and job-rich areas.

MOTION

In 2007, the City Council adopted Ordinance No. 178848, the RSO Replacement Unit Ordinance, which subjected new housing rental units to the City's Rent Stabilization Ordinance (RSO) if those units are constructed and offered for rent or lease within five years of the demolition of pre-existing RSO units on the same property. The RSO Replacement Unit Ordinance included an exemption from the RSO if the proposed new housing project replaced the same number of demolished rent-controlled units, with deed-restricted Low Income units on a one-for-one basis or replace 20 percent of the total units, ***whichever is less*** (RSO Affordable Housing Exemption). The RSO Replacement Unit Ordinance also included a provision permitting multi-family developers to seek an RSO exemption upon demonstration of undue financial hardship, if requested within 90 days of the RSO Replacement Unit Ordinance effective date.

In 2017, Council adopted Ordinance No. 184873 (RSO Amendment) modifying certain provisions of the RSO, which went into effect on June 4, 2017. Most significantly, the RSO Amendment modified the RSO Affordable Housing Exemption criteria by requiring replacement of removed RSO units with deed-restricted Low Income units on a one-to-one basis or 20 percent of the total units, ***whichever is greater***.

The RSO Amendment did not include a "grandfathering" provision, exempting pipeline or even fully approved and entitled projects from the RSO. Moreover, it did not expressly include a new financial hardship exemption for multi-family developments that include a high percentage of deed-restricted affordable units. In the interest of furthering the development and preservation of affordable housing, a technical amendment is required to enable applicants of previously entitled housing projects that include a high percentage of deed-restricted affordable units to apply for an RSO exemption upon demonstration of undue financial hardship.

I THEREFORE MOVE that Council request the City Attorney, with assistance from the Housing and Community Investment Department, to prepare an Ordinance to amend the Rent Stabilization Ordinance Section 151.28C to meet the following intent:

(1) Authorize applicants to apply for a hardship exemption within a specified time limit, provided the multi-family housing project meets the following criteria:

  (a) Received discretionary entitlements before June 4, 2017, the effective date of Ordinance No. 184873; and
  (b) At least 15 percent of the total units are restricted for affordable Very Low Income households.

Tina Choi <tchoi@tca.cc> Mon, Nov 26, 2018 at 12:32 PM
To: Craig Bullock <craig.bullock@lacity.org>, Christine Peters <christine.peters@lacity.org>

Hi guys, pls see attached. For your consideration. Written very NARROWLY- esp with reference to (1) entitlements before the new RSO ordinance effective date and (2) at least 15 percent of the total units for VERY LOW affordable. We highlight the relevance of the exclusion of any grandfathered language for projects that have a completed Proforma and were Entitled prior to the new updated ordinance coming into effect. I know projects were allowed exemption from ordinance if LADBS project permits were pulled, but as we all know, projects proformas are set during / after entitlements ,and not just at the project permit pull stage.

We also added language to speak to the City's larger policy goal of continuing to increase the inventory of housing stock, including very low affordable units. This amendment would allow these qualified housing projects to be built, as residential housing projects with affordable units versus being a dormant site, or a converted use, without any housing elements included.

As we discussed, the qualified list of projects is very specific.

Thanks and pls advise on any edits per LAHD or CA.

Best

Tina Choi

MOTION

In 2007 the City Council adopted and the Mayor approved an ordinance subjecting new rental housing units to the City's Rent Stabilization Ordinance (RSO) if constructed and offered for rent or lease within five years of the demolition of preexisting RSO units located on the same property (the "RSO Replacement Unit Ordinance"). The RSO Replacement Unit Ordinance included an exemption from the RSO provided the proposed new housing project replaced the same number of demolished (preexisting) rent-controlled units with deed restricted affordable "Low Income" units on a one-for-one basis, or 20 percent of the total units, ***whichever was less*** (the "RSO Affordable Housing Exemption"). The RSO Replacement Unit Ordinance also included a provision permitting multi-family developers to seek an RSO exemption upon demonstration of undue financial hardship, if requested within 90 days of the RSO Replacement Unit Ordinance effective date.

The City Council subsequently adopted Ordinance 184,873 (the "RSO Amendment") modifying certain provisions of the RSO which went into effect on June 4, 2017. Most significantly, the RSO Amendment modified the RSO Affordable Housing Exemption criteria by requiring replacement of removed RSO units with deed restricted affordable "Low Income" units on a one-for-one basis, or 20 percent of the total units, ***whichever is greater.***

Unlike other recently adopted and proposed ordinances imposing new financial and/or regulatory obligations on multi-family housing developments, the RSO Amendment did not include a "grandfathering" provision exempting pipeline or even fully approved and entitled projects. As a result, a very limited number of fully entitled housing projects were financially underwritten based on the prior RSO Affordable Housing Exemption requirements in place at the time of their approval. Moreover, the RSO Amendment did not expressly include a new hardship exemption mechanism for multi-family developments that include a high percentage of deed restricted affordable housing units that might otherwise be rendered financially infeasible by the RSO Amendment requirements.

In the interest of addressing Los Angeles' current affordable housing crisis and ensuring that approved mixed-income housing projects are permitted and constructed in lieu of other potential alternative commercial uses, a technical amendment is required to enable applicants of previously entitled housing projects that include a high percentage of deed restricted affordable housing units to apply for an exemption from the RSO Amendment requirements upon a showing of undue financial hardship.

I THEREFORE MOVE AND INSTRUCT, the Housing and Community Investment Department with assistance from the City Attorney's office to evaluate the City's RSO and report back with an ordinacne to specifically amend RSO Section 151.28C to clarify that an applicant may apply to the Department for a hardship exemption from the RSO Amendment provided the following criteria is satisfied:

(1) The multi-family housing project received its discretionary entitlement(s) before the effective date of the RSO Amendment; and

(2) The multi-family housing project includes at least 15 percent of the total project units for affordable "Very Low Income" households.

I THEREFORE FURTHER MOVE that the requested ordinance amend RSO Section 151.28C to clarify that a qualifying project determined by the Department to be exempt from the RSO Amendment due to undue financial hardship must nevertheless satisfy the prior RSO Affordable Housing Exemption requirements by replacing the same number of demolished (preexisting) rent-controlled units with deed restricted affordable Low (or Very Low) Income units on a one-for-one basis, or 20 percent of the total units, ***whichever was less***.

Fwd: _ Memo re Ord. #184873 - Amend. Ellis and 20 percent requirement.pdf

1 message

Dave Rand <dave@agd-landuse.com> Tue, Nov 13, 2018 at 4:36 PM
To: "craig.bullock@lacity.org" <craig.bullock@lacity.org>, Christine Peters <christine.peters@lacity.org>

Here is the memo that shows the Housing Department has the authority to carve out exemptions to the RSO replacement unit ordinance. Exempting pending RSO exemption applications has no basis in the law - other than HCID using its authority to promulgate a rule based on fairness and equity.

TO: **ALL HCIDLA STAFF AND ALL INTERESTED PARTIES**

FROM: **ANNA ORTEGA, DIRECTOR, RENT STABILIZATION** Anna Ortega

DATE: **MAY 25, 2017**

REGARDING: **IMPLEMENTATION OF ORDINANCE NO. 184873 AMENDING THE RSO PROVISIONS ON ELLIS REPLACEMENT UNITS**

The intent of this memo is to provide clarification to City staff, property owners, developers and the public regarding the implementation of the Ellis replacement requirements in Section 151.28 of the Rent Stabilization Ordinance (RSO). Ordinance 178,848, effective July 16, 2007, added Section 151.28 to the RSO, which provides that rental units constructed on properties where units were withdrawn from the rental housing market (through demolition, conversion or permanent removal) are subject to the RSO whenever units are constructed and offered for rent within five (5) years. This means any and all units constructed and offered for rent within five years of the effective date of the withdrawal are subject to the RSO.

The RSO provides an option for property owners to apply to exempt the newly constructed rental units from the RSO contingent upon meeting the requirements for an affordable housing exemption in LAMC 151.28.C.2. Property owners are not required to provide any affordable units, unless they are seeking an exemption from the RSO.

Ordinance 184873, effective June 4, 2017, changes the requirements to obtain an exemption for the newly constructed rental units by providing a certain number of affordable units. Under the requirements in effect through June 3, 2017, the number of affordable units must be at least equal to the number of units demolished or 20% of the newly constructed rental units, whichever is *less*. Under the revised requirements adopted in ordinance 184873, the number of affordable units necessary to obtain an exemption from the RSO for the remainder of the units is the number of units demolished or 20% of the newly constructed rental units, whichever is *greater*.

Additional modifications change the number of years required for the affordability covenant from 30 years to 55 years and change the affordability standard from the level established by the Department of Housing and Urban Development (HUD) for households with an income of 80% of the Area Median Income to the level established by the California Department of Housing and Community Development for low or very low income households at or below 80% of the Area Median Income.

We have received a number of inquiries on "vesting" or "grandfathering" of projects already in the pipeline. In keeping with existing City practice, the following criteria will be in effect for review of applications for exemptions from the RSO replacement unit requirements:

1. Affordable Housing Exemption applications submitted to HCID by June 3, 2017, which meet the existing criteria, will be processed under the current exemption rules (the "lesser of" the number of units demolished or 20%).

2. Any projects accepted by the Department of Building & Safety with plans sufficient for a complete plan check and plan check fees paid by June 3, 2017, as provided in LAMC Section 12.26.A.3, will be processed under the current criteria. Note that these applications expire 18 months after the plan check fee is paid or whenever a permit terminates. (See LAMC Section 12.26.A.3 for further details.)

3. Applications which do not meet either of the above by June 3, 2017, will be processed under the amended RSO exemption provisions (the "greater of" the number of units demolished or 20%).

Additionally, LAMC Section 151.28.C.1 allows property owners to apply for a hardship exemption when they would incur an undue financial hardship arising from detrimental reliance on the provisions in effect prior to the amendments. All hardship exemption applications and supporting financial documentation must be submitted to HCID within 90 days of the effective date of Ordinance 184873 (September 3, 2017).

These changes and the effective dates are summarized below:

	Ordinance 178,848 - Current	**Ordinance 184873 - Amended**
Effective Date	July 16, 2007	June 4, 2017
RSO Applies to All Newly Constructed Units	Yes, unless approved for affordable housing exemption.	Yes, unless approved for affordable housing exemption.
Years Necessary for Affordable Housing Covenant for Exemption	30 Year	55 Years
Affordability Levels Set By:	HUD	CA Dept. of Housing & Community Development
Number of Affordable Units Needed for Exemption	Number of Units Demolished OR 20% of Newly Constructed Units Whichever is ***Less***	Number of Units Demolished OR 20% of Newly Constructed Units Whichever is ***More***
Deadline for Hardship Application	No Longer Applicable	September 3, 2017

Official City of Los Angeles Municipal Code (TM) - Chapter I, Planning & Zoning

MUNICIPAL CODE, CHAPTER I (PLANNING AND ZONING CODE)
CHAPTER I GENERAL PROVISIONS AND ZONING
ARTICLE 2 SPECIFIC PLANNING - ZONING COMPREHENSIVE ZONING PLAN
SEC. 12.26. DEPARTMENT OF BUILDING AND SAFETY.

SEC. 12.26. DEPARTMENT OF BUILDING AND SAFETY.

A. Enforcement. The Department is granted the power to enforce the zoning ordinances of the City. **(First Sentence Amended by Ord. No. 173,268, Eff. 7/1/00, Oper. 7/1/00.)**

1. **Zoning Information** – The Department of Building and Safety shall maintain a public information bureau relative to zoning matters.

2. **Permits** – No permit pertaining to the use of land or buildings shall be issued by any department, officer, or employee of this City, vested with such duty, unless the application for the permit has been approved by the Department of Building and Safety as to conformance of said use with the provisions of this chapter. Any permit or certificate of occupancy, issued in conflict with the provisions of this chapter shall be null and void.

3. **Vesting of Development Plan. (Amended by Ord. No. 173,492, Eff. 10/10/00.)** Whenever plans sufficient for a complete plan check are accepted by the Department of Building and Safety and a fee is paid, a vested right is granted to the project to proceed with its development in substantial compliance with the zoning, and development rules, regulations, ordinances and adopted policies of the City of Los Angeles in force on the date that the plan check fee is paid as indicated on a valid building permit application. These rights shall not include exemption from other applications or approvals that may be necessary to entitle the project to proceed (*i.e.*, subdivision, zone variance, design review board review, *etc.*) and from subsequent changes in the Building and Safety and Fire regulations found necessary by the City Council to protect the public health and safety and which are applicable on a citywide basis, contained in Chapter V and IX of this Code and policies and standards relating to those chapters or from citywide programs enacted after the application is deemed complete to implement State or Federal mandates.

These rights shall end: **(Amended by Ord. No. 182,106, Eff. 5/20/12.)**

(a) 18 months after the plan check fee is paid, or if a permit is issued during that time, when the building permit terminates pursuant to Section 98.0602;

(b) when subsequent changes are made to those plans that increase or decrease the height, floor area, or occupant load of the proposed-structure by more than five percent;

(c) when the use of the property is changed;

(d) when changes exceed or violate the Zoning Code regulations in force on the date the plan check fee was paid; or

HOUSING

MOTION

For decades, there has been a well-documented housing crisis in the State of California, and in particular urban centers like the City of Los Angeles. According to the State of California's Legislative Analyst Office in 2015, at that time California's home prices and rents were higher than just about anywhere else and continue to this day. Housing in California has long been more expensive than most of the rest of the country. Between 1970 and 1980, California home prices went from 30 percent above U.S. levels to more than 80 percent higher. This trend has continued. Today, an average California home costs $544,900 according to the real estate website Zillow, about two-and-a-half times the average national home price ($220,100). Also, the City of Los Angeles's average monthly rent is about $1,370 for a one-bedroom and $1,760 for a two-bedroom according to the website Apartment List, 40 percent higher than the rest of the country ($951 and $1,180 per month respectively).

According to a recently released USC Dornsife/Los Angeles Times survey, 28 percent of respondents stated that a lack of rent control was the number one reason California housing is unaffordable. The Costa-Hawkins Rental Housing Act (Costa-Hawkins), a California statute enacted in 1995, imposes limitations on the types of rent control measures cities may adopt. While Costa-Hawkins does not prevent cities from adopting rent control, it does restrict rent control from being imposed on residential structures receiving their Certificate of Occupancy on February 1, 1995 and after or the year an existing Rent Control Ordinance was adopted if it was earlier. The City of Los Angeles adopted the Rent Stabilization (RSO) on October 1, 1978.

Given the passage of the City's RSO nearly 40 years ago, a new approach is needed that provides more certainty to tenants, while recognizing the need for owners of rental units to make a reasonable return on their investments before and after absorbing the costs associated with developing property. It is estimated that more than 24,000 RSO units have been removed from the market since 2001. In addition, It is estimated that over half the renters in the City of Los Angeles are rent burdened, meaning they spend over 30 percent of their income on rent. This continues to leaves a large gap in available housing that provides renters with necessary tenant protections related to evictions and rent increases.

The City should examine all available options to adjust the Rent Stabilization Ordinance as well as how best to offset this reduction in rent stabilized housing now, before it becomes an even more critical issue.

I THEREFORE MOVE to INSTRUCT Housing, Community and Investment Department with the assistance of Chief Legislative Analyst and the City Attorney's Office, to evaluate the City's RSO and report back with recommendations on how to expand the City's ability to help more renters.

Councilmember, 10th District

SECONDED BY

OCT 2 3 2018

Council File 13-1624, re: Affordable Housing Policy/Incentives for Development
Movers: O'Farrell-Fuentes
Seconder: Price
Requesting the HCID, Planning, CAO, CLA to develop policy initiatives that would encourage the development of affordable housing, permanent supportive housing, senior housing, workforce housing, veterans housing, etc. Further request that the report include possible sources for permanent funding to support the development of affordable housing.
Date Introduced: December, 04, 2013

Council File 14-0361, re: Boomerang Funds for Affordable Housing Trust Fund
Movers: O'Farrell-Cedillo
Seconder: Fuentes
Requesting HCID, CLA and CAO to report on a policy that would earmark a percent of the tax revenue the City receive from the dissolution of the former CRA for the Affordable Housing Trust Fund
Date Introduced: March, 25, 2014

Council File 14-1325, re: Value Capture Policy
Mover: O'Farrell
Seconder: Huizar
Requesting Planning and HCID report on the feasibility of implementing a value capture policy that would establish a nexus between discretionary land use entitlements and affordable housing. Further instructs that the report include recommendations aimed at reducing costs associated with housing production.
Date Introduced: September 30, 2014

Council File 14-1349, re: Enhanced Infrastructure Financing District (EIFD) / Creation / Los Angeles River / Support Restoration and Maintenance
Mover: O'Farrell, Blumenfield
Seconder: Price
On September 29, 2014, Governor Brown, signed SB 628 (Beall) into law regarding the formation of Enhanced Infrastructure Financing Districts (EIFD). This new law will allow cities to create EIFD's to raise the necessary capital to invest in public works/transit projects, infill development, affordable housing and park space projects. This measure will also enable the City of Los Angeles to utilize EIFD's to benefit and improve the Los Angeles River. Restoration and beautification of the Los Angeles River is an established priority of the City as evidenced by the Council's adoption of the Los Angeles River Revitalization Master Plan. This motion instructs the Economic Workforce and Development Department, in conjunction with the Bureau of Engineering, the City Administrative Officer and the Chief Legislative Analyst, to report in 45 days on the feasibility of creating an Enhanced Infrastructure Financing District (EIFD) along the Los Angeles River to support restoration and maintenance of the River and River adjacent communities.
Date Introduced: October 3, 2014

Council File 14-0268-S4, re: Rent Stabilization Ordinance and Implementation of Ellis Act
Mover: Koretz
Seconder: O'Farrell
Requesting HCID to review the Rent Stabilization Ordinance and how the City regulated the implementation of the Ellis Act. Further requests that the report include

recommendations/amendments responding to changes in state law, case law, changes in market conditions, etc.
Date Introduced: June 10, 2015

Council File 15-0728, re: Preserving Affordable Housing Stock/Cap on Demolitions
Mover: Koretz
Seconder: O'Farrell
Requesting HCID, Planning and LADBS to report back on recommendations relative to an annual cap on demolitions of Rent Stabilized units based on the overall percentage of the RSO housing stock; withholding the issuance of demolition permits for RSO units until all permits are fully issued; adapting AB222 concept which calls for density bonus projects to replace pre-existing affordable units on a one-to-one basis.
Date Introduced: June 10, 2015

Council File 15-0762, re: CBIA v. City of San Jose/Inclusionary Housing
Movers: O'Farrell-Cedillo-Bonin
Seconder: Fuentes
Requesting City Attorney and HCID to report on the CBIA v. City of San Jose ruling regarding inclusionary zoning. It further instructs HCID to present policy options and a framework for a potential inclusionary housing ordinance for the City of LA.
Date Introduced: June 17, 2015

Council File 15-1003, re: Site Plan Review Modification
Mover: Cedillo
Seconder: O'Farrell
Instruct the Department of City Planning to prepare and present a report with recommendations to amend the site plan review ordinance, increasing the threshold from 50 residential units and establishing an administrative zoning clearance process for projects below this threshold as a strategy to increase the City's affordable housing production.
Date Introduced: August 25, 2015

Council File 15-0002-S157, re: AB 2502 (Mullin and Chiu) / Inclusionary Housing Requirements / Affordable Housing
Mover: O'Farrell
Seconder: Huizar
That by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2015-2016 State Legislative Program SUPPORT for AB 2502 (Mullin and Chiu), a bill that would authorize the legislative body of any city, county, or city and county to adopt ordinances to establish, as a condition of development, inclusionary housing requirements
Date Introduced: April 13, 2016

Council File 15-0002-S190, re: SB 1267 (Allen) / Expanding Definition to Families with School-Aged Children
Mover: O'Farrell
Seconder: Koretz
That by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2015-2016 State Legislative Program SUPPORT for SB 1267 (Allen), which would, under an Ellis Act eviction, provide a one year notice requirement to families who have children enrolled in primary or secondary school.

Date Introduced: June 8, 2016

Council File 16-0767 / Impact of Rent Stabilization Ordinance (RSO) Inventory
Mover: Huizar
Seconder: O'Farrell
Integrate report on impact to RSO stock as part of land use applications.
Date Introduced: June 28, 2016

Council File 14-0268-S8 /Relocation Assistance / Rent Stabilization Ordinance / Municipal Code Loophole Closure
Mover: O'Farrell, Huizar
Seconder: Fuentes
Close potential loopholes.
Date Introduced: July 1, 2016

Council File 16-0684-S1 /Affordable Housing and Labor Standards Related to City Planning / Initiative Ordinance JJJ / Impact Report
Mover: O'Farrell
Seconder: Harris-Dawson, Huizar
Requesting the City Attorney, with the assistance of the Planning Department, and in consultation with the Bureau of Contract Administration, to prepare a report on the implementation, enforcement, resources needed, timeline to implement, and any other impacts of the Affordable Housing and Labor Standards Related to City Planning Initiative Ordinance JJJ (Council File No. 16-0684).
Date Introduced: November 22, 2016

I hesitate to use the word "existing" because (I fear), that won't expand their narrow thinking of alternatives to expanding the RSO.

Hi Nick,

Congrats on your promotion!

I am looking forward to our phone call on Monday. Since we scheduled our chat a few other items have come up that I was hoping to chat about if you have the time. In addition to Sunset Gordon, I was hoping to chat about 4900 Hollywood Blvd. and Crossroads. Attached is a memo about 4900 Hollywood Blvd. (written by David Rand).

Enjoy the weekend!

Why don't we draft a motion amending the RSO ordinance section that moved the goal post to not incluce projects that received entitlements prior to the adoption of the amending ord? Something very specific that would Sunset?

RSO ord has been amended a million times and quickly? that way we don't lose the 35% affordable etc..?

Colleagues,

We've looked very carefully at this project & the various Ellis filings, summarized on the attached. The project involves 8 properties. Based on the configuration of the project & recent Ellis withdrawal applications, I do not see a way to waive the requirement for 20% affordable units of the proposed 150 units in order to obtain an exemption from the RSO for the replacement units. The amendment which changed the rules (effective June 4, 2017) provided for a hardship exemption, to be filed within 90 days, which expired on September 3, 2017. I believe the options at this point are:

1. If the developer wants an RSO exemption, they must provide 6 more affordable units, keeping in mind that the affordability criteria for the additional 6 units is at 80% of AMI, rather than the deeper affordability rent levels required for the density bonus;
2. Alternatively, the newly constructed units will be RSO units, with rents set at market & with the RSO's vacancy decontrol and other applicable rent adjustment provisions, assuming the new units are offered for rent prior to August 2023;
3. Scale back the project to 120 units, while maintaining the 24 affordable units. Perhaps phase in the remaining units after the 5 years from the Ellis filing has expired (August 2023).

We are available to further explain if you have questions or would like to set up a phone conference, but I do not see any way to grant an RSO exemption based on the current proposed project & its history.

Best,

Anna Ortega | Director - Rent Stabilization Division
Housing + Community Investment Department (HCIDLA)

4900 HW memo

1 message

Tina Choi <tchoi@tca.cc> Sat, Oct 6, 2018 at 10:17 AM
To: Rushmore Cervantes <rushmore.cervantes@lacity.org>
Cc: Consuelo Fuentes <consuelo.fuentes@lacity.org>, Christine Peters <christine.peters@lacity.org>, Craig Bullock <craig.bullock@lacity.org>

HI Rushmore, hope your trip is going well. We had a productive meeting with Anna and Tim. At the meeting, we discussed next steps and remedies. We all did conclude, including Tim of your staff, that all financial calcs, no matter which derivative of Cap rate, etc. all concludes that the project is in the negative if LAHD were to apply the new RSO ordinance.

Anna asked us to provide a brief memo, to outline our project re: timeline of entitlement approval, old RSO, New RSO dates, our findings we did with planning staff re: unique universe of one re: amongst the 6 projects we found in planning department records, etc, for further consideration by LAHD, CD 13 and City Attorney.

During the meeting, a question was asked re: entitlements, specifically referencing if we could reference if our entitlements of 5/3/2017 (a month before the new RSO came into place) could be used re: vested position because not all projects lead to a build out by the same developer. This is not our case, infact, we took a risk on parallel permit process at LADBS, so we are fully pregnant on plan check fees, etc. to a point where we are about 90% done and ready for permit pull.

We are in dire straits and are now in a position of two options: Deliver residential units, with a healthy # of Very Low per current proforma and funding (Project has a CUP to allow it to have MORE affordable units above 35%. 150 units were approved of which 24 units are for Very Low. This is what most housing advocates rally for. Most project ins LA however do 11% of the base density for Very Low units. Substantially lower than ours) or literally keep it a retail strip mall. These are the only two options whereby La Terra (as this funding arm is also involved in financing 4 other projects) is able to continue on this project.

We identified one mechanism which is an alternative to a hardship exemption, because we technically are not at a hardship to provide affordable units. Infact, technically, we are providing more than the usual development project, so CD 13 felt that this would not be the appropriate relief mechanism. However, we did find LAMC Section 151.28(E) which we feel applies to our case.

As we did re: handing over of all of our financials to you, we will continue to be transparent and to work with all parties to work on a remedy that is very specific to our project.

I look forward to our continuing discussions and hope that we can all convene on a solution that is a win win for the department , CD 13, the city at large re: adding onto the inventory of housing and specifically, very low affordable housing, and La Terra.

Thanks everyone, and will stand by for updates and available as always for any questions.

Ps , Rushmore, I sent this to you to then send to appropriate staff as you deem necessary. I didn't have Anna's contact info and didn't want to just send it to Tim. Thanks!

4900 Hollywood - RSO Exemption Memo (10-4-2018).pdf
431K

4900 Hollywood – RSO Exemption Justification

I. 4900 Hollywood Approval and RSO Background.

- The City Planning Commission approved the 4900 Hollywood project on May 03, 2017. The Planning Commission specifically approved a CUP for a density bonus above 35 percent – which requires substantially more affordable units than a typical density bonus project. Per the Letter of Determination, 150 total units were approved for the 4900 Hollywood Project – 24 of which are deed restricted for Very Low-Income (VLI) Households (***representing 28 percent of the base density units or 16 percent of the total units***). By comparison, the vast majority of City of Los Angeles density bonus projects provide only 11 percent of the base density units for VLI households (significantly less than the 4900 Hollywood Project).

    - At the time the CPC approved the 4900 Hollywood Project, the RSO permitted a multi-family housing developer to obtain a rent control (RSO) exemption provided the proposed project replaced the same number of demolished (preexisting) rent-controlled units with deed restricted affordable units on a one-for-one basis, or 20 percent of the total units, ***whichever was less***.

    - The 4900 Hollywood Project resulted in the demolition of 23 RSO units. By providing 24 new deed restricted VLI units, the 4900 Hollywood Project qualified for an RSO exemption based on the law in effect at the time the CPC approved the project.

II. The RSO Amendment

- The City Council adopted Ordinance 184,873 (the "RSO Amendment") modifying certain provisions of the RSO which went into effect on June 4, 2017 - ***a month after CPC approved the 4900 Hollywood Project.*** The RSO Amendment requires replacement of affordable units on a one-for-one basis or 20 percent of the total units, ***whichever is greater.***

    - The City of Los Angeles as a matter of policy does not generally adopt ordinances that apply retroactively. As a matter of both policy – and fundamental fairness – ordinances that change key land use regulations generally only apply to future, proposed projects.

    - However, the RSO Amendment did not create any express grandfathering provision for pipeline projects (such as 4900 Hollywood) that were entitled and financially underwritten based on the prior RSO regulations in place at the time of approval.

    - The 4900 Hollywood Project is an ideal candidate for relief from the RSO Amendment given it was approved before the new RSO Amendment went into effect. Moreover, the 4900 Hollywood Project provides (1) significantly more affordable units than a typical density bonus project and (2) more deed restricted affordable units than demolished RSO units previously located on the property.

III. The 4900 Hollywood Project's Unique Entitlement and Affordable Housing Percentage.

- HCID requested that the project team distinguish the 4900 Hollywood Project from typical density bonus projects and identify why it is particularly deserving of a waiver from the RSO Amendment. HCID expressed some concern that if this was just another garden variety density bonus case, granting relief for the 4900 Hollywood Project could create an opening for potentially many other projects to seek similar relief.

    - Per your request, we researched how many similar cases were recently approved by the City that provide this higher level of affordable housing. A density bonus approval is typically valid for 3 years. We therefore researched the number of CUP cases for a density bonus over 35 percent (that require more affordable housing units) over the course of the 3-year period prior to adoption of the RSO Amendment in June 2017. Only six of these CUP cases were approved during this time frame. Of the six cases, ***4900 Hollywood is the only mixed-income project that redeveloped a property with preexisting RSO units. Thus, 4900 Hollywood is the only CUP/density bonus case that provides this high percentage of affordable housing units that would ever require or need to request relief from the RSO Amendment.*** This is truly a unique case.

    - Other entitled projects with longer lifespans (such as subdivision cases with vesting tentative tract maps) are unlikely to require or need a similar RSO exemption because under the State Subdivision Map Act they are already governed by the prior RSO regulations in effect when the vesting map was deemed complete.

IV. Rent Control Renders the 4900 Hollywood Project Economically Infeasible

- As we discussed during our prior meetings, obtaining relief from the RSO Amendment is critical for the project's financial feasibility and for LaTerra's broader mixed-income housing portfolio. Given the high number of deed restricted affordable units in the 4900 Hollywood Project, retroactive application of the RSO Amendment would effectively jeopardize the project and development of 24 VLI units.

    - Rent control would result in over a $5 million economic loss to the Project.

    - A third-party construction lender's appraisal (provided to HCID) demonstrates that ***Project value is less than the total development budget.***

    - ***HCID's own economic analysts reviewed LaTerra's economic pro formas and third-party appraisal and agree that imposition of rent control results in an overall financial loss for the Project.***

- Upon LaTerra's acquisition and capitalization of this fully entitled project, the underwriting was based on the approved entitlement which allowed for the construction of 126 – unrestricted – market rate units not subject to rent or price control. Now that the project equity has been committed, LaTerra's capital partner cannot change their underwriting commitment, and the additional VLI units make the project financing not feasible for any equity capital investment. LaTerra's ability to proceed with the 4900 Hollywood Project is also key to its ability to develop four additional housing projects with the same equity capital partner as the 4900 Hollywood project. These additional projects will bring 427 more rental units online – 44 of which would be set aside for VLI households.

V. HCID Has the Authority to Exempt the 4900 Hollywood Project from Rent Control

- The RSO vests HCID with the authority to "promulgate and administer policies, rules and regulations to effectuate ***the purposes***" of the RSO's replacement unit ordinance. (Emphasis Added) (See LAMC Section 151.28(E.).
- The RSO's Replacement Unit Ordinance's overall purpose and intent is to encourage the production of affordable and rent control housing – without rending projects that provide high levels of deed restricted affordable units financial infeasible.
- We therefore respectfully request that HCID exercise its authority under LAMC Section 151.28(E) and issue a very narrowly tailored and limited RSO exemption for the 4900 Hollywood Project, based on the following grounds:
    - The 4900 Hollywood Project entitlement was approved before the RSO Amendment went into effect. It would be fundamentally unfair, inequitable and contrary to the City's general practice to apply the ordinance retroactively.
    - The 4900 Hollywood Project is a one-of-a-kind situation that received a rarely approved entitlement that requires significantly more deed restricted affordable units than a typical, multi-family density bonus project of this type. Based on extensive research of similar approvals, we believe this is the only case of this type that can request relief from the RSO Amendment.
    - HCID has confirmed that applying rent control to the 4900 Hollywood Project renders the Project financially infeasible.
    - Granting relief from the RSO Amendment would render the 4900 Hollywood project financially feasible, while also protecting the viability of LaTerra's five project portfolio, which will result in 24 VLI units at the 4900 Hollywood Project and 44 VLI units within the overall portfolio.

HI guys, please find the attached memo. Few notable highlights on our predicament/ profile of project for your discussion use with City Attorney and LAHD:

- Project approved on 5/3/2017.

- Project has a CUP to allow it to have MORE affordable units above 35%. 150 units were approved of which 24 units are for Very Low. This is what most housing advocates rally for. Most project ins LA however do 11% of the base density for Very Low units. Substantially lower than ours.
- This is important, because LAHD may point to a remedy for our project as being scrutinized by housing advocates, but our project is exactly the type of project these advocates want. As we discussed, given conclusion on Proforma, we are not at a point of discussing # of units to be adjusted, etc, we are at the point of doing housing , or keeping this a retail strip mall, so we assume, moving forward on the project to bring these VLow units to market is much better than having no housing. A retail strip mall being maintained here would be a lose lose for all parties: Barnsdall (they will continue to have a transient population versus growing a community around Barnsdall), you guys, the City at large , or LAHD being on point for this consequence. This is where I think we should revert back to the ordinance which allows the General Manager and department to allow for discretionary action re: intent of RSO, plase reference memo for LAMC Section 151.28(E)

- When we were approved for entitlements on 5/3/2017, we were under the older RSO- replaced the same number of demolished (preexisting) rent – controlled units with deed restricted affordable units on a 1-1 basis, or 20% of total units, **whichever was less** . This is what the project was funded on.

- The New RSO , which has the same provisions except one vastly different factor of imposing the requirement, but with calculations on **whichever was greater** came into effect on 6/4/2017 after our project as approved .

- Per LAHD's request, we researched to see about other cases in our predicament, we found 6. Of the 6, we are uniquely the only one. See memo for details
- LAHD financial analyst concurred with our proforma. We have turned over all of our numbers to LAHD, Even rushmore remarked that this type of transparency is rare. We are in dire straits, this isn't an issue of the developer trying to make more $, this is an issue of the developer trying to salvage a project to be able to deliver the affordable units and residential units are promised to the community at large, with a building that has now been elegantly re-designed.

Thanks for your facilitation

Best

Tina

One more observations. Anna's argument re: not honoring approved entitlements as an indication of vested rights to allow us to apply the RSO intact when we were entitled because developers may entitle a project and never build it, just does not apply in our case. We can forward a list of plan check fees we have already paid as well as soft costs for architect, engineers, etc. to prove otherwise. We are on the eve of permit pull and obviously concluded demolition for site prep so we can begin building. Not to mention our intent to entitlement and build 4850 HW.

Thanks

Hi guys, we met with Rushmore Cervantes re: our hardship on this project.

As you know we are doing 24 very low- we inherited this project from Eddie/M.Gonzales – and while we were busy trying to do exhibits for substantial conformance ,etc. the new RSO ordinance passed. At the time CPC approved 4900 HW on 5/3/2017, we were still under old RSO- to replace 1 on 1 OR 20 % of the total units, whichever was less. On this project site, we demo'ed 23 RSO and provided 24 new Very Low units , the entire proforma was based on this.

We then moved forward on plan check submittal etc.

City Council Adopted RSO amendment 184,873 on 6/4/2017, a month after we got our entitlements and in it, the RSO requires replacement of affordable units on a 101 basis or 20 % of the total units, whichever is GREATER .

The RSO amendment did not create any express grandfathering provision for the pipeline projects such as ours, that already had a set proforma. Further explaining our hardship, we didn't close on the project until 11/1/2017. That is 5 months after the new ordinance.

Rushmore and I met. We discussed re: our situation as truly in a universe of ONE- and this project is so pregnant (we are on the cusp of demo/ pulling permits) that turning the proforma on it's head this way is literally going to stop this project and negatively impacts our relationship with the capital partner who is also involved in 4850.

We handed over our entire proforma projection on adding RSO units to Rushmore, it results in roughly about a $7.6m loss. We expected about a $2.6 m upside and with the RSO, we would be at $Negative -5m. He is sympathetic and was very open and appreciated that we handed over all of our numbers. He said most hardship exemption request applicants don't turn over their proforma/ numbers. so he appreciated it. To make matters worse, we are appraised at about $80m for the total project as designed (including land) and our cost projections are at about $84m- so we are not in great shape here either. We left the entire appraisal for Rushmore as well.

The issue is, the hardship exemption can only be filed within 90 days I believe, this case was approved when Gonzales did it , on 5/3/2017, the ordinance passed on 6/4/2017 and we closed on it on 11/2/2017.

We are in a dire situation, with a project that is fully pregnant , based on a proforma that has been accepted / and a funding partner that is looking at good faith , performance deliverable by La Terra on 4900 , as an assessment opportunity for investment in 4850 and 3 other La terra Projects.

This is truly a hardship situation where this ordinance update happened after the entitlements were secured with the specifics of the project already vested , inclusive of # and types of units, and the La Terra did not purchase until 11/1/2017.

Rushmore is doing his analysis of all our numbers, but can Dave Rand and I come in to debrief you on our meeting with LAHD and further explain our situation? Thanks!

Pls provide dates/times if aok. We can perhaps do it before or after the 4850 Exhibit meeting? Thanks!

Tina,

After reviewing your client's concerns with staff, we've come up with the following potential options to resolve this:

1) If the project had gone through Plan Check with LADBS, as confirmed by plan check fees paid by June 3, 2017, it will be grandfathered in under the old rules.

2) The developer can meet the current standard for exemption from the RSO by providing 6 additional affordable units. Note, these additional units can be at up to 80% of AMI (with a 55 year covenant).

3) In the interest of supporting the project, we can grant an accommodation & consider the project for a Hardship Exemption if they can provide comparative proformas for the project's finances under the old rules versus the new rules, that demonstrates that the project would be infeasible with 30 affordable units, versus 24 affordable units.

Attached is a Hardship Application.

Let me know if you have any questions.

Application for Hardship Exemption

from the RSO Replacement Provisions after Ellis

Section A — Los Angeles Municipal Code

Under the Los Angeles Municipal Code (LAMC) 151.28C. The Department shall have the authority to grant an exemption from the provisions of section 151.28 in cases of undue financial hardship arising from detrimental reliance on the provisions in effect prior to the enactment of the amended section as duly established to the satisfaction of the Department. An owner claiming hardship must file a written application for exemption with the Department on forms provided by the Department within 90 days of the effective date of the amended section, and the owner must demonstrate that the hardship existed as of the date that the ordinance enacting this section was adopted by Council.

Section B — Instructions

Filing the Application:

1. Complete Application for Hardship Exemption and include all required attachments (see specifics in application).
2. Pay administrative fee of $160 for each application. Fees are payable to City of Los Angeles – HCIDLA.
3. File the application with the Housing + Community Investment Department in person or via USPS no later than **90 days** of the effective date of the amended section. Date received by the Department will be date of filing for purposes of this application.

   HCIDLA – Landlord Declarations Section
   1200 W. 7th Street, 1st Floor
   Los Angeles, CA 90017
4. The Hardship Exemption is only available for LAMC section 151.28A and B.

Application Process:

1. The Department will review application and supporting documentation provided by the landlord.
2. The landlord will be notified in writing by the Department of the determination.

After Determination on Application for Hardship Exemption:

1. If the Hardship Exemption is granted from the amended LAMC 151.28, then the landlord must still comply with the requirements that existed under LAMC 151.28 prior to the June 4, 2017 amendments.
2. Even if the Hardship Exemption is granted, the applicant must still pursue approvals from any other City Department required to complete the project.
3. If the Hardship Exemption is denied, a landlord may appeal on a form provided by the Department by requesting a hearing before the General Manager. The appeal must be received by the Department within 15 calendar days of the date of mailing the denial decision or the decision will be final. Each appeal application must be accompanied with $290 administrative fee.

-----------------------------Below This Line For Department Use Only-----------------------------

Section C	Property Information (If multiple APNs related to project, provide information for each APN. Applicable only if parcels are tied)
Property Address (Address, City, Zip)	
APN (Include all obsolete APNs and active APN related to project)	
File date of Notice of Intent to Withdraw for each APN related to the project:

Summary 4900 HW/ RSO

4 messages

Tina Choi <tchoi@tca.cc> Mon, Jul 30, 2018 at 3:34 PM

Cc: Christine Peters <christine.peters@lacity.org>, Craig Bullock <craig.bullock@lacity.org>

- The 4900 Hollywood Project received final approval from the City Planning Commission on May 03, 2017. The Planning Commission specifically approved a CUP for a density bonus above 35 percent - which requires substantially more affordable units than a typical density bonus project. Per the Letter of Determination, 150 total units were approved for the 4900 Hollywood project - 24 of which are deed restricted for Very Low Income Households (representing 16 percent of the ***total units*** for VLI Households). By comparison, the vast majority of City of Los Angeles density bonus projects provide only 11 percent of the ***base density units*** for VLI households (significantly less than the 4900 Hollywood project).

- At the time the CPC approved the 4900 Hollywood project, the RSO permitted a multi family housing developer to obtain a rent control (RSO) exemption provided the proposed project replaced the same number of demolished (preexisting) rent controlled units with deed restricted affordable units on a one for one basis, or 20 percent of the total units ***whichever was less***.

- The 4900 Hollywood project resulted in the demolition of 23 RSO units. By providing 24 new deed restricted VLI units, the 4900 Hollywood project qualified for an RSO exemption based on the law in effect at the time the CPC approved the project.

- The City Council then adopted Ordinance 184,873 (the "RSO Amendment") modifying certain provisions of the RSO which went into effect on June 4, 2017 - ***a month after the CPC approved the 4900 Hollywood project.*** The RSO Amendment requires replacement of affordable units on a one for one basis or 20 percent of the total units, ***which ever is greater.***

- The City of Los Angeles as a matter of policy does not generally adopt ordinances that apply retroactively. As a matter of both policy - and fundamental fairness - ordinances that change key land use regulations generally only apply to future, proposed projects.

- However, the RSO Amendment did not create any express grandfathering provision for pipeline projects (such as 4900 Hollywood) that were financially underwritten based on the prior RSO regulations in place at the time of approval.

- The 4900 Hollywood project is a ideal candidate for relief from the RSO Amendment given it was approved before the new RSO Amendment went into effect. Moreover, the 4900 Hollywood project provides (1) significantly more affordable units than a typical density bonus projects and (2) more deed restricted affordable units than demolished RSO units previously located on the property.

- When we last met, you asked us to research and report back if the 4900 Hollywood project had any distinguishing features from typical density bonus projects that made it particularly deserving of a waiver from the RSO Amendment.

- Per your request, we researched how many similar cases were recently approved by the City that provide this higher level of affordable housing. A density bonus approval is typically valid for 3 years. We therefore researched the number of CUP cases for a density bonus over 35 percent (that require more affordable housing units) over the course of the 3 year period prior to adoption of the RSO Amendment. Only 4 of these CUP cases were approved during this time frame. Of the 4 cases, ***4900 Hollywood is the only project that redeveloped a property with preexisting RSO units. Thus, 4900 Hollywood project is the only CUP/density bonus case that provides this higher percentage of affordable housing units that would ever require or need to request relief from the RSO Amendment.*** Thus, this is truly a unique case.

- As we discussed during our meeting, obtaining relief from the RSO Amendment is critical for the project's financial feasibility and for LaTerra's broader mixed income housing portfolio. Given the high number of deed restricted affordable units in the 4900 Hollywood project, retroactive application of the RSO Amendment would effectively kill the project and prevent the development of 24 VLI units. Applying the RSO Amendment to the 4900 Hollywood project results in an estimated $3,900,000 loss to the proforma.

- When La Terra acquired the project in late 2017, the seller essentially based the land value on building 126 market rate units (i.e, 150 total market rate units minus the 24 VLI units). Therefore the project was underwritten and sold based on the ability to construct 126 - unrestricted -- market rate units not subject to rent or price control. LaTerra's capital partner is currently considering investing in a portfolio of 4 other LaTerra housing projects. ***They have threatened to withdraw its investment from the entire portfolio if 4900 Hollywood is subject to the RSO Amendment***. The 5 projects - all now at risk - would bring 427 rental units online -- 44 of which would be set aside for Very Low Income Households.

- We therefore respectfully request that you exempt the 4900 Hollywood project from the RSO Amendment. The 4900 Hollywood project was approved before the RSO Amendment went into effect and will create a substantive hardship to have this ordinance applied retroactively. Moreover, the 4900 Hollywood project is a one of a kind project that received a rarely approved entitlement that requires significantly more deed restricted affordable units than a typical, garden variety density bonus project. Based on our research we believe this is the only case of this type that could request relief from the RSO Amendment. Granting relief from the RSO Amendment would enable the project to be developed and secure the critical capital investment for LaTerra's 5 project portfolio resulting in 44 much needed VLI units with the overall 5 projects under this one capital partner.

We appreciate your consideration of this request and look forward to discussing in more detail next week.

I have a family reunion of 30 people flying into LA to stay with us- 18 are kids (help me)- so I will be offline starting wed- when we take all 18 kids from 3 – 9 years old to Disneyland (help me again) . So I think an in person the following week on 8/9 would be great- thanks!

I am copying CD 13 since I also briefed them on the issue and advised them of your helpful guidance/ consideration.

Best,

Tina

Subject: Attorney Response / Request for Autocad Files / Hollywood Walk of Fame

Hi Dan and Claudia,

Please read below the response from Mr. Jeff Briggs (Attorney for the Hollywood Historic Trust), regarding getting the Auotcad files from 2012. Please let me know how you want to proceed on this matter.

Many thanks,

Gus Malkoun, P.E.

Subject: RE: Request for Autocad Files / Hollywood Walk of Fame
To: Gus Malkoun <gus.malkoun@lacity.org>

Here is what I had sent to Bill with a copy to everyone else on his request email, back in October of last year:

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Hi Gus,

Thanks so much for so quickly organizing this meeting.

Attached is the updated agenda with the additional items Dan and you requested.

We have moved around the order a bit so as to make the session more fluid. While we will come to the session and discuss our ideas, we want to make the most of this great opportunity to gather diverse points of view.

I will follow up with the presentation later this afternoon.

Have a good weekend.

Hi Jeanne,
That's fabulous news! Don't be nervous - we are here to help if you have any questions!

You can send over your templates and we can upload them for you, or you can get practice adding them to the portal yourself. To do this:

- Click Admin
- Click Templates
- Click Message Templates
- Click Create Message Template
- Add your template title (make sure to begin it with "CD 13:" so you can easily find them in the list of templates)
- Add your template text
- Click Save

Let me know if you'd like to upload them yourself or if you want us to (in that case please send them over). The next steps will be for me to add your users to the live portal, flip your department to live, and send out invites to your staff. This can be done by EOD today.

Like I mentioned earlier today, I will be OOO from Thursday through next week, so if you have questions, please send them in to support@nextrequest.com.

Thanks!
Rosellen

On Tue, Jun 4, 2019 at 2:37 PM Jeanne Min <jeanne.min@lacity.org> wrote:

Thanks Rosellen,
We're good to go live. I'm a little nervous about it.
Do we need to provide you with template responses in advance?
What's our next step?

On Tue, Jun 4, 2019 at 10:23 AM Rosellen Schwartz <rosellen@nextrequest.com> wrote:

> Hi Jeanne,

Hi Jeanne,
I hope you're doing well! I wanted to follow up here to see how you're feeling about NextRequest and going live on the portal? Please let me know if there are any questions people have after the training last week, and if there's a day you want to put on the calendar for a go live date, please let me know!

When you decide you're ready, I'll upload all of your users to the live portal, send them invites, and then activate your department so that requesters will see it on the drop down when they make their request.

Hope to hear from you soon!

Best,
Rosellen

On Thu, Apr 25, 2019 at 2:54 PM Rosellen Schwartz <rosellen@nextrequest.com> wrote:

Hi Jeanne,

Thank you for organizing the staff training today! Here are some resources to pass along to the other attendees as well as anybody who wasn't there who will be using NextRequest:

- The recording of the training from today is here
- For any users that have not yet logged in, they should have received an invite from the sandbox portal that, when accepted, will allow them to set their password and confirm their account. If they didn't receive an invitation, you can always resend them one by clicking Resend Invite next to their account on the User list. There are also detailed instructions about how to set up an account here.
- The general support page is here
- The video tutorial for the redaction feature is here and the written guide is here.
- A reference guide for Staff users can be found here
- A testing guide for Staff users can be found here

Going forward please send any questions you have to support@nextrequest.com. I'll still (usually) be the one responding but this way it'll be tracked in our support system and other people here can respond if need be.
I'm also sending you and Dan invites to the live portal that you can log into and add any templates, alerts, redaction reasons or tags to. Please make sure to remember to start any template name with CD 13:. Let me know once you're ready to go live with the portal and we can make the switch!
Best,
Rosellen

Dear :

This letter is in response to your request received by _______________ seeking records pertaining to __________________________ pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of:

(include paragraphs as appropriate)

(1) the need to search for and collect the records from field facilities or other establishments that are separate from this office;

(2) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request;

(3) the need to consult with another agency or among two or more components of this agency having a substantial interest in the determination of the request; and

(4) the need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

We expect to make a determination concerning your request on or before _________________________ (no more than 24 days after initial receipt of request).

If you have any questions, you may reach me at _________________. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours,

> All - please do a search of your emails, and let me know if you have any emails b/w you and someone named "Bryan Kim" **between April 1, 2016 and March 28, 2019 ONLY.**

Only need emails between you and Bryan Kim, and only during that time span.

Probably doesn't pertain to most of you, but please take a look and let me know if you have anything.

Thanks!

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: Re: Status Check of Pending CPRA Requests

Mr. Halden,

First, I want to be sure that you have intentionally omitted the following requests, as modified by me, from your list, as I will consider that to be additional evidence that the City of Los Angeles is in fact denying me access to the records requested therein:

(CD13.2019.03.29.a)
(CD13.2019.03.12.a)

Second, I'm not sure why you have all those requests from prior to 2019 on there. None of those are pending as far as I know. Perhaps you can discuss this with Mr. Dundas or Mr. Fauble if you're not sure why that is.

Also, I find it a little strange that Mr. Fauble swore under oath recently that the City of Los Angeles was complying with its unilaterally imposed CPRA policy with respect to these requests and now you're telling me that the City of Los Angeles considers so many of them to continue unfulfilled in violation of that very policy. If you want to explain why this is I'd certainly be interested to know, although at this point it's not really that important.

Third, as always, my only priority is that the City of Los Angeles comply with its statutory obligations. Please proceed as if that was CD13's priority as well.

Finally, if your statement that this is my opportunity to modify my list has any actual substantive content, I'd be grateful if you'd explain further. My feeling is that it does not, and if you don't mention it again I'll take that as confirmation that I'm correct.

Thanks, man!

Adrian

On Wed, Jun 5, 2019, at 9:29 AM, Dan Halden wrote:

Good morning Adrian,

As part of our ongoing effort to comply with your multitude of CPRA requests as efficiently as possible, I wanted to check in with you regarding our office's accounting of requests that are still, as of this date, outstanding.

Our records show that you have a total of 33 pending requests with our office. I am listing them below in chronological order.

We'd like to come to an agreement with you on an updated list of priorities. From that updated list, we will work on closing out each request, one by one, and will then move on to the next request on the list. Upon completion of a request, we will notify you that it is complete. We will not be processing new requests from you until we have completed the 33 outstanding requests from this list. So this is your opportunity, if you wish, to remove any requests from the queue, replace any requests with new ones, or change the order of requests already there.

Please provide us your ordered priorities at your earliest convenience.

Good afternoon, Mr. Halden.

I am seeking 2018 and 2019 emails in the possession of anyone at CD13 including your boss which reside in any accounts via which they conduct public business including but certainly not limited to their accounts @lacity.org which are from 2018 or 2019 and which contain the word "planter". I don't know much about the Gmail client that the City uses, so if its default behavior doesn't include superstring search can you either set it so that it does or else also search for the word "planters". If the initial search yields more than 600+ documents please give me just the most recent 600+.

Thanks for your help, Mr. Halden.

Hi Adrian,

City Hall would be fine. Are you available to come in at one of these times:

Monday, May 6th - afternoon (2pm or later would be great)
Thursday, May 9th - any time; let us know what time works for you

I'm CCing William who can help to arrange.

The request totals approximately 100 pages.

Thanks,

Dan Halden

Thanks, Dan.

1. Echo Park won't work for me in the near future. Can I come to City Hall instead? Or that Hollywood place is OK too.

2. Can you tell me how much material there is so I can plan?

Thanks!

Adrian

Subject: Attorney-Client Privilege - Following up again: CPRA request (CD13.2019.03.12.a)

Mike/Strefan - it's still unclear to me how, or if, I am supposed to respond to this (and Adrian keeps asking).

My initial search for what Adrian is asking -- which are all emails between me and two officers, for about a 15-month period -- yielded approximately 600 emails. Strefan had advised that this was too broad, as is, and did not need to be responded to in its current form. Mike, I believe you have a different opinion. Please tell me how, and if, I am supposed to respond.

I should note that we do have about 30 total requests from Adrian; per mine and Jeanne's conversation with Strefan on Monday, we will be sending over that master list to Adrian and would like to proceed in an agreed-upon order. This request might not necessarily be at the top of the list.

CONFIDENTIAL, ATTORNEY CLIENT, WORK PRODUCT PRIVILEGED

Riskin or not, I don't think any writ judge down the street would think 600 documents was too many to redact, unless the redactions completely consume the readability of the records themselves. Without knowing what is in these records, it would be my advice to remove the exempt records, then redact and produce the rest, unless there wouldn't be any content left after redacting all of the confidential information. The balancing test is best applied to "burdensome" requests when the search would waste time searching for a needle in a haystack or when there are thousands of records that may be of scant value to the public.

As to whether Riskin would sue, I don't know. I am not even sure he knows at this time.

Mike

On Tue, Apr 16, 2019 at 8:57 AM Strefan Fauble <strefan.fauble@lacity.org> wrote:

> Let's pull Dundas into this disucssion since he has dealt with Adrian most. Mike, read down the email chain. Adrian's request--which, his argument to the contrary, seems to lack a subject matter--would require Dan to go through about 600 emails. Many of the emails would be exempt, I expect, and many would require lots of redaction. I think under the balancing test that it's clearly not in the public interest to have Dan dedicate the time needed to review and redact the 600 emails just so Adrian can see the kinds of conversations Dan has with the officers at issue. What do you think--considering also your judgment about whether Adrian would sue (which would involve a lot more work)?

Thanks Dan,

If you remember, part of the reason that CD13 gave me for, in my opinion illegally, refusing to provide emails in any kind of electronic format, was that "forwarding creates a new record." And yet here Ms. Min forwarded an email to you, which you then printed out, redacted, scanned, and emailed to me.

Now, none of what CD13 produces is an exact copy of anything, but this instance is even worse than usual and is also precisely what the CA's office has told you all not to provide. As long as CD13 is going to continue to refuse to export emails directly to PDF, refuse to redact them directly in PDF format despite the fact that the City has this capability, all on the advice of the CA, the least you all can do is not produce copies by forwarding.

Thus can you please ask Ms. Min to provide what passes for an exact copy around CD13 rather than this "new record" produced by forwarding?

Thanks!

Adrian

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Subject: Re: CPRA request (CD13.2019.03.27.a)

Thanks Dan,

If you remember, part of the reason that CD13 gave me for, in my opinion illegally, refusing to provide emails in any kind of electronic format, was that "forwarding creates a new record." And yet here Ms. Min forwarded an email to you, which you then printed out, redacted, scanned, and emailed to me.

Now, none of what CD13 produces is an exact copy of anything, but this instance is even worse than usual and is also precisely what the CA's office has told you all not to provide. As long as CD13 is going to continue to refuse to export emails directly to PDF, refuse to redact them directly in PDF format despite the fact that the City has this capability, all on the advice of the CA, the least you all can do is not produce copies by forwarding.

Thus can you please ask Ms. Min to provide what passes for an exact copy around CD13 rather than this "new record" produced by forwarding?

Thanks!

Adrian

Hi everyone,

Now that the 1533 Schrader Blvd bridge housing project is under construction and we are in the "90 day/30 day" period, I am setting up a weekly "check-in" conference call to discuss outreach strategies, and to allow all agencies an opportunity to share information and coordinate.

This will be an opportunity for everyone to get on the same page and everyone is swimming in the same direction. The goal, of course, is to identify 70 individuals currently experiencing homelessness who will be able to move in to Schrader when it opens, ETA mid-January. I also want to make sure that our office is staying in touch with all of you, and monitoring the pulse of the area, throughout this period.

I am asking for the following agencies and entities represented on this call:

Mayor's Office
CD13
LAPD
LASAN
Park Rangers
LAHSA
PATH
The Center
Hollywood BID

Dial-In #: (605) 475-3235 Access Code: 341454

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Good morning all,

For any campaign giving to Mitch O'Farrell's office,
what is process and what do we need to know?

I called a couple of weeks ago and may have missed
a call from someone in your group so wanted to touch base.

Thank you very much.

With kind regards,
Bryan Kim

Your message to kerry@hollywoodbid.org couldn't be delivered.

kerry wasn't found at hollywoodbid.org.

daniel.halden	**Office 365**	**kerry**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

Hello all,

I want to start by saying thank you to everyone for the work you have done to make the opening of the Schrader Bridge Home site a success. Now that we have completed outreach, construction, and a month of successful operation of the site we feel that this weekly conference call is no longer needed.

Many of the topics we have been discussing overlap with the conversations that are currently happening in the weekly UHRC meeting and we want to make sure we are not taking up valuable slots on your already full calendars.

Dan and I will always be available to answer questions and assist in anyway possible. We also will not hesitate to reach out if there is something we need help with, as you have seen over the last 12 months.

With the site up and operating we realize the most important steps are still in front of us, finding long term housing solutions to our neighbors that need the most help. We have great faith in both PATH and the Center that they will do a great job and make a lasting change to Hollywood. None of this would have been possible without your assistance.

On behalf of Councilmember O'Farrell, Thank you!

Recurring Coordinated Conference Call re: Schrader Bridge Housing - OUTREACH
Hi everyone,

Now that the 1533 Schrader Blvd bridge housing project is under construction and we are in the "90 day/30 day" period, I am setting up a weekly "check-in" conference call to discuss outreach strategies, and to allow all agencies an opportunity to share information and coordinate.

This will be an opportunity for everyone to get on the same page and everyone is swimming in the same direction. The goal, of course, is to identify 70 individuals currently experiencing homelessness who will be able to move in to Schrader when it opens, ETA mid-January. I also want to make sure that our office is staying in touch with all of you, and monitoring the pulse of the area, throughout this period.

I am asking for the following agencies and entities represented on this call:

Mayor's Office
CD13
LAPD
LASAN
Park Rangers
LAHSA
PATH
The Center
Hollywood BID

Only need emails between you and Bryan Kim, and only during that time span.

Probably doesn't pertain to most of you, but please take a look and let me know if you have anything.

Subject: Re: Property Disposition RFQ Final Draft For Your Review
LACE_Packet.pdf

Hi Mariana,

Thanks so much! We would like to add something to direct the developer to include space for LACE to be leased at below-market rates to allow them to stay at this location. Currently their space is 8000 SF at $1100/mo.

They have been a part of the community since 1993 and bring a positive presence and community benefit to the Boulevard. I have attached a packet about LACE that may be helpful to pull some language from. If there is a problem with specifically calling them out, we can keep it general, but that is the intent. The CM does not want to permanently displace LACE.

Let me know if you have any questions.

Thanks!

LACE LOS ANGELES CONTEMPORARY EXHIBITIONS

WHAT IS LACE?

LOS ANGELES CONTEMPORARY EXHIBITIONS
FRAME

Founded in Downtown Los Angeles in 1978 by a core group of committed artists, LACE is an internationally recognized pioneer among art institutions. LACE is a nonprofit venue that exhibits and advocates for innovations in art-making and public engagement. Uniquely positioned among commercial galleries and major art establishments as a free, open to the public experimental space, LACE has nurtured not only several generations of young artists, but also emerging art forms such as performance art, video art, digital art, and installations. LACE presents significant and timely exhibitions, performances, and public projects, which are complemented by education initiatives. Hundreds of people participate in exhibition openings and events - physical community gatherings are central to creative life and key to LACE's success.

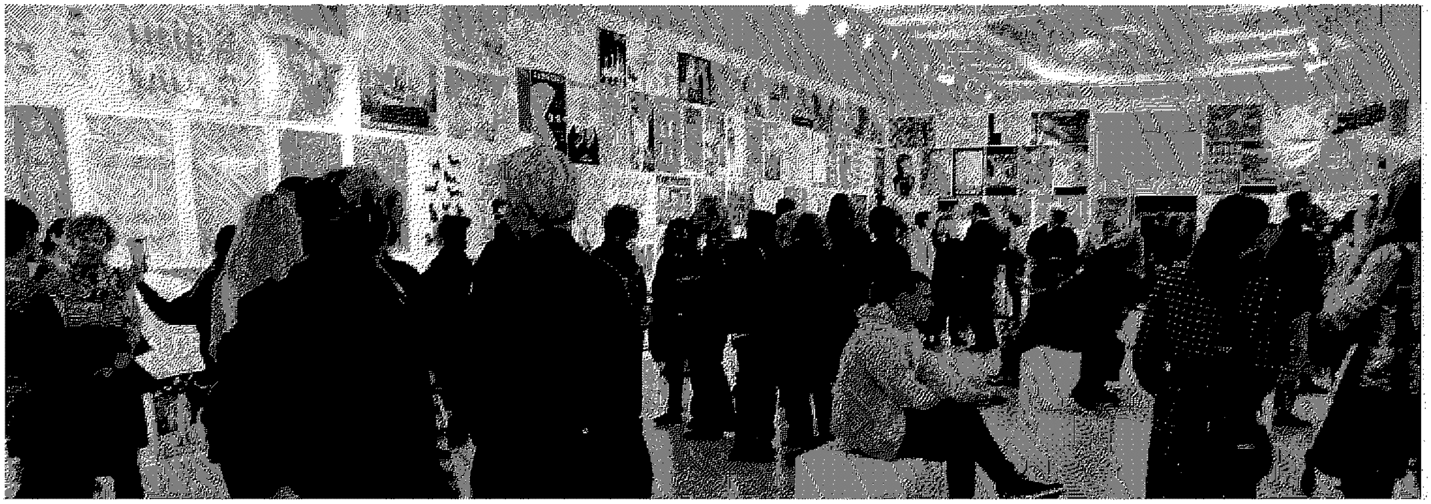
LACE's core values have remained the same since its Downtown founding in 1978:
- A dedication to the art of our time that focuses on freedom of expression, experimentation with ideas, materials and new forms, and content that is challenging and socially engaging.

In nearly 40 years of consistent, high quality programming, LACE has presented the work of more than 5,000 artists in 3,000 programs and events, providing the impetus for dialogue about contemporary art and culture. Recent gallery projects include (En)Gendered (In)Equity: The Gallery Tally Poster Project, a retrospective of over 400 original, artist-designed posters that visualize gender ratios in the contemporary art world, and Customizing Language, a group show of Latin American artists examining how language affects geopolitical realities. Some of today's most influential figures who received early support from LACE include Mike Kelley, John Baldessari, Bill Viola, Adrian Piper and Gronk. LACE has consistently given voice to the visions of Los Angeles' diverse makers and curators, offering a 3,500 sq. foot gallery storefront space facing Hollywood Blvd., intimate programming in a 350 sq. ft. Project Room gallery and online Practice Sessions, an ongoing educational series of videos targeted to a broad digital audience. Visitors come from all over the U.S. and the world.

WHO SUPPORTS LACE?

Support for LACE and its programs are provided by the Andy Warhol Foundation for the Visual Arts, Bloomberg Philanthropies, the City of Los Angeles Department of Cultural Affairs, the Getty Foundation, the Los Angeles County Arts Commission, the MAP Fund, Metabolic Studio, the Mohn Family Foundation, the Visual Artists Network, a program of the National Performance Network, Tito's Handmade Vodka, Stone Brewing Co., Mountain Valley Water and the members of LACE.

LACE SIGNATURE PROGRAMMING



FREE COMMUNITY EVENTS

LACE prides itself in offering free or low cost programming throughout the year for its audience. Often working with exhibition artists and curators, LACE hosts panel discussions, screenings, literary events, opening receptions, performances, and more. LACE's community events bring a combination of local and distant visitors uniting together for the celebration and recognition of contemporary art.

EXHIBITIONS

Exhibitions at LACE showcase the best in emerging artists and art forms with an emphasis on experimentation and creative freedom. Commonly addressing issues of social justice, environmental concerns, and artistic innovation, exhibitions at LACE often garner grassroot and media attention, including publications such as Hyperallergic, LA Times, and Art in America.

EMERGING CURATORS PROGRAM

LACE works with emerging curators to produce their first major professional exhibition, selected each year by a panel of distinguished members of the global arts community. In addition to intensive mentorship and guidance from experienced LACE staff, curators develop a catalogue project alongside the exhibition to include published original scholarship from each curator. The program is designed to bring national attention to emerging curatorial voices, and to launch their careers in Los Angeles. LACE's selection panel for 2016 included artist Ken Gonzales-Day; artist Simon Leung; and MOCA Chief Curator, Helen Molesworth. Emerging Curator exhibitions are developed over a one-year planning period, with emerging curators mentored by experienced LACE staff throughout the project development, production, and presentation. This annual program broadens the public's access to the arts, and engages LACE resources to coach talented emerging practitioners in the field.

SUMMER RESIDENCIES

LACE offers single artist exhibition-based residencies during its summer season, with a larger scope of public programming that engages visitors. This is especially crucial during LACE's summer season, when visitor traffic almost triples due to Hollywood tourism. Resident artists are invited to develop a major installation in the LACE gallery, as well as a series of performance-based events, presenting original artwork and dialogue to the community. The aim of the summer residency program is to offer a site for newly commissioned works and make visible artists' processes in a public setting, while offering the public rare and intimate access to artists' working practices in the gallery. Last year's residency with Rafa Esparza was prominently featured in the LA Times, and we project next year's to have greater reach both in the media and in the community. Upcoming residents include visual arts duo Ryan Kelly and Brennan Gerard, and installation/ performance-based artist Jibade-Khalil Huffman.

INTERNSHIPS

Internships have been a cornerstone of LACE's programming for decades, with many of the region's most prominent arts professionals gaining their first work experience here. Through one-on-one mentorship, ongoing guidance, and supervision, LACE nurtures recent graduates and young adults each year by providing comprehensive hands-on skills development in the nonprofit arts field. Notable former interns include: artists Mark Bradford and Sandeep Mukherjee; gallerist Sarah Gavlak (Gavlak Gallery); and Patti Nam (Hauser Wirth & Schimmel), among others. Interns train as Gallery Guides, working closely with exhibiting artists and curators, and learn to confidently guide the public through tours or in-depth discussions of works. Registrarial, production, archival, and curatorial interns acquire specialized skills to broaden their knowledge and future achievement in the field, with over 20-40 hours of training, as well as 80-100 hours of professional development experience on the job. Skills developed include creating professional-quality documentation, condition reporting, curatorial research, art handling, and marketing/media. LACE's Internship Program is considered a key priority and resource for the staff, and serves to prepare young people for careers in the arts, while building their CVs and introducing them to artists and arts administrators in the city.

STOREFRONT

LACE's storefront serves as an opportunity for patrons to explore LACE publications from the last 38 years and curated items including ceramics, zines, and apparel from local artisans which align with the current exhibition. LACE has previously partnered with local bookstores Hennessey + Ingalls and Skylight Bookstore for contemporary writings related to our programming. Currently, LACE hosts a pop up with Skylight Bookstore at our opening receptions, allowing guests to further engage with the dialogue introduced in our exhibitions.

LACE AND LOS ANGELES

LACE was originally founded in Downtown Los Angeles as a cultural pioneer on Industrial Street in what is now the Arts District. Established with a commitment to social engagement, LACE has continued to hold community-driven programming for its local audience and beyond. After 15 years downtown, the organization relocated to Hollywood in 1993 with the assistance of the CRA, and has served as a cultural ammenity on Hollywood Blvd. for more than 20 years.

As art and culture continues to thrive in Hollywood with the growth of commercial art galleries and non-profit organizations, including the Hollywood Arts Council and the Los Angeles Center for Photography, LACE provides a unique perspective to the city with year-round free community events, artist resources, and public engagement opportunities. LACE unites local communities with innovative contemporary arts, furthering the rich cultural heritage of the city, and creating a hub for the residents of Hollywood to experience literary readings, panel discussions, performances, exhibitions, and more.

SPACE TIMELINE

1979 Founded by CETA (County Comprehensive Employment Training Act) artists and former Otis Art Institute students as a Downtown artist-run space at 230 South Broadway.

1981 Receives its first major grants from L.A. City Council, California Arts Council, and NEA

1985 Moves to 1804 Industrial Street in Warehouse District. Building purchased and renovated through joint efforts of the LACE Board of Directors and staff and the CRA, under direction of Ed Helfeld.

1993 Relocates to 6522 Hollywood Blvd., originally a 1930s department store, with the help of the CRA

2014 City of L.A. posts an RFP for redevelopment of the parcel, including the parking lot

2018 Celebrates its 40th Anniversary

LACE SERVING THE COMMUNITY

COMMUNITY PARTNERS
LACE has partnerships with diverse organizations to continually support public engagement initiatives. Partners include: 18th Street Arts Center, Artist Sustainability Network, ArtTable, ArtworxLA, California Community Foundation, Center for Cultural Innovation, Freewaves, Heidi Duckler Dance Company, Hollywood Arts Council, Hollywood Business Improvement District, Hollywood High School, LGBT Center, Los Angeles Filmforum, Los Angeles County High School for the Arts, Metropolitan Water District, My Friends Place, Only in Hollywood Festival, PEN USA, and Yucca Corridor Coalition of Property Owners and Managers.

Recent projects include:

COCINA ABIERTA COLLECTIVE - In the summer of 2014, LACE presented *Help Wanted*, a research-based residency and exhibition by the Cocina Abierta Collective. Since 2011, the collective has documented and born witness to the experiences of restaurant workers in Los Angeles. The collective's public practice provides a platform for engaging restaurant workers and consumers in dialogue about the realities of the restaurant industry. For Help Wanted, curated by Jacqueline Bell, the collective chose to investigate the neighborhood of Hollywood from the perspective of the restaurant worker. *Help Wanted* included public interventions for direct community participation; including an intervention at the Hollywood Farmer's Market, where consumers were engaged in dialogue around the question, "what is ethical dining?"; and an intergenerational dialogue with former restaurant workers from Hollywood's Thai Town that was facilitated through a partnership with Thai CDC (Thai Community Development Center).

AFTER THE AQUEDUCT - After the Aqueduct features diverse projects by artists and designers investigating the Los Angeles Aqueduct—a controversial 233 mile-long hydraulic water conveyance system that has historically been the primary source of potable water for the city of Los Angeles since the aqueduct was first put into service in 1913. This exhibition included a public panel discussion moderated by Jon Christensen (editor, Boom: A Journal of California and adjunct assistant professor Institute of the Environment and Sustainability, UCLA) with exhibiting artists and special guest Alan Bacock (Big Pine Tribal member and Big Pine Paiute Tribe of the Owens Valley's Water Program Coordinator) examining the water crisis in California and its local impact.

CUSTOMIZING LANGUAGE - Customizing Language critically examines how language reflects geopolitical realities. The project approaches language as a tool to reflect power relations, hierarchies, social differences, and historical problems, as well as a cultural system of belonging that can indicate the loss or reconfiguration of certain kinds of identities. The participating artists engage local and historical issues by using experimental language to create a dialogue with the audience, exploring issues of "custom" as cultural tradition, U.S. Customs as an immigration agency, and lowrider customization in popular culture.

Hi Dan,

I think there must be some material missing here. For instance, can you have both the Ms. Rodriguez's check July 22, 2015 for hrpropertygroup.com? Please don't limit your repeat of the search to this date, I only mention it because it's a glaring lacuna that I happen to know exists. I have reason to believe that for some reason CD13 has neglected to provide hundreds of responsive pages.

Also, it appears that someone redacted something on the back of one of these scanned sheets and yet you didn't provide any copies of anything redacted. Maybe this is one of the missing items?

Thanks for redoing this search, Dan!

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Strefan,

Please see below. Adrian is asking for all CD13 emails in 2018 and 2019 that contain the word "planter." Is this overly voluminous / broad?

Please advise on how to proceed/respond.

Thank you,

To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Mr. Halden.

I am seeking 2018 and 2019 emails in the possession of anyone at CD13 including your boss which reside in any accounts via which they conduct public business including but certainly not limited to their accounts @lacity.org which are from 2018 or 2019 and which contain the word "planter". I don't know much about the Gmail client that the City uses, so if its default behavior doesn't include superstring search can you either set it so that it does or else also search for the word "planters". If the initial search yields more than 600+ documents please give me just the most recent 600+.

Thanks for your help, Mr. Halden.

Subject: Attorney Client Privilege: CPRA request (CD13.2019.04.18.a)
2017_email_with_lasan_encampment_clean_sched.pdf

Strefan, see below from Adrian. I am responding today and notifying him of a time extension based on a voluminous request.

Adrian wants: **#1)** all emails between our staff and Bladimir Campos, an LASAN employee, from 2019; and **#2)** ALL LASAN homeless encampment "Clean Streets LA" schedules. I believe these records go back years; they cover a broad variety of locations throughout the district.

Is this Request **#2** overly broad? Can we focus it in some way?

Thank you,

Dan Halden

To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Mr. Halden.

I am hoping to gain access to:

a) all emails from 2019 between CD13 staff and/or Mr. O'Farrell and Bladimir Campos

AND

b) all emails in possession of CD13 containing HE schedules from LA San like in attached example with attachments in whatever format the attachments are in per the CPRA's requirement to provide electronic records in native format. Here it is the schedules I'm looking for so I only need one copy of each such email, in case they're sent to multiple staff.

Thanks!

A.

Marisol and Mary,

Please see below the email from the CPRA requester. I have previously provided him documents responding to this request, which I am attaching here. He is asking us to check again, as what we provided him was only three documents.

Note that he writes re: "a glaring lacuna that I happen to know exists. I have reason to believe that for some reason CD13 has neglected to provide hundreds of responsive pages."

Please double check your search and let me know if anything, or if nothing, comes up.

Thanks,

Hi Dan,

I think there must be some material missing here. For instance, can you have both the Ms. Rodriguez's check July 22, 2015 for hrpropertygroup.com? Please don't limit your repeat of the search to this date, I only mention it because it's a glaring lacuna that I happen to know exists. I have reason to believe that for some reason CD13 has neglected to provide hundreds of responsive pages.

Also, it appears that someone redacted something on the back of one of these scanned sheets and yet you didn't provide any copies of anything redacted. Maybe this is one of the missing items?

Thanks for redoing this search, Dan!

Adrian

Dear Managers and Directors,

I hope you're all doing well. I am reaching out because we are in dire need of tutors for our new partnership with ICEF schools. We need to have all tutors hired by Friday, 8/21 in order for the program to get started on-time. Below are the specific positions and number of vacancies we have currently:

ICEF Inglewood ES: **5 Tutors needed, 1 SC needed**

ICEF Inglewood MS: Fully staffed

View Park ES: **6 Tutors needed**

View Park MS: **4 Tutors needed, 1 Lead tutor needed**

Lou Dantzler ES: **3 Tutors needed**

ICEF Vista ES: **4 Tutors needed**

ICEF Vista MS: **2 Tutors needed**

Innovation LA: **3 Tutors needed**

The HR/Recruitment and YS team needs your help in getting the word out to your network to drive applicants to the online portal. Please let your contacts know we are hiring for these roles. Let me know if you need anything to assist you in getting the word out.

Thank you all,

--

Mary Rodriguez <mary.d.rodriguez@lacity.org> Mon, Aug 17, 2015 at 3:25 PM
To: Marisol Rodriguez <marisol.rodriguez@lacity.org>

Hello All,

I hope everyone had a wonderful summer and you were able to stay cool in whatever part of the County you live!

First, we would like to apologize for the long hiatus as we worked internally to plan and better define the goals and objectives of the SPA 4 Network for Community Health Improvement. Over the summer, we identified and conducted several key informant interviews with various individuals with substantial experience working in and/or coordinating mental health services (see attached Key Informant Summary). We received a lot of valuable information and are very thankful for the time and attention provided by our key informants and to all of you who helped to facilitate the coordination of our interviews.

Through the process, one theme that continued to surface was the need ***to better understand the work and coordinate with service providers from various sectors in the immediate surrounding communities.*** This reoccurring theme helped to inform our decision to reorganize the structure and function of the SPA 4 Network for Community Health Improvement. Our plan moving forward is to develop community networks that facilitate communication and the coordination of a broad range of services to improve overall health outcomes. This means we will no longer focus on a single health issue, but provide opportunities for organizations from various sectors to come together, network, build relationships and improve communication to address the various health issues of residents in their target community.

Please be on the lookout over the next several months for more information, next steps, and upcoming meeting dates.

[redacted]

We thank you so much for your interest and participation thus far and hope you will continue to support the work of the SPA 4 Network for Community Health Improvement as we move forward into this next phase.

If you have any questions, please do not hesitate to contact me.

All the best,

Tiffany Romo, MPH

Marisol, George -

Please check your emails **from April 1, 2016 through March 28, 2019** for emails to/from someone named **"Bryan Kim."** Please provide me any documents you have that match this, for the below CPRA request.

Thanks,

Dan Halden
Director, *HEART of Hollywood*

Subject: CPRA request (CD13.2019.03.27.a)
To: Dan Halden <daniel.halden@lacity.org>

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Riskin or not, I don't think any writ judge down the street would think 600 documents was too many to redact, unless the redactions completely consume the readability of the records themselves. Without knowing what is in these records, it would be my advice to remove the exempt records, then redact and produce the rest, unless there wouldn't be any content left after redacting all of the confidential information. The balancing test is best applied to "burdensome" requests when the search would waste time searching for a needle in a haystack or when there are thousands of records that may be of scant value to the public.

As to whether Riskin would sue, I don't know. I am not even sure he knows at this time.

> Let's pull Dundas into this discussion since he has dealt with Adrian most. Mike, read down the email chain. Adrian's request--which, his argument to the contrary, seems to lack a subject matter--would require Dan to go through about 600 emails. Many of the emails would be exempt, I expect, and many would require lots of redaction. I think under the

balancing test that it's clearly not in the public interest to have Dan dedicate the time needed to review and redact the 600 emails just so Adrian can see the kinds of conversations Dan has with the officers at issue. What do you think--considering also your judgment about whether Adrian would sue (which would involve a lot more work)?

Mary and Marisol,

There is a CPRA request that pertain to both of you. Please scan your emails and see how many emails you have between you and:

-anyone at hrpropertygroup.com
-anyone at ypiusa.org

From January 1, 2015 to the present day.

If there are a lot of documents and you think you need more time to put everything together, please let me know ASAP.

Also, **please let me know how much time you spend working on this request.**

On Thu, Apr 11, 2019 at 4:12 PM Ari Heckman <ari@ashnyc.com> wrote:

Hi Christine,

I was given your contact info by Linda Dishman and Adrian Fine at the LA Conservancy.

I am a real estate developer specializing in revitalizing historic properties, with a particular focus on hotel conversions. I read with interest Councilman O'Farrell's statements regarding historic buildings in Hollywood, particularly the Pacific Theater and the First National Bank Building.

My company has designed, developed and managed The Dean Hotel in Providence, The Siren Hotel in Detroit, and the Hotel Peter & Paul in New Orleans, with a few others in development now. Below are a few articles that describe what we do:

AD100
Fast Company
WWD
Conde Nast Traveler

I would welcome the opportunity to connect with you or your staff to learn more about priority projects and see if you have any ideas of how we could advance your preservation goals. Many of Hollywood's most prized historic properties are controlled by ownership groups that are allowing them to remain vacant, and in effect become demolished by neglect. We are very proud of our track record in working with similar properties around the country to bring them new life and return economic vitality to their communities.

I look forward to hearing from you.

Best,

Ari Heckman

Many of Hollywood's most prized historic properties are controlled by ownership groups that are allowing them to remain vacant, and in effect become demolished by neglect. We are very proud of our track record in working with similar properties around the country to bring them new life and return economic vitality to their communities.

I look forward to hearing from you.

Best,

Ari Heckman

Thank you Christine and great to meet you Daniel and Craig. Would love to connect with Dan (and whomever else) to set up a meeting next week if possible. I am extremely familiar with the Silver Lake project as we had been working for months with Dana Hollister on the repositioning. Unfortunately the economics there, along with the nature of the leasehold, make the project tough to execute.

Have you been back to Providence recently? Fountain Street is completely transformed!

Best,

Ari

On Fri, Apr 12, 2019 at 8:40 AM Christine Peters <christine.peters@lacity.org> wrote:

Good Morning Ari,

Thank you for reaching out to our office. LA Conservancy is a great place to start when considering acquiring Historic Resources in Los Angeles. I've copied Dan Halden who is in charge of our "Heart of Hollywood" initiative and can guide you through the Councilmembers priorities in Hollywood, and also Craig Bullock our Planning Director, should you end up with property needing development guidance.

I am always happy to talk "Historic Preservation", but Dan is probably the best staffer for you to engage with this early on.

Thank you again, and looks like you definitely get the benefits of reuse and restoration! We have a similar Church project in Silver Lake to your New Orleans Hotel and as a 20 year former resident of Providence, R.I., Fountain St is an old stomping grounds.

Christine

Hi Christine,

I was given your contact info by Linda Dishman and Adrian Fine at the LA Conservancy.

I am a real estate developer specializing in revitalizing historic properties, with a particular focus on hotel conversions. I read with interest Councilman O'Farrell's statements regarding historic buildings in Hollywood, particularly the Pacific Theater and the First National Bank Building.

My company has designed, developed and managed The Dean Hotel in Providence, The Siren Hotel in Detroit, and the Hotel Peter & Paul in New Orleans, with a few others in development now. Below are a few articles that describe what we do:

AD100
Fast Company
WWD
Conde Nast Traveler

I would welcome the opportunity to connect with you or your staff to learn more about priority projects and see if you have any ideas of how we could advance your preservation goals. Many of Hollywood's most prized historic properties are controlled by ownership groups that are allowing them to remain vacant, and in effect become demolished by neglect. We are very proud of our track record in working with similar properties around the country to bring them new life and return economic vitality to their communities.

I look forward to hearing from you.

Hi Christine,

I was given your contact info by Linda Dishman and Adrian Fine at the LA Conservancy.

I am a real estate developer specializing in revitalizing historic properties, with a particular focus on hotel conversions. I read with interest Councilman O'Farrell's statements regarding historic buildings in Hollywood, particularly the Pacific Theater and the First National Bank Building.

My company has designed, developed and managed The Dean Hotel in Providence, The Siren Hotel in Detroit, and the Hotel Peter & Paul in New Orleans, with a few others in development now. Below are a few articles that describe what we do:

AD100
Fast Company
WWD
Conde Nast Traveler

I would welcome the opportunity to connect with you or your staff to learn more about priority projects and see if you have any ideas of how we could advance your preservation goals. Many of Hollywood's most prized historic properties are controlled by ownership groups that are allowing them to remain vacant, and in effect become demolished by neglect. We are very proud of our track record in working with similar properties around the country to bring them new life and return economic vitality to their communities.

I look forward to hearing from you.

Best,

Ari Heckman

Have you been back to Providence recently? Fountain Street is completely transformed!

Best,

Ari

On Fri, Apr 12, 2019 at 8:40 AM Christine Peters <christine.peters@lacity.org> wrote:

> Good Morning Ari,

Thank you for reaching out to our office. LA Conservancy is a great place to start when considering acquiring Historic Resources in Los Angeles. I've copied Dan Halden who is in charge of our "Heart of Hollywood" initiative and can guide you through the Councilmembers priorities in Hollywood, and also Craig Bullock our Planning Director, should you end up with property needing development guidance.

I am always happy to talk "Historic Preservation", but Dan is probably the best staffer for you to engage with this early on.

Thank you again, and looks like you definitely get the benefits of reuse and restoration! We have a similar Church project in Silver Lake to your New Orleans Hotel and as a 20 year former resident of Providence, R.I., Fountain St is an old stomping grounds.

To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from

January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Hi All,

Happy Spring! Whether you're doing some spring cleaning around the office or not, there's no denying that a little refresher can never hurt when it comes to your favorite public records request software! Our April refresher webinar is happening on Tuesday, April 16th at 11am PST/2 pm EST!

As usual, we really want to encourage **staff** and **publisher** attendance, so please forward this to any users who may be interested in attending. Admins are welcome to join (of course) but the point of these webinars is to get people who have hesitations about using the portal to want to use it! Additionally, if you have anyone who started using NextRequest after the onboarding period or users who just need a reminder of how to use the various features, this webinar will be perfect for them!

Please keep in mind, the webinar will not be tailored to any one portal - it will be more of a general overview of how to respond to requests, with an opportunity for questions at the end. Please let us know beforehand if there are any topics you'd like us to address by filling in the blank for "Anything in particular you'd like us to discuss?" on the registration page.

Attendees can **register** for the webinar here and we also have a Zendesk article dedicated to keeping you up to date on upcoming webinars. Please forward this email to any staff or publishers who you think would benefit from the refresher webinar.

Cheers,

Rosellen & Rachel

Hi-
As I've mentioned before, I'd like to move forward with the CPRA online platform that the City is piloting called NextRequest.

They have offered our staff with onboarding training on **Thursday, April 25th at 11am**. It takes about 2 hours.

Please do not schedule any meetings during this time so we can make the most of this opportunity to learn the platform and to implement it soon.

I will send a HOLD invite to your calendars, and once I confirm with the NextRequest staff, I will resend the invite.

Thank you,
Jeanne

Reply-To: Rosellen from NextRequest <rosellen.rother@nextrequest.intercom-mail.com>

Hi All,

Happy Spring! Whether you're doing some spring cleaning around the office or not, there's no denying that a little refresher can never hurt when it comes to your favorite public records request software! Our April refresher webinar is happening on Tuesday, April 16th at 11am PST/2 pm EST!

As usual, we really want to encourage **staff** and **publisher** attendance, so please forward this to any users who may be interested in attending. Admins are welcome to join (of course) but the point of these webinars is to get people who have hesitations about using the portal to want to use it! Additionally, if you have anyone who started using NextRequest after the onboarding period or users who just need a reminder of how to use the various features, this webinar will be perfect for them!

Please keep in mind, the webinar will not be tailored to any one portal - it will be more of a general overview of how to respond to requests, with an opportunity for questions at the end. Please let us know beforehand if there are any topics you'd like us to address by filling in the blank for "Anything in particular you'd like us to discuss?" on the registration page.

Attendees can **register** for the webinar here and we also have a Zendesk article dedicated to keeping you up to date on upcoming webinars. Please forward this email to any staff or publishers who you think would benefit from the refresher webinar.

Cheers,

Rosellen & Rachel

Thank you Christine and great to meet you Daniel and Craig. Would love to connect with Dan (and whomever else) to set up a meeting next week if possible.
I am extremely familiar with the Silver Lake project as we had been working for months with Dana Hollister on the repositioning. Unfortunately the economics there, along with the nature of the leasehold, make the project tough to execute.

Have you been back to Providence recently? Fountain Street is completely transformed!

Best,

Ari

Good Morning Ari,

Thank you for reaching out to our office. LA Conservancy is a great place to start when considering acquiring Historic Resources in Los Angeles. I've copied Dan Halden who is in charge of our "Heart of Hollywood" initiative and can guide you through the Councilmembers priorities in Hollywood, and also Craig Bullock our Planning Director, should you end up with property needing development guidance.

I am always happy to talk "Historic Preservation", but Dan is probably the best staffer for you to engage with this early on.

Thank you again, and looks like you definitely get the benefits of reuse and restoration! We have a similar Church project in Silver Lake to your New Orleans Hotel and as a 20 year former resident of Providence, R.I., Fountain St is an old stomping grounds.

Christine

Subject: CPRA pre-request

Good afternoon, Dan!

I've been reminded by members of the City family so often by now that the CPRA does not require them to answer my requestions that I've almost stopped expecting replies! But nevertheless I've noticed that once in a great while City employees will do things that they're not required to by law, although I'm not sure why they sometimes choose to do this.

In any case, although you're not required to by law, I was hoping that you might tell me the names and email addresses of four or five LASD employees with whom you regularly correspond about CD13 issues. It seems like it might be easier for all of us since clearly I could get this information through a series of CPRA requests, but think of the work involved.

Thanks for your time,

Adrian

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: Re: CPRA request (CD13.2019.03.12.a)

Hi Dan,

Section 6255(a) of the CPRA, which you are invoking here, requires the City of Los Angeles to weigh the public interest in producing the records against the public interest in withholding them. If the City is going to withhold records on this basis, it's not enough that the public interest in doing so outweigh the public interest in releasing, but it must *clearly* outweigh it.

The only public interest you assert in favor of withholding is the amount of work it will take CD13 to redact "over 600 documents." You do not mention the public interest in redacting and producing against which you weighed the interest in saving City staff the labor involved, but I submit to you that it's actually impossible that it is outweighed, let alone clearly outweighed.

Just for instance, you released a few emails between you and Officer Guerra recently. These were the subject of an article on L.A. Taco, one of the City's premiere news sites. The emails were also the subject of discussion, both public and private, among a wide range of advocacy groups and their members, many of whom will be pleased to submit declarations under oath stating their conceptions of the public interest involved in reading Guerra's correspondence with you. The public interest in reading the rest of Officer Guerra's emails not only outweighs the labor that would be expended to redact these records, but it *provably* outweighs it.

Furthermore, even leaving aside the public interest weighing, your claim is pretty dubious given the requests that CD13 fulfills without protest. For instance, you agreed to produce about 340 pages on the Echo Park BID. Now, I don't know how many pages there are per email since emails don't have an objective pagination but, but it's a lot. Also, you cheerfully "compiled 600+ documents for" various emails about Cherokee and ficus and so on with nary a mention of section 6255(a). You didn't even mention public interest, although the public interest there is high as well.

Given these considerations, I hope you will reconsider your ultimately indefensible 6255(a) claim. I hope also that, in the interest of avoiding yet another costly, time-consuming, and anxiogenic writ petition, you will make some suggestions for overcoming whatever the remaining practical obstacles in my gaining access to these records so that maybe we can come to some kind of agreement. If I don't hear from you about this by Friday, April 12, I will proceed as if you're not planning to reconsider.

Thanks!

Adrian

> Good afternoon Adrian,
>
> An initial search for materials matching your request has yielded well over 600 documents. These documents will be exceptionally labor-intensive to redact. Due to the extraordinarily large amount of time and resources needed to respond, the City cannot respond to your request in its current form because the public interest in producing the redacted documents is clearly outweighed by the public interest in not expending the large amount of time needed to do so. Please provide a more focused and targeted request.

So any email that refers to the encampment at Westmoreland and 4th?

Anything that mentions planters at the encampment for Westmoreland and 4th?

Good morning, Mr. Halden.

I'm looking for all emails and other records in the possession of CD13 staff or your boss at any email address having to do with either planters or encampments at Westmoreland and 4th.

Thanks, Mr. Halden!

Adrian

Subject: Re: CPRA request (CD13.2019.03.29.a)

Hi Dan,

Although I disagree with CD13's positions here, I'm not willing to pursue 1 and 2. However, CD13's claim that producing the appointment calendars would require an "extraordinary amount of time and labor-intensive resources" is fairly hard to believe.

First, you state that my request is "overly broad." Overbroadness is not defined in the CPRA, so I'm assuming that CD13 is just expressing an opinion here rather than claiming an exemption.

Second, I have gotten copies of these from other CDs, and fairly quickly at that, like in 8 days. Now, I realize that CD13 is a fiefdom of its own, not bound by precedent or rule, but nevertheless, if one CD can produce all staff calendars in a mere 8 days, it can't really be that hard to get them out of the computer and into a PDF.

Potentially, I guess, it might take a lot of work to redact the calendars but you didn't mention any exemptions other section 6255(a), so I guess that's not an issue. Furthermore, I've already seen a bunch of CD13 calendars, and none of them have ever been redacted. I can't imagine what could possibly be on a calendar that would require redaction.

Third, you ask that I provide a "more focused and targeted request." Now, I realize, based on the fact that you always use that same phrase, that you're copying and pasting it, and thus it can't always be expected to make sense, but in this context it makes absolutely no sense at all.

This request is perfectly focused in that it precisely describes uniquely identifiable records. That's what the word "focused" means in the context of the CPRA. If CD13 will continue to maintain that my request is not focused, please explain how it is not. And I don't know what you mean by "targeted" here. In English the word "targeted" means "aimed at something." The request is targeted in the pretty ordinary sense of being aimed at getting these calendars.

Finally, you, or the DCA staffing this matter, are, as always, neglecting the essential point that section 6255(a) is not a per se exemption like e.g. attorney client privilege. There's no authority in the CPRA that allows the City to say that filling a request is too much work so they won't do it. Instead the City has to say that filling a request is so much work that it's not worth the City's time and money to fill it given that the public interest in seeing the records is less than the public interest in not expending City resources on producing the records.

That being said, I don't think it's possible that CD13 has done a realistic analysis of the public interest in seeing everyone's calendars. Right now you have one of your boss's colleagues under investigation by the FBI for matters that involve his meetings with various people, which would be reflected in his calendars. He is being sued by former employees who allege, in part, that they were required to alter his calendars to cover up his meetings with various people, and so on.

These matters have been the subject of continuing and widespread news coverage. They are of the highest public interest and appointment calendars are, therefore, of the highest public interest as well. Your boss himself has been the subject of investigations by various individuals and groups, of protests concerning his relations with lobbyists and developers, of news coverage, and so on. In fact, I sat in your boss's waiting room the other day and heard Morrie Goldman, a person of interest in an FBI investigation, laughing it up in the conference room with your boss's staff. How many more such episodes might be revealed by these calendars? The public interest in these matters with respect to your boss is also unsurpassed.

And not only that, but the question of banning CMs and other officials from accepting contributions from developers is before the Council right now. Various City officials, e.g. Serena Oberstein when she was president of the CEC, have suggested that there is no evidence that developer money affects Council decisions at all. This very question has been widely debated in the press, on social media, in the few bars left to us after your boss's campaigns against them, and so on. It's pretty clear that looking at appointment calendars and collating them with various votes and decisions is a way to understand which side of this argument, in which the public is intensely interested, is more plausible.

These are only some of the reasons why (a) my request is sufficiently focused and sufficiently targeted and (b) any possible claim that these calendars are exempt based on 6255(a) will fail. Please reconsider your ill-taken refusal to provide these records.

Thanks!

Adrian

> HWD 38074 WHITE BRIAN

HWD 38136 GUERRA EDWIN

HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

An initial search related to this request yielded well over 1000 documents held by just one custodian, notwithstanding the previous similar request involving communications with Officer Guerra. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond, especially given the many redactions that would be required. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such away that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use alegible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering.

This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond. The City is unable to comply with this request in its current form which is exempt from production under Government Code 6255. Please provide a more focused and targeted request.

Thank you,

Subject: Re: CPRA request (CD13.2019.03.29.a)

Hi Dan,

Although I disagree with CD13's positions here, I'm not willing to pursue 1 and 2. However, CD13's claim that producing the appointment calendars would require an "extraordinary amount of time and labor-intensive resources" is fairly hard to believe.

First, you state that my request is "overly broad." Overbroadness is not defined in the CPRA, so I'm assuming that CD13 is just expressing an opinion here rather than claiming an exemption.

Second, I have gotten copies of these from other CDs, and fairly quickly at that, like in 8 days. Now, I realize that CD13 is a fiefdom of its own, not bound by precedent or rule, but nevertheless, if one CD can produce all staff calendars in a mere 8 days, it can't really be that hard to get them out of the computer and into a PDF.

Potentially, I guess, it might take a lot of work to redact the calendars but you didn't mention any exemptions other section 6255(a), so I guess that's not an issue. Furthermore, I've already seen a bunch of CD13 calendars, and none of them have ever been redacted. I can't imagine what could possibly be on a calendar that would require redaction.

Third, you ask that I provide a "more focused and targeted request." Now, I realize, based on the fact that you always use that same phrase, that you're copying and pasting it, and thus it can't always be expected to make sense, but in this context it makes absolutely no sense at all.

This request is perfectly focused in that it precisely describes uniquely identifiable records. That's what the word "focused" means in the context of the CPRA. If CD13 will continue to maintain that my request is not focused, please explain how it is not. And I don't know what you mean by "targeted" here. In English the word "targeted" means "aimed at something." The request is targeted in the pretty ordinary sense of being aimed at getting these calendars.

Finally, you, or the DCA staffing this matter, are, as always, neglecting the essential point that section 6255(a) is not a per se exemption like e.g. attorney client privilege. There's no authority in the CPRA that allows the City to say that filling a request is too much work so they won't do it. Instead the City has to say that filling a request is so much work that it's not worth the City's time and money to fill it given that the public interest in seeing the records is less than the public interest in not expending City resources on producing the records.

That being said, I don't think it's possible that CD13 has done a realistic analysis of the public interest in seeing everyone's calendars. Right now you have one of your boss's colleagues under investigation by the FBI for matters that involve his meetings with various people, which would be reflected in his calendars. He is being sued by former employees who allege, in part, that they were required to alter his calendars to cover up his meetings with various people, and so on.

These matters have been the subject of continuing and widespread news coverage. They are of the highest public interest and appointment calendars are, therefore, of the highest public interest as well. Your boss himself has been the subject of investigations by various individuals and groups, of protests concerning his relations with lobbyists and developers, of news coverage, and so on. In fact, I sat in your boss's waiting room the other day and heard Morrie Goldman, a person of interest in an FBI investigation, laughing it up in the conference room with your boss's staff. How many more such episodes might be revealed by these calendars? The public interest in these matters with respect to your boss is also unsurpassed.

And not only that, but the question of banning CMs and other officials from accepting contributions from developers is before the Council right now. Various City officials, e.g. Serena Oberstein when she was president of the CEC, have suggested that there is no evidence that developer money affects Council decisions at all. This very question has been widely debated in the press, on social media, in the few bars left to us after your boss's campaigns against them, and so on. It's pretty clear that looking at appointment calendars and collating them with various votes and decisions is a way to understand which side of this argument, in which the public is intensely interested, is more plausible.

These are only some of the reasons why (a) my request is sufficiently focused and sufficiently targeted and (b) any possible claim that these calendars are exempt based on 6255(a) will fail. Please reconsider your ill-taken refusal to provide these records.

Thanks!

Adrian

> 1. Emails in the possession of *any* CD13 staffer or MOF himself that
>
> contain the word "encampment" from January 1, 2018 through March 29,

2019.

This request is overly broad. The term "encampment" appears very frequently in all sorts of situations. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to locate the voluminous responsive records. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

An initial search related to this request yielded well over 1000 documents held by just one custodian, notwithstanding the previous similar request involving communications with Officer Guerra. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond, especially given the many redactions that would be required. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such away that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use alegible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering.

Good evening, Dan.

I'd like to see all emails between any CD13 staff and MOF on the one hand and Bryan Kim on the other from April 1, 2016 through March 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Also, please note that there's absolutely no reason to redact Bryan Kim's email address and you can save everyone so much time and trouble if you don't do it!

Thanks!

Adrian

Subject: Re: CPRA request (CD13.2019.03.27.a)

Dear Dan,

I don't know Mr. Kim's email address because CD13 pointlessly redacts it on all emails they give to me. Fortunately, though, the Supreme Court of the great state of California agrees with me that just telling you the guy's name is a sufficient description of the records I seek. Why, just read the monumental California First Amendment Coalition v. Superior Court (Wilson) (1998), which states:

However, the requirement of clarity must be tempered by the reality that a requester, having no access to agency files, may be unable to precisely identify the [67 Cal. App. 4th 166] documents sought. Thus, writings may be described by their content. The agency must then determine whether it has such writings under its control and the applicability of any exemption. An agency is thus obliged to search for records based on criteria set forth in the search request.

Now, if you have access to the c13.intern@lacity.org account, you might start by searching in there on or about March 8, 2016 at 4:05 p.m. If you don't have access to that account, perhaps ask Mr. Cano to look in his emails of March 11, 2016 circa 11:01 a.m. If this doesn't work, perhaps you could search for "Bryan Kim" until you find a likely candidate and then search for that.

Thank you, therefore, for fulfilling CD13's obligation to "search for records based on criteria set forth in the search request"!

Adrian

Subject: Re: CPRA request (CD13.2019.03.29.a)

Hi Adrian,

Here are our responses in **bold** to your CPRA request from March 29, 2019 - CD13.2019.03.29.a:

1. Emails in the possession of *any* CD13 staffer or MOF himself that contain the word "encampment" from January 1, 2018 through March 29, 2019.
This request is overly broad. The term "encampment" appears very frequently in all sorts of situations. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to locate the voluminous responsive records. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.
An initial search related to this request yielded well over 1000 documents held by just one custodian, notwithstanding the previous similar request involving communications with Officer Guerra. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond, especially given the many redactions that would be required. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such away that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use alegible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering.
This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond. The City is unable to comply with this request in its current form which is exempt from production under Government Code 6255. Please provide a more focused and targeted request.

Hi Adrian,

For the CPRA request you will be viewing today (CPRA.2019.02.22.a), my colleague William Ayala at our front desk is expecting you at 3:00 PM.

Additionally, please be advised that we are withholding certain documents based on the following:

1. Per Government Code Section 6254k, items that are part of the deliberative process; and

2. Per Government Code Section 6254a, drafts that are not kept in he ordinary course of business, as the public interest is clearly weighed in favor of non-disclosure.

Thank you,

Hi Dan,

Section 6255(a) of the CPRA, which you are invoking here, requires the City of Los Angeles to weigh the public interest in producing the records against the public interest in withholding them. If the City is going to withhold records on this basis, it's not enough that the public interest in doing so outweigh the public interest in releasing, but it must *clearly* outweigh it.

The only public interest you assert in favor of withholding is the amount of work it will take CD13 to redact "over 600 documents." You do not mention the public interest in redacting and producing against which you weighed the interest in saving City staff the labor involved, but I submit to you that it's actually impossible that it is outweighed, let alone clearly outweighed.

Just for instance, you released a few emails between you and Officer Guerra recently. These were the subject of an article on L.A. Taco, one of the City's premiere news sites. The emails were also the subject of discussion, both public and private, among a wide range of advocacy groups and their members, many of whom will be pleased to submit declarations under oath stating their conceptions of the public interest involved in reading Guerra's correspondence with you. The public interest in reading the rest of Officer Guerra's emails not only outweighs the labor that would be expended to redact these records, but it *provably* outweighs it.

Furthermore, even leaving aside the public interest weighing, your claim is pretty dubious given the requests that CD13 fulfills without protest. For instance, you agreed to produce about 340 pages on the Echo Park BID. Now, I don't know how many pages there are per email since emails don't have an objective pagination but, but it's a lot. Also, you cheerfully "compiled 600+ documents for" various emails about Cherokee and ficus and so on with nary a mention of section 6255(a). You didn't even mention public interest, although the public interest there is high as well.

Given these considerations, I hope you will reconsider your ultimately indefensible 6255(a) claim. I hope also that, in the interest of avoiding yet another costly, time-consuming, and anxiogenic writ petition, you will make some suggestions for overcoming whatever the remaining practical obstacles in my gaining access to these records so that maybe we can come to some kind of agreement. If I don't hear from you about this by Friday, April 12, I will proceed as if you're not planning to reconsider.

Thanks!

Adrian

>> Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to all emails/attachments between myself and Eddie Guerra and/or Shannon Geaney from 1/1/18 through 2/28/19, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before April 2, 2019.

If you have any questions, you may reach our office at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to all emails/attachments between myself and Eddie Guerra and/or Shannon Geaney from 1/1/18 through 2/28/19, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before April 2, 2019.

If you have any questions, you may reach our office at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dan Halden

Good afternoon, Dan.

I'd like to see all emails between you and either Eddie Guerra or Shannon Geaney from January 1, 2018 through February 28, 2019. I need to see all attachments as well.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: DRAFT RESPONSES - CPRA request (CD13.2019.03.29.a)

Strefan - please advise re: my **draft responses in black/yellow:**

1. Emails in the possession of *any* CD13 staffer or MOF himself that contain the word "encampment" from January 1, 2018 through March 29, 2019. **This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.**

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

An initial search related to this request yielded well over 1000 documents, notwithstanding the previous similar request involving communications with Officer Guerra. Per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond. The City is unable to comply with this request in its current form. Please provide a more focused and targeted request.

easily over 1000 emails
just the two officers - over 600 emails and labor-intensive

For the officers above, just with my email address, it's over 1100 emails. Adding Sgt. Geaney (who is part of the other request I just emailed you about), it's over 1500 emails total. Can you please advise on a response?

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such a way that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use a legible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering. **This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and labor-intensive resources it would take to respond. Hi Strefan - just wanted to follow up on this. I told Adrian I would respond to him today. Can you please let me know an acceptable time frame for producing between 600-700 emails? I'm thinking at least a couple months, or longer if this goes into the back of the existing queue. Please advise. Thank you!

Strefan,

As you can see below, I've been working on this CPRA request. Adrian is asking for all emails between me and two LAPD officers for a period of approximately 15 months. I've searched for this time frame and it comes up to 699 emails.

He is also asking, in the separate request we discussed over the phone, for emails in the same time frame between me and 8 additional officers. That is likely to yield hundreds, or perhaps thousands, more documents.

For the initial request of 699 emails: can you please advise on a reasonable time frame in which I can have to respond?

Thank you,
